Exception.—Nothing in this section shall apply to a life assurance company established before the commencement of this Act, by the terms of whose deed of settlement the whole of the profits of all the business carried on by the company are paid exclusively to the life policy-holders and on the face of whose life policies the liability of the life assurance fund in respect of the other business distinctly appears. [30 (f).]

[3 (2).] 6. The life assurance fund shall be as absolutely the security of the life policy-holders as though it belonged to a company carrying on no other business than life assurance business, and shall not be liable for any contracts of the company for which it would not have been liable had the business of the company been only that of life assurance, and shall not be applied, directly or indirectly, for any purposes other than those of life assurance.

Appropriation of life assurance fund.

[30 (6).] *Exception.*—Nothing in this section shall affect the liability of the life assurance fund, in the case of a company established before the commencement of this Act, for contracts entered into by the company before such commencement.

[4.] 7. Every life assurance company shall, at the expiration of each financial year, prepare—

Accounts and balance-sheets.

(a) a revenue account for the year in the form or forms set forth in the First Schedule and applicable to the class or classes of assurance business carried on by the company;

(b) a profit and loss account in the form set forth in the Second Schedule, except where the company carries on life assurance business only and no other business;

(c) a balance-sheet in the form set forth in the Third Schedule.

[5.] 8. (1) Every life assurance company shall once in every five years, or at such shorter intervals as may be prescribed by the instrument constituting the company, or by its regulations or byelaws, cause an investigation to be made into its financial condition, including a valuation of its liabilities, by an actuary, and shall cause an abstract of the report of such actuary to be made in the form set forth in the Fourth Schedule.

Actuarial report and abstract.

(2) The provisions of sub-section (1) regarding the making of an abstract shall also apply whenever at any other time an investigation into the financial condition of a life assurance company is made with a view to the distribution of profits, or the results of which are made public.

[30 (1).] 9. In the case of a mutual life assurance company whose profits are allocated to members wholly or mainly by annual abatements of premium, the abstract of the report of the actuary on the financial condition of the company, prepared in accordance with the Fourth Schedule, may, notwithstanding anything in section 8, be made and returned at intervals not exceeding five years: provided that, where such return is not made annually, it shall include particulars as to the rates of abatement of premiums applicable to different classes or series of assurances allowed in each year during the period which has elapsed since the previous return under the Fourth Schedule.

Actuarial abstract in case of mutual company.

[6.] 10. Every life assurance company shall, within two years from the commencement of this Act, and thereafter at the date to which the accounts of the company are made up for the purposes of the investigation prescribed by section 8, prepare a statement of its assurance business in the form set forth in the Fifth Schedule: Provided that, if the investigation is made annually by any company, the company may prepare such a statement at any time, so that it be made at least once in every five years.

Statement of life assurance business.

[7 (1).] 11. (1) Every account, balance-sheet, abstract or statement hereinbefore required to be made shall be printed, and four copies thereof, one of which shall be signed by the chairman and two directors of the company, and by the principal officer of the company and, if the company has a managing director, by the managing director, shall be deposited with the Governor General in Council within one year after the close of the period to which the account, balance-sheet, abstract or statement relates: Provided that, if in any case it is made to appear to the Governor General in Council that the circumstances are such that a longer period than one year should be allowed, he may extend that period by such period as he may think fit.

Deposit of accounts, &c., with Governor General in Council.

[7 (2).] (2) The Governor General in Council shall consider any document deposited in accordance with the provisions of sub-section (1), and, if any such document appears to the Governor General in Council to be inaccurate or defective in any respect, the Governor General in Council may call upon the company to furnish a further statement correcting any such inaccuracies or supplying any such deficiencies.

[7 (3).] 12. There shall be deposited with every revenue-account and balance-sheet of a life assurance company any report on the affairs of the company submitted to the shareholders or policy-holders of the company in respect of the financial year to which the account and balance-sheet relates.

Deposit of report.

[7 (4).] 13. Where a life assurance company registered under the Indian Companies Act, 1882, in any year deposits its accounts and balance-sheet in accordance with the provisions of section 11, the company may, at the same time send to the Registrar a copy of such accounts and balance-sheet; and where such copy is so sent, it shall not be necessary for the company to file a balance-sheet with the registrar as required by section 74 of the Indian Companies Act, 1882, and the copy of the accounts and balance-sheet so sent shall be dealt with in all respects as if it were a balance-sheet filed in accordance with that section.

Exemption from certain provisions of Act VI of 1882. VI of 188

[8.] 14. A printed copy of the last deposited accounts, balance-sheet, abstract or statement shall, on the application of any shareholder or policy-holder of the company, be forwarded to him by the company by post or otherwise.

Right of shareholders, &c., to copies of accounts, &c.

[9.] 15. Where the accounts of a life assurance company are not subject to audit in accordance with the provisions of the Indian Companies Act, 1882, relating to audit, the accounts of the company shall be audited annually in such manner as the Governor General in Council may prescribe.

Audit of accounts. VI of 1882

[10.] 16. Every life assurance company which is not registered under the Indian Companies Act, 1882, shall keep a list of members in accordance with the provisions of section 48 of the said Act, and shall, on the application of any shareholder

List of members. VI of 1882

or policy-holder of the company, furnish to him a copy of such list on payment of a sum not exceeding two annas for every hundred words required to be copied.

[11.] 17. Every life assurance company which is not registered under the Indian Companies Act, 1882, shall cause a sufficient number of copies of its deed of settlement or other instrument constituting the company to be printed, and shall, on the application of any shareholder or policy-holder of the company, furnish to him a copy of such deed of settlement or other instrument on payment of a sum not exceeding one rupee.

Deed of settlement

VI of 1882.

[12.] 18. Where any notice, advertisement or other official publication of a life assurance company contains a statement of the amount of the authorised capital of the company, the publication shall also contain a statement of the amount of the capital which has been subscribed and the amount paid up.

Publication of authorised, subscribed and paid-up capital

[s. 274, Companies (Consolidation) Act, 1908.] 19. (1) Every life assurance company, whether incorporated or not, constituted outside British India which establishes a place of business within British India, shall within three months from the establishment of the place of business file with the Registrar—

Requirements as to companies established outside British India.

(a) a certified copy of the charter, statutes or memorandum and articles of the company, or other instrument constituting or defining the constitution of the company, and, if the instrument is not written in the English language, a certified translation thereof;

(b) a list of the directors of the company;

(c) the names and addresses of some one or more persons resident in British India authorized to accept on behalf of the company service of process and any notices required to be served on the company;

and, in the event of any alteration being made in any such instrument or in the directors or in the names and addresses of such persons as aforesaid, the company shall, within such time as the Governor General in Council may prescribe, file with the Registrar a notice of the alteration.

(2) Any process or notice required to be served on the company shall be sufficiently served if addressed to any person whose name has been so filed as aforesaid and left at or sent by post to the address which has been so filed.

(3) There shall be paid to the Registrar for registering any document, required by this section to be filed, a fee of five rupees or such smaller fee as the Governor General in Council may prescribe.

Amalgamation or Transfer.

[12a.] 20. (1) Where it is intended to amalgamate two or more life assurance companies, or to transfer the life assurance business of one company to another, the directors of any one or more of such companies may apply to the Court, by petition, to sanction the proposed arrangement.

Amalgamation or transfer

(2) Before any such application is made to the Court—

(a) notice of the intention to make the application shall be published in the Gazette of India and the local official Gazette;

(b) a statement of the nature of the amalgamation or transfer, as the case may be, together with an abstract containing the material facts embodied in the agreement or deed under which the amalgamation or transfer is proposed to be effected, and copies of the actuarial or other reports upon which the agreement or deed is founded, including a report by an independent actuary, shall, unless the Court otherwise directs, be transmitted to each policy-holder of each company; and

(c) the agreement or deed under which the amalgamation or transfer is effected shall be open for the inspection of the policy-holders and shareholders at the offices of the companies for a period of fifteen days after the last publication of the notice in the Gazettes.

(3) The Court, after hearing the directors and other persons whom it considers entitled to be heard upon the petition, may sanction the arrangement if it is satisfied that no sufficient objection to the arrangement has been established.

(4) The Court shall not sanction the amalgamation or transfer in any case in which it appears to the Court that the life policy-holders representing one-tenth or more of the total amount assured in any company which it is proposed to amalgamate, or in any company the business of which it is proposed to transfer, dissent from the amalgamation or transfer. [20 (d).]

(5) No life assurance company shall amalgamate with another, or transfer its business to another, unless the amalgamation or transfer is sanctioned by the Court in accordance with this section.

21. Where an amalgamation takes place between any life assurance companies, or where any life assurance business of one such company is transferred to another company, the combined company or the purchasing company, as the case may be, shall, within one month from the date of the completion of the amalgamation or transfer, deposit with the Governor General in Council— [14.]

Statements in case of amalgamation or transfer.

(a) certified copies of statements of the assets and liabilities of the companies concerned in such amalgamation or transfer, together with a statement of the nature and terms of the amalgamation or transfer; and

(b) a certified copy of the agreement or deed under which the amalgamation or transfer is effected; and

(c) certified copies of the actuarial or other reports upon which that agreement or deed is founded; and

(d) a declaration under the hand of the chairman of each company, and the principal officer of each company, that to the best of their belief every payment made or to be made to any person whatsoever or

account of the amalgamation or transfer is therein fully set forth and that no other payments beyond those set forth have been made or are to be made either in money, policies, bonds, valuable securities or other property by or with the knowledge of any parties to the amalgamation or transfer.

Winding up.

[15.] 22. The Court may order the winding up of a life assurance company, in accordance with the Indian Companies Act, 1882, and the provisions of that Act shall apply accordingly, subject, however, to the modification that the company may be ordered to be wound up—

Special provisions as to winding up of assurance companies.

VI of 1882.

(a) on the petition of ten or more policy-holders:

Provided that such a petition shall not be presented except by the leave of the Court, and leave shall not be granted until a *primâ facie* case has been established to the satisfaction of the Court and until security for costs for such amount as the Court may think reasonable has been given; or

(b) on application made on behalf of the Governor General in Council, showing that from a consideration of the documents deposited with him under the provisions of this Act it appears to him that the company is insolvent.

[16.] 23. (1) Where the life assurance business or any part of the life assurance business of a life assurance company has been transferred to another company under an arrangement in pursuance of which the first-mentioned company (in this section called the subsidiary company) or the creditors thereof has or have claims against the company to which such transfer was made (in this section called the principal company), then, if the principal company is being wound up by or under the supervision of the Court, the Court shall (subject as hereinafter mentioned) order the subsidiary company to be wound up in conjunction with the principal company, and may by the same or any subsequent order appoint the same person to be liquidator for the two companies, and make provision for such other matters as may seem to the Court necessary, with a view to the companies being wound up as if they were one company.

Winding up of subsidiary companies.

(2) The commencement of winding up of the principal company shall, save as otherwise ordered by the Court, be the commencement of the winding up of the subsidiary company.

(3) In adjusting the rights and liabilities of the members of the several companies between themselves, the Court shall have regard to the constitution of the companies, and to the arrangements entered into between the companies, in the same manner as the Court has regard to the rights and liabilities of different classes of contributories in the case of the winding up of a single company, or as near thereto as circumstances admit.

(4) Where any company alleged to be subsidiary is not in process of being wound up at the same time as the principal company to which it is subsidiary, the Court shall not direct the subsidiary company to be wound up unless, after hearing all objections (if any) that may be urged by or on behalf of the company against its being wound up, the Court is of opinion that the company is subsidiary to the principal company, and that the winding up of the company in conjunction with the principal company is just and equitable.

(5) An application may be made in relation to the winding up of any subsidiary company in conjunction with a principal company by any creditor of, or person interested in, the principal or subsidiary company.

(6) Where a company stands in the relation of a principal company to one company, and in the relation of a subsidiary company to some other company, or where there are several companies standing in the relation of subsidiary companies to one principal company, the Court may deal with any number of such companies together or in separate groups as it thinks most expedient, upon the principles laid down in this section.

24. Where a life assurance company is being wound up by the Court, or subject to the supervision of the Court, or voluntarily, the value of a policy or of a liability under a policy requiring to be valued in such winding up shall be estimated in manner applicable to policies and liabilities provided by the Sixth Schedule. [17 (1).]

Valuation of annuities and policies.

25. The rules in the Sixth Schedule shall be of the same force, and may be repealed, altered or amended, as if they were rules made in pursuance of section 254 of the Indian Companies Act, 1882, and rules may be made under that section for the purpose of carrying into effect the provisions of this Act with respect to the winding up of life assurance companies. [17 (3).]

Rules of valuation.

VI of 1882.

26. The Court, in the case of a life assurance company which has been proved to be unable to pay its debts, may, if it thinks fit, reduce the amount of the contracts of the company upon such terms and subject to such conditions as it thinks just, in place of making a winding up order. [18.]

Power to Court to reduce contracts.

Special Provisions relating to Accounts and Documents.

27. The Governor General in Council may direct any documents deposited with him under this Act, or certified copies thereof, to be kept by the Registrar or by any other officer appointed in this behalf, and any such documents and copies shall be open to inspection, and copies thereof may be procured by any person on payment of such fees as the Governor General in Council may direct [20.]

Custody and inspection of documents deposited with Governor General in Council.

28. The Governor General in Council shall publish annually in the Gazette of India the accounts, balance-sheets, abstracts, statements and other documents under this Act, or purporting to be under this Act, deposited with him during the preceding year, except reports on the affairs of life assurance companies submitted to the shareholders or policy-holders thereof, and may append to such accounts, balance-sheets, abstracts, statements or other documents any note of the Governor General in Council thereon, and any correspondence in relation thereto. [27.]

Accounts, etc., to be published.

29. Every document deposited under this Act with the Governor General in Council, and certified by the registrar or by any person appointed in that behalf by the Governor General in Council to be a document so deposited, shall be deemed to be a document so deposited. [21 (1).]

Evidence of documents.

30. Every document purporting to be certified by the Registrar, or by any person appointed in that behalf by the Governor General in Council, to be [21 (2).]

Evidence of copies of documents

a copy of a document so deposited, shall be deemed to be a copy of that document, and shall be received in evidence as if it were the original document unless some variation between it and the original document be proved.

[22.] Alteration of forms.

31. The Governor General in Council may, on the application or with the consent of a life assurance company, alter the forms contained in the Schedules to this Act as respects that company, for the purpose of adapting them to the circumstances of that company.

Companies carrying on business in United Kingdom.

Certain companies may apply to be declared companies which carry on life assurance business in the United Kingdom.

9, Edw. VII, cap. 49.

32. (*1*) An assurance company which carries on life assurance business in the United Kingdom in accordance with the Assurance Companies Act, 1909, may, if carrying on life assurance business in British India before the commencement of this Act, within three months of such commencement, or, in any other case, before it commences to carry on life assurance business in British India, apply to the Governor General in Council for a declaration that it so carries on such business in the United Kingdom.

(*2*) A company applying under the provisions of sub-section (*1*) shall furnish, at the time of its application or at such further time as the Governor General in Council may prescribe, such evidence as he may direct of the facts alleged in its application.

(*3*) Where the Governor General in Council is satisfied that a life assurance company applying as aforesaid is a life assurance company which carries on business in the United Kingdom in accordance with the Assurance Companies Act, 1909, he shall, by notification in the Gazette of India, make a declaration to that effect.

9, Edw. VII, cap. 49.

Application of the Act to companies which carry on life assurance business in the United Kingdom.

33 Where the Governor General in Council has notified a declaration in accordance with the provisions of section 32 in respect of a life assurance company, nothing in section 4, section 5, sections 7 to 12, sections 15, 20, 21 or 36 shall apply to the company:

Provided that—

(*1*) the company shall deposit with the Governor General in Council, in the manner prescribed in section 11, copies of every account balance-sheet, abstract, statement or other document which the company is required by the Assurance Companies Act, 1909, to deposit at the Board of Trade;

9, Edw. VII, cap. 49.

(*2*) if, at any time, a company in respect of which a declaration has been notified under section 32 ceases to carry on life assurance business in the United Kingdom in accordance with the provisions of the Assurance Companies Act, 1909, it shall, if it continues to carry on life assurance business in British India, be subject to all the provisions of this Act from the date it ceased to carry on such business in the United Kingdom in accordance with the said Act.

9, Ewd. VII, cap. 49.

Penalties.

[23.] Penalty for non-compliance with Act.

34. Any life assurance company which makes default in complying with any of the requirements of this Act, and every director, manager or secretary, or other officer or agent of the company who is knowingly a party to the default, shall be punishable with fine which may extend to one thousand rupees, or, in the case of a continuing default, with fine which may extend to five hundred rupees for every day during which the default continues; and, if default continues for a period of three months after notice of default by the Governor General in Council (which notice shall be published in one or more newspapers as the Governor General in Council may, upon the application of one or more policy-holders or shareholders, direct), the default shall be a ground on which the Court may order the winding up of the company, in accordance with the Indian Companies Act, 1882. VI of 1882.

[24.] Penalty for falsifying statements, etc.

35. If any account, balance-sheet, abstract, statement or other document required by this Act is false in any particular to the knowledge of any person who signs it, such person shall be punishable with imprisonment for a term which may extend to two years, or with fine, or with both.

Miscellaneous.

Appointment of inspectors.

36. (*1*) The Governor General in Council may appoint one or more inspectors to examine into the affairs of any life assurance company and to report thereon in such manner as he may direct—

(i) in the case of a life assurance company which is not registered under the Indian Companies Act, 1882, upon the application of members being in number not less than one-fifth of the whole number of persons for the time being entered on the list of members kept in accordance with the provisions of section 16; VI of 1882.

(ii) in any case where a life assurance company has failed to furnish a further statement when required to do so under the provisions of section 11, sub-section (*2*), or where the Governor General in Council is of opinion that any such further statement is insufficient or unsatisfactory.

(*2*) On an appointment being made under sub-section (*1*), the provisions of section 84 of the Indian Companies Act, 1882, shall apply to the examination made by such inspectors. VI of 1882.

[26.] Service of notices.

37. Any notice or other document which is by this Act required to be sent to any policy-holder may be addressed and sent to the person to whom notices respecting such policy are usually sent, and any notice so addressed and sent shall be deemed and taken to be notice to the holder of such policy:

Provided that where any person claiming to be interested in a policy has given to the company notice in writing of his interest, any notice which is by this Act required to be sent to policy-holders shall also be sent to such person at the address specified by him in his notice.

Amendment of Act VI, 1882, section 131.

38. In section 131 of the Indian Companies Act, 1882, the words from "In the case of a life assurance company" to "unable to pay its debts" are hereby repealed. VI of 1882.

THE FOURTH SCHEDULE.

(*See sections 8 and 9.*)

STATEMENT RESPECTING THE VALUATION OF THE LIABILITIES UNDER LIFE POLICIES AND ANNUITIES OF THE ——————, TO BE MADE AND SIGNED BY THE ACTUARY.

(The answers should be numbered to accord with the numbers of the corresponding questions.)

1. The date up to which the valuation is made.

2. The general principles adopted in the valuation, and the method followed in the valuation of particular classes of assurances, including a statement of the method by which the net premiums have been arrived at, and whether these principles were determined by the instrument constituting the company or by its regulations or bye-laws, or how otherwise; together with a statement of the manner in which policies on under average lives are dealt with.

3. The table or tables of mortality used in the valuation. In cases where the tables employed are not published, specimen policy values are to be given, at the rate of interest employed in the valuation, in respect of whole-life assurance policies effected at the respective ages of 20, 30, 40 and 50, and having been respectively in force for 5 years, 10 years, and upwards at intervals of five years, respectively; with similar specimen policy values in respect of endowment assurance policies, according to age at entry, original term of policy and duration.

4. The rate or rates of interest assumed in the calculations.

5. The actual proportion of the annual premium income (if any), reserved as a provision for future expenses and profits, separately specified in respect of assurances with immediate profits, with deferred profits, and without profits. (If none, state how this provision is made.)

6. The consolidated revenue-account since the last valuation, or, in case of a company which has made no valuation, since the commencement of the business. (This return should be made in the form annexed. No return under this heading will be required where a statement under this schedule is deposited annually.)

7. The liabilities of the company under life policies and annuities at the date of the valuation, showing the number of policies, the amount assured and the amount of premiums payable annually under each class of policies, both with and without participation in profits; and also the net liabilities and assets of the company with the amount of surplus or deficiency. (These returns to be made in the forms annexed.)

8. The principles upon which the distribution of profits among the share-holders and policy-holders is made, and whether these principles were determined by the instrument constituting the company or by its regulations or bye-laws, or how otherwise, and the number of years' premiums to be paid before a bonus (*a*) is allotted, and (*b*) vests.

9. The results of the valuation, showing—

(1) the total amount of profit made by the company, allocated as follows :—

(*a*) among the policy-holders with immediate participation, and the number and amount of the policies which participated;

(*b*) among policy-holders with deferred participation, and the number and amount of the policies which participated;

(*c*) among the shareholders;

(*d*) to reserve funds, or other accounts;

(*e*) carried forward unappropriated;

(2) specimens of bonuses allotted to whole-life assurance policies for Rs. 1,000 effected at the respective ages of 20, 30, 40 and 50, and having been respectively in force for 5 years, 10 years, and upwards at intervals of 5 years respectively, together with the amounts apportioned under the various modes in which the bonus might be received; with similar specimen bonuses and particulars in respect of endowment assurance policies, according to age at entry, original term of policy, and duration.

(Form referred to under Heading No. 6 in Fourth Schedule).

(See section 10.)

STATEMENT OF THE LIFE ASSURANCE AND ANNUITY BUSINESS OF THE ON THE 19 , TO BE SIGNED BY THE ACTUARY.

(The answers should be numbered to accord with the numbers of the corresponding questions. Statements of re-assurances corresponding to the statements in respect of assurances are to be given throughout.) Separate statements are to be furnished in the replies to all the headings under this Schedule for business at other than European rates.

1. The published table or tables of premiums for assurances for the whole term of life and for endowment assurances which are in use at the date above-mentioned.

2. The total amount assured on lives for the whole term of life which are in existence at the date above-mentioned, distinguishing the portions assured with immediate profits, with deferred profits, and without profits, stating separately the total reversionary bonuses and specifying the sums assured for each year of life from the youngest to the oldest ages, the basis of division as to immediate and deferred profits being stated.

3. The amount of premiums receivable annually for each year of life, after deducting the abatements made by the application of bonuses in respect of the respective assurances mentioned under Heading No 2, distinguishing ordinary from extra premiums. A separate statement is to be given of premiums payable for a limited number of years, classified according to the number of years' payments remaining to be made.

4. The total amount assured under endowment assurances, specifying sums assured and office premiums separately in respect of each year in which such assurances will mature for payment. The reversionary bonuses must also be separately specified, and the sums assured with immediate profits, with deferred profits, and without profits separately returned.

5. The total amount assured under classes of assurance business, other than assurances dealt with under questions 2 and 4, distinguishing the sums assured under each class and stating separately the amount assured with immediate profits, with deferred profits, and without profits, and the total amount of reversionary bonuses.

6. The amount of premiums receivable annually in respect of each such special class of assurances mentioned under Heading No 5, distinguishing ordinary from extra premiums.

7. The total amount of premiums which has been received from the commencement upon pure endowment policies, which are in force at the date above-mentioned.

8 The total amount of immediate annuities on lives, distinguishing the amounts for each year of life, and distinguishing male and female lives.

9. The amount of all annuities on lives other than those specified under Heading No. 8, distinguishing the amount of annuities payable under each class, and the amount of premiums annually receivable.

10. The average rate of interest yielded by the assets, whether invested or uninvested, constituting the life assurance fund of the company, calculated upon the mean fund of each year during the period since the last investigation, without deduction of income-tax.

It must be stated whether or not the mean fund upon which the average rate of interest is calculated includes reversionary investments.

11. A table of minimum values, if any, allowed for the surrender of policies for the whole term of life and for endowments and endowment assurances, or a statement of the method pursued in calculating such surrender values, with instances of the application of such method to policies of different standing and taken out at various interval ages from the youngest to the oldest.

THE SIXTH SCHEDULE.

(See sections 24 and 25.)

RULES FOR VALUING ANNUITIES, LIFE POLICIES AND LIABILITIES.

Rule for valuing an annuity.

An annuity shall be valued according to the tables used by the company which granted such annuity at the time of granting the same, and, where such tables cannot be ascertained or adopted to the satisfaction of the Court, then according to such rate of interest and table of mortality as the Court may direct.

Rule for valuing a policy.

The value of the policy is to be the difference between the present value of the reversion in the sum assured according to the contingency upon which it is payable, including any bonus or addition thereto made before the commencement of the winding up, and the present value of the future annual premiums.

In calculating such present values interest is to be assumed at such rate, and the rate of mortality according to such tables, as the Court may direct.

The premium to be calculated is to be such premium as according to said rate of interest and rate of mortality is sufficient to provide for the risk incurred by the office in issuing the policy, exclusive of any addition thereto for office expenses and other charges.

Rule for valuing a liability.

The liquidator, in the case of all persons appearing by the books of the company to be entitled to or interested in policies granted by such company, is to ascertain the value of the liability of the company to each such person, and give notice of such value to such persons in such manner as the Court may direct, and any person to whom notice is so given shall be bound by the value so ascertained unless he gives notice of his intention to dispute such value in manner and within a time to be prescribed by a rule or order of the Court.

STATEMENT OF OBJECTS AND REASONS.

THE object of this Bill is to provide for the better control of Life Assurance Companies in India. Hitherto the operations of such Companies have been regulated by the Indian Companies Act, 1882 (VI of 1882).

It is considered that the provisions of the Indian Companies Act are insufficient for the proper control of Life Assurance Companies in view of the growth of life assurance business in this country and that it is desirable to undertake legislation on the lines of the United Kingdom Life Assurance Law.

The draft Bill applies to all Life Assurance Companies operating in British India, whether established within or without British India, with the exception that Companies which carry on life assurance business in the United Kingdom in accordance with the Assurance Companies Act, 1909, are, on their obtaining a declaration from the Governor General in Council to this effect and on condition of their depositing with the Governor General in Council copies of the documents which they are required by the Assurance Companies Act, 1909, to deposit at the Board of Trade, exempted from the special provisions of this Bill relating to deposits, the furnishing of accounts and statements, the audit of accounts, amalgamation and transfer, and inspection.

The provisions of the Bill follow as closely as possible those of the Assurance Companies Act, 1909 (9 Edw. 7, c. 49), the only important deviations from the latter being—

(*a*) that no provision has been made for the regulation of insurance companies other than those undertaking life assurance, as it is considered that the conditions of insurance in India do not as yet call for such further legislation; and

(*b*) that the Governor General in Council has been empowered (1) to take the initiative in applying to the Court to order the winding up of a Company which appears to be insolvent, and (2) to appoint inspectors in certain circumstances to examine into the affairs of a Life Assurance Company. In the United Kingdom, it rests with the public and the members of the Company to apply for the winding up of a company or the appointment of inspectors, but it is considered that more active measures on the part of Government are required for the protection of the less instructed public in India.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

The following Bill was introduced in the Council of the Governor-General of India for the purpose of making Laws and Regulations on the 22nd September 1911 :—

No. 23 OF 1911.

A Bill to provide for the regulation of Provident Insurance Societies.

WHEREAS it is expedient to provide for the regulation of Provident Insurance Societies; It is hereby enacted as follows :—

Preliminary.

Short title and extent.

1. (*1*) This Act may be called the Provident Insurance Societies Act, 191 ; and

(*2*) It extends to the whole of British India, inclusive of British Baluchistan, the Santhal Parganas and the Pargana of Spiti.

Definitions.

2. In this Act, unless there is anything repugnant in the subject or context,—

(*1*) "Provident Insurance Society" means a society, company or institution, whether consisting of one or more persons, which receives premiums or contributions for insuring money to be paid on the birth, marriage or death of any person : and

(*2*) words and expressions which are defined in the Indian Life Assurance Companies Act, 191 , have the meanings respectively attributed to them by the said Act.

Application of Act.

3. Nothing in this Act shall apply to any Provident Insurance Society carrying on life assurance business which has a nominal share capital exceeding twenty-five thousand rupees, or which pays or undertakes to pay on any life assurance policy an annuity exceeding one hundred rupees or a gross sum exceeding one thousand rupees, or which receives or undertakes to receive by way of premium or contribution for life assurance any sum exceeding five hundred rupees where the said premium or contributions are payable for one year or a limited number of years, or fifty rupees in any one year where the contributions are unlimited in number and terminable on death or the occurrence of an uncertain event.

General.

Insurable interest.

4. No Provident Insurance Society shall receive any premium or contribution for insuring money to be paid on the death of any person other than the person paying such premium or contribution, or the wife, husband, child, parent, brother or sister of such person.

Provision to be made by rules.

5. Every Provident Insurance Society shall by its rules—

(*a*) specify the object, name and registered office of the society;

(*b*) provide that not less than a proportion specified in the rules of the amount annually received by the society in premiums or contributions shall be paid in benefits to the members of the society;

(*c*) provide for any other matters which the Local Government may prescribe; and

(*d*) in the case of a Provident Insurance Society which by rule or practice divides any part of the funds thereof, provide, before any such division takes place— [*Cf.* section 15, Friendly Societies Act, 1896, and Sch. I (9) of that Act.]

(i) for the payment of all debts due by the society existing at the time of division; and

(ii) for the payment to every policy-holder or contributor of the society whose claim matures within the period for which division is made of a sum not less than the total amount of the premiums or contributions received by it from such policy-holder or contributor, during such period.

Registration of Provident Insurance Societies.

6. (*1*) Every Provident Insurance Society shall, within three months from the commencement of this Act, or, if established after the commencement of this Act, before it receives any premium or contribution, apply to the Registrar for registration under this Act, and shall deliver to him a copy of the rules of the society.

(*2*) The Registrar shall, on being satisfied that such rules comply with the provisions of this Act, acknowledge the receipt of the rules and register the society.

(*3*) If the Registrar is not satisfied that the rules or any of them comply with the provisions of this Act, he shall send to the Provident Insurance Society a notice by post stating in what respect such rule or rules is or are not in accordance with the provisions of this Act and calling upon such society to deliver to him an amended rule or rules within sixty days.

(*4*) On receipt of a notice under sub-section (*3*) the Provident Insurance Society shall within sixty days deliver to the Registrar an amended rule or rules in conformity with this Act, and the Registrar shall thereupon acknowledge the receipt of the rules and register the society as hereinbefore provided.

Failure to register.

7. (*1*) No Provident Insurance Society established before the commencement of this Act shall receive any premium or contribution after the expiration of the following periods, namely :—

(*a*) if the society has failed to apply for registration in accordance with the provisions of section 6, sub-section (*1*), after the expiration of three months from the commencement of this Act;

(*b*) if the society, having applied for registration as aforesaid, has failed to deliver to the Registrar amended rules in accordance with a notice under section 6, sub-section (*3*), after the expiration of sixty days from the receipt of such notice.

(*2*) No Provident Insurance Society established after the commencement of this Act shall receive any premium or contribution until it is duly registered in accordance with the provisions of this Act.

Amendment of rules.

8. (*1*) No amendment of any rule of a Provident Insurance Society shall be valid until the same has

been registered under this Act, for which purpose a copy of the amended rule shall be sent to the Registrar.

(2) The Registrar shall, on being satisfied that any amendment of a rule is not contrary to the provisions of this Act, issue to the society an acknowledgment of the registration of the same.

Right to supply of copies of rules.

9. Every Provident Insurance Society shall, on demand, deliver free of cost to any member of the society a copy of the rules of the society, and to any person other than a member a copy of such rules on the payment of a sum not exceeding one rupee.

VI of 1882. Register of members and policy-holders.

10. Every Provident Insurance Society which is not registered under the Indian Companies Act, 1882, shall cause to be kept a register of its members and policy-holders, in which the particulars specified in section 47 of the said Act shall be entered.

Office. VI of 1882.

11. Every Provident Insurance Society which is not registered under the Indian Companies Act, 1882, shall have an office to which all communications and notices may be addressed, and shall give notice to the Registrar of the situation of such office and of any change therein.

Revenue-account and balance-sheet

12. Every Provident Insurance Society shall, at the expiration of each financial year, prepare a revenue-account and balance-sheet in such forms and verified in such manner as the Local Government may prescribe and shall cause them to be audited by an auditor who shall possess such qualifications as the Local Government may prescribe.

Delivery and publication of revenue-account, etc.

13. Every Provident Insurance Society shall, within six months of the expiration of each financial year, deliver to the Registrar the revenue-account and balance-sheet prescribed by section 12, and shall publish them in such manner as the Local Government may direct.

Inspection of accounts.

14. The books of every Provident Insurance Society shall at all reasonable hours be open to inspection by the Registrar or by any person appointed by him in this behalf or by any member of the society.

Power to inquire into solvency, etc., of society.

15. (1) If the Registrar is of opinion that there is ground for an inquiry—

(a) whether any Provident Insurance Society is solvent, or

(b) whether the business of any such society is conducted fraudulently or not in accordance with the rules thereof,

he may direct an inquiry to be held by an actuary, appointed by him in this behalf, as to the solvency of such society or as to the manner in which the business of such society is conducted.

(2) An actuary appointed under sub-section (1) shall have access to all the books, deeds, documents and accounts of the society and shall have power to call upon the society to furnish such statements as to its business and such other information as he may direct.

(3) The result of any such inquiry shall be reported to the Registrar.

(4) The Registrar may, if he thinks fit, direct that the whole or any part of the expenses of and incidental to any such inquiry by an actuary shall be defrayed out of the funds of the society or by the members or officers of the society in such proportion as he may determine.

Power to dissolve

16. Where the Registrar, after considering the report of an actuary appointed under section 15, is of opinion that any Provident Insurance Society, taking into account its prospective liabilities, is insolvent or that the business of such society is conducted fraudulently or not in accordance with the rules thereof, he may direct that the society shall be dissolved.

Liquidators. [Cf. s. 24, Act X of 1904.]

17. (1) Where a society is dissolved in accordance with the provisions of section 16, the Registrar may appoint a competent person to be liquidator for the society.

(2) A liquidator appointed under sub-section (1) shall have power to institute or defend any legal proceedings on behalf of the society by his name of office and shall also have power—

(a) to sue for and recover any sums of money due to the society at the date of its dissolution;

(b) to determine the contribution to be made by members of the society, respectively, to the assets of the society;

(c) to investigate all claims against the society and to decide questions of priority arising between claimants;

(d) to determine by what persons and in what proportions the costs of the liquidation are to be borne; and

(e) to give such directions in regard to the collection and distribution of the assets of the society as may appear to him to be necessary for winding up the affairs of the society.

(3) Subject to any rules of procedure made under this Act, a liquidator appointed under this section shall, in so far as such powers are necessary to carry out the purposes of this section, have power to summon and enforce the attendance of witnesses and to compel the production of documents by the same means and as far as may be in the same manner as is provided in the case of a Civil Court by the Code of Civil Procedure, 1908. V of 1908.

(4) Orders made under this section shall be final and conclusive and may be enforced by any Civil Court having local jurisdiction in the same manner as a decree.

Penalties.

Penalty for non-compliance with Act.

18. Any Provident Insurance Society which makes default in complying with any of the requirements of this Act, and every director, manager or secretary, or other officer or agent of the society, who is knowingly a party to the default, shall be punishable with fine which may extend to five hundred rupees, or, in the case of a continuing default, with fine which may extend to two hundred and fifty rupees for every day during which the default continues.

Penalty for falsifying documents.

19. If any register, account, balance-sheet or other document required by this Act is false in any particular to the knowledge of any person who signs it, such person shall be punishable with imprisonment for a term which may extend to two years, or with fine, or with both.

Rules.

Rules.

20. (*1*) The Local Government may make rules to carry out the purposes of this Act.

(*2*) In particular and without prejudice to the generality of the foregoing power, such rules may—

(*a*) prescribe the matters in respect of which a society shall make rules;

(*b*) prescribe the form of any account or return required by this Act, and the manner in which any such account or return shall be verified;

(*c*) prescribe the qualifications of auditors under this Act;

(*d*) prescribe the manner in which any document required to be published by this Act shall be published; and

(*e*) prescribe the procedure to be followed by liquidators under this Act.

(*3*) The power to make rules conferred by this Act is subject to the condition of the rules being made after previous publication.

(*4*) All rules made under this Act shall be published in the local official Gazette, and on such publication shall have effect as if enacted therein.

STATEMENT OF OBJECTS AND REASONS.

THE object of this Bill is to provide for the better control of Provident Insurance Societies, that is, societies, not being Life Assurance Companies proper, which undertake insurances on births, marriages or deaths.

The attention of the Government of India has, from time to time, been drawn to the existence of large numbers of such societies in different parts of India, and to the unsound business methods employed by them. In 1898, the advisability of undertaking special legislation, with reference to the societies then existing in considerable numbers in Bengal and Bombay, was taken into consideration; but, after consultation with the Local Governments concerned, it was decided to defer legislation until the true nature of the movement had declared itself more clearly and until the effect of a more strict enforcement of the provisions of the Indian Companies Act could be determined. The number of societies in Bengal and Bombay has since then greatly decreased; but a large number have in more recent years come into existence in Madras, and the Government of Madras have made a representation on the subject which establishes clearly the fact that the provisions of the Indian Companies Act are insufficient to control the undesirable tendencies of the movement. It has accordingly been decided that legislation to control these societies should now be undertaken, and this Bill has been framed accordingly.

The main provisions of the present Bill are designed to secure (1) that all societies of the nature of those defined in the Bill shall be registered; (2) that full publicity shall be given to the proceedings of the societies; and (3) that Local Governments and Administrations shall be empowered to deal effectively with societies which are demonstrably fraudulent or insolvent. These measures, while controlling the operations of societies working on unsound principles, will not, it is believed, interfere with the development of Provident Societies of a useful character.

LEGISLATIVE DEPARTMENT.

The following Bill was introduced in the Council of the Governor General of India for the purpose of making Laws and Regulations on the 22nd September 1911 :—

No. 24 OF 1911.

A Bill further to amend the Indian Stamp Act, 1899.

WHEREAS it is expedient further to amend the Indian Stamp Act, 1899; It is hereby enacted as follows :— II of 1899.

Short title.

1. This Act may be called the Indian Stamp (Amendment) Act, 1911.

Amendment of Act II, 1899, Schedule I, as amended by Act VI, 1910.

2. In article No. 13 of Schedule I of the Indian Stamp Act, 1899 (hereinafter referred to as the said Act) as amended by the Indian Stamp (Amendment) Act, 1910, for clause (*b*) the following shall be substituted, namely :— VI of 1910.

Amendment of Act II, 1899, section 23A.

3. In section 23A, sub-section (*1*), of the said Act, for the words and figure "Article No. 5 (*b*)", the words and figure "Article No. 5 (*c*)" shall be substituted.

STATEMENT OF OBJECTS AND REASONS.

By the Indian Stamp (Amendment) Act, 1910 (VI of 1910), the rates of stamp duty on bills of exchange were raised very considerably in the case of bills exceeding Rs. 1,000. In the case of bills from Rs. 600 to 1,000, the increase was much smaller; while the old rates of duty were retained on bills not exceeding Rs. 600, in order to exempt petty transactions from the enhancement of duty. This concession has, however, produced unexpected results; advantage having been taken of it, in the case of big transactions, to escape the higher rates of duty by drawing a number of small bills instead of a single instrument. There can be no question that considerable revenue has thus been lost which it was intended to secure for Government by the amending Act of 1910. Inconvenience has also been caused, by a quite unnecessary increase of work, to the banks and private firms which have large dealings in bills of exchange. The Presidency Banks and the Chambers of Commerce favour the withdrawal of the concession. The Bill accordingly proposes to raise the duty on bills of exchange for amounts not exceeding Rs. 1,000 in the same ratio as the enhancement which was effected in the case of bills for amounts exceeding Rs. 1,000 by the amending Act of 1910.

2. Clause 3 of the Bill is intended to rectify a verbal error by substituting a reference to Article 5 (*c*) for the reference to Article 5 (*b*) in Section 23 A (*1*) of the Indian Stamp Act, 1899, as the sub-article 5 (*b*) of Schedule I of the Act has become sub-article 5 (*c*) through the passing of the Indian Stamp (Amendment) Act, 1910.

RESOLUTION ON THE REPORT OF THE DEPARTMENT OF AGRICULTURE, BENGAL, FOR THE YEAR ENDING THE 30TH JUNE 1911.

REVENUE DEPARTMENT—AGRICULTURE.

Darjeeling, the 24th October 1911.

RESOLUTION—No. 1912T.R.

READ—

The Report of the Department of Agriculture, Bengal, for the year ending the 30th June 1911.

IN the orders recently passed for the curtailment of reports and returns, the maximum limits of the annual report of the Agricultural Department were reduced from 20 pages for the letter-press and 10 pages for the appendices to 15 and 5 pages respectively. The present report is within these limits, and the headings of the chapters correspond with those suggested in the letter of the Government of India, Department of Revenue and Agriculture, No. 9—91-2, dated the 25th April 1911.

2. *Administration and staff.*—In accordance with the orders issued in October 1904, all correspondence between the Director of Agriculture and Government passed through the Board of Revenue. For administrative reasons a change has since been considered desirable; and in March 1911 the Agricultural Department with all its subordinate offices was transferred to the direct control of this Government. Mr. W. H. Buchan was in charge of the department until the 7th of October 1910, when Mr. W. R. Gourlay rejoined. The latter was succeeded on the 10th of April 1911 by Mr. W. B. Heycock by whom the present report has been submitted. Another important change in the staff of the department was that, consequent on the transfer of the services of Mr. A. C. Dobbs to the Imperial Department of Agriculture, Mr. E. J. Woodhouse, Economic Botanist, was appointed Principal of the Bengal Agricultural College, and Mr. G. Sherrard, a supernumerary officer in the Imperial Agricultural Service, came to Bengal as Professor of Agriculture, in place of Mr. Dobbs.

The proposals for the organization of a permanent staff for the Agricultural Department have been sanctioned by the Secretary of State, and are now receiving effect.

3. *Agricultural stations.*—The Chaibassa Tussar Farm has proved a failure and has been closed. Fair progress was made during the year under review in placing the existing agricultural stations on a proper footing; and a demonstration farm was started at Sambalpur on land offered by Babu Ram Krishna Behara, a member of the District Agricultural Association. Arrangements are being made for the establishment of two more farms, one at Suri, by the Birbhum District Agricultural Association, and the other in the Bettiah Wards' Estate in Champaran.

4. *Agricultural education.*—The Bengal Agricultural College at Sabour was opened on the 3rd November 1910 with 21 students. The staff of the college as originally contemplated is now complete, but arrangements remain to be made for instruction in veterinary science. The agricultural classes attached to the Cuttack, Hazaribagh and Burdwan Schools, which were of no practical value, were closed during the year. The whole question of agricultural education in ordinary schools was considered in April 1911 at a conference held between officers of the Agricultural and Education Departments. As the Sabour College is open to any one desiring an agricultural education, and no special preparation is required in order to pass the necessary qualifying tests for admission to the college, it was agreed that agricultural classes in ordinary schools should be discontinued, and that a simple course of nature study should be prescribed for such schools. It has been decided to award prizes from the funds of the Agricultural Department to gurus and students of guru-training schools, middle schools and primary schools, for the encouragement of nature study and the study of plant life. Details remain to be settled, but it is proposed to make an experiment first in the Orissa Division. The Lieutenant-Governor in Council will watch the progress of this scheme with interest.

Cultivators' sons continue to receive practical training at the experimental stations. It is to be regretted that the local agricultural associations have not so far taken any appreciable interest in these attempts to spread agricultural education with a view to the improvement of local methods of cultivation.

5. *Research and experiment.*—Various investigations and experiments were made in chemistry, botany, entomology and mycology; and in many cases useful results were obtained. The scientific botanical work was much facilitated by the completion of the Garden Laboratory at Sabour in July 1910, and plant-breeding operations were continued successfully.

The prices ruling in Calcutta were not sufficiently high to induce the Bihar Planters' Association to undertake the cultivation of jute, except for their own requirements. But the members of the Association cultivated sugarcane on an extensive scale; and, as the season was favourable, a good outturn was received. Indigo research was continued at Sirsiah under the supervision of Mr. C. J. Bergtheil. The station was badly flooded from the 29th of July to the 5th of August 1910, an event which caused a very serious loss of selected plants; but the year's work was not absolutely wasted inasmuch as a certain amount of useful experience was gained with regard to the method of the treatment of the

indigo plant in pot culture and good progress was made in the collection of indigo-yielding plants. The Belgian flax expert, Mr. E. Vendekerkhove, continued his work during the cold weather under his agreement with the Bihar Planters' Association, who are publishing a report on the results obtained.

6. *Sericulture.*—The Bengal Silk Committee continued their useful and practical operations for the improvement of the silk industry. At a special meeting held in April 1911 they came to the conclusion that the policy hitherto followed, of trying to produce an improved seed of each of the three Bengal breeds of silk worms, in the hope of producing silk equal in quality to China, Japan or Italian silk, required a change. The efforts made had not arrested the decline of the industry; and on the advice of Mr. Lefroy, the Imperial Entomologist, it was decided to give a trial to a system of hybridising under the supervision of a capable expert. The negotiations have been entrusted to Messrs. Anderson, Wright & Co., who are arranging, through their head office at Lyons, for the deputation of a French expert to undertake these duties. Another important change on which the Committee decided was the concentration of operations in central nurseries, which will afford better chances for the production of pure seed under effective supervision than small outlying nurseries where such supervision is practically impossible. Steps are being taken to give effect to this decision. It has also been decided to provide for the disinfection of village rearing houses; for, so long as the surroundings of these rearing houses are infected, it is useless to provide the rearers with pure seed. Supervisors will be trained in the central nurseries and sent out on disinfection duty as soon as their training is complete. The total sale-proceeds of the outturn of the existing nurseries amounted to Rs. 7,858 during the year under report as compared with Rs. 6,566 in the previous year and Rs. 5,874 in 1908-09.

7. *Fisheries.*—The work of the Fishery Department consisted mainly of –

(1) experiments in the breeding of carp in confined water;
(2) investigations conducted with a view to discover the spawning grounds of *hilsa;*
(3) experiments in *bheri* culture; and
(4) a fishery survey of the Monghyr district.

Much useful information has been collected, but the results so far achieved are inconclusive. The work of this department will receive an impetus when the fishery expert, whose appointment as Deputy Director of Fisheries has been sanctioned by the Secretary of State, joins in December next.

8. *Agricultural Associations, fairs and shows.*—After the institution of an Association in the Tirhut Division, each division has now an Agricultural Association of its own. Besides these, there are a Central Association in Calcutta and thirty District Associations. The Lieutenant-Governor in Council notices with regret that the District Association at Howrah was closed as none of the members took any interest in agricultural matters. As observed by the Director, agricultural demonstrations and shows conducted by Divisional and District Agricultural Associations are most important factors in the dissemination of a knowledge of agricultural improvements amongst the actual cultivators. The report gives evidence that a fair amount of interest in agricultural work was evinced by certain Divisional and District Associations and by a few individual members of these Associations; but very much still remains to be done, and the Lieutenant-Governor in Council will be glad to see the object in view better appreciated.

Mr. E. J. Woodhouse, who was in charge of the exhibition work in this province, prepared a scheme for the standardization of the work which has been accepted. Twenty-three agricultural and cattle shows were held in different parts of the province during the year under review; they received grants from Government aggregating Rs. 5,800.

9. *Agricultural Engineering.*—Well-boring, the only work now done under this head, was unavoidably confined within narrow limits. Altogether 34 borings were made as against 38 in the previous year. An attempt is being made to obtain a thoroughly trained superintendent; and, if it proves successful,

the operations will receive the encouragement which they need, especially in the districts of the Patna Division where they are likely to be much appreciated.

10. *Publication of agricultural information.*—As in the previous year the Agricultural Department published a number of reports and notes, besides the Quarterly Journal of Agriculture, and gave wide publication to leaflets in English and the vernaculars.

11. *Miscellaneous.*—The first regular wage census was taken in April 1911. The returns are now being scrutinized and a report will be published in due course. Arboriculture under District Boards continued to receive attention.

12. The acknowledgments of the Lieutenant-Governor in Council are due to Messrs. Gourlay, Heycock and Buchan for their efficient administration of the department, and also to the officers whose services have been brought to notice in paragraph 86 of the Director's report.

ORDER—Ordered that this Resolution be published in the gazette and that a copy of it, with a copy of the report, be submitted to the Government of India.

By order of the Lieutenant-Governor in Council,

J. G. CUMMING,

Secy. to the Govt. of Bengal.

RESOLUTION ON THE REPORT ON THE ADMINISTRATION OF WARDS' AND ATTACHED ESTATES IN THE LOWER PROVINCES FOR THE YEAR 1910-11.

REVENUE DEPARTMENT—LAND REVENUE.

Darjeeling, the 30th October 1911.

RESOLUTION—No. 2038T.—R.

READ—

The Report of the Board of Revenue on the Administration of Wards' and Attached Estates in the Lower Provinces for the year 1910-11.

THE Lieutenant-Governor in Council is glad to notice that the local officers' reports and returns, on which the Board's annual report is based, are now punctually submitted. In accordance with orders recently passed in connection with the curtailment of annual reports and returns, the bulk of the report has been considerably reduced without any detriment to its value.

2 *Number of estates under management.*—The number of estates under management at the close of the year 1910-11 was 202, as compared with 213 at the close of the preceding year.

3. *Payment of revenue and cesses.*—Over the whole province there was an improvement in the payment of these dues, 95·9 per cent. of which were realized by Government as against 94 per cent. in the preceding year. The Tagore Estate in the 24-Parganas continues to be the worst defaulter in this respect; but the Lieutenant-Governor in Council understands that the local officers have taken every step possible for the realization of the arrears.

4. *Rent and cesses due to superior landlords.*—There has been a continuous falling off in the payment of these dues since 1908-09. The total unpaid balance under this head, at the close of the year under review, was Rs 2,04,478. The Utterpara Estate, in the district of Hooghly, was alone responsible for Rs. 6[illegible],318, or about one-third of the total amount. The mortgages on the various properties of this estate are extremely complicated. Since the close of the year the Board of Revenue with the assent of the proprietor has released the estate.

5. *Collection of rents and cesses.*—The total collections fell to 93·6 per cent. of the current demand from 97·9 per cent. realized during the previous year. The fall is mainly due to poor collections, which has been satisfactorily explained, in the Dumraon and the Surajpura (No. 1) Estates in Shahabad, and in the Bahadurpur Estate in the district of Monghyr

6. *Balance of rents and cesses due to estates.*—Although the outstanding balances under this head were reduced, during 1910-11, by more than nine lakhs of rupees, there is still room for improvement in the realization of these dues. The Lieutenant-Governor in Council regrets that the progress of Managers in writing off fictitious and time-barred arrears has fallen much behind expectations, but agrees with the Board that the disentanglement of the arrears from the balance in every tenant's account and the preparation of voluminous remission statements is a laborious process. Vigorous efforts should continue to be made to comply with the repeated admonitions of Government on this point. In the Maksudpur Estate in Gaya, the Sonbarsa Estate in Bhagalpur and the Janbazar Estate in the 24-Parganas considerable progress was made during the year in reducing the balances.

The year was marked by a large increase in the number of certificates filed and suits instituted on behalf of wards' estates. As regards the former, the number of disposals was substantially less than the number of certificates filed, though the amount realized (44·5 per cent. of the demand covered by the certificates) shows an improvement upon the percentage (42·8) recorded during the previous year. The unrealized balances covered by certificates in the Tagore, Surajpura No. I and Sonbarsa Estates were very heavy, and have not been explained. The Board has called for explanations and is requested to see that

all possible steps are taken with a view to the speedy realization of the amounts still outstanding. The recoveries by civil suits amounted to 31 per cent. of the amount decreed; this result is practically the same as that attained during the previous year.

7. *Payment of debts of estates.*—The total liabilities at the beginning of the year amounted to Rs. 2,98,26,796, of which Rs. 34,27,535 were paid. The percentage of payment is less than in the two previous years, namely, 11·4 as compared with 16·3 in 1908-09 and 15·7 in 1909-10. The result is unsatisfactory; and the attention of the Board is invited to the suggestion, made in the resolution recorded on the report for 1907-08 and repeated in last year's resolution, that estates which are found to be hopelessly involved should be released.

8. *Cost of management and expenditure on improvements.*—The Lieutenant-Governor in Council notes with satisfaction that the cost of management, which averaged 11·1 per cent. of the current demand during the year 1909-10, was reduced to 10·6 per cent. during the year under review. The standard of 10 per cent. was observed in the Bhagalpur and the Chota Nagpur Divisions, and in the Presidency, Patna and Tirhut Divisions the expenditure under this head represented less than 11 per cent. of the current demand. While expenditure on management decreased during the year under review, the total amount spent on works of improvement increased from 7 per cent of the net income in 1909-10 to Rs. 6,19,725, or 10 per cent., spent on this account during 1910-11. Agricultural experiments conducted in the various estates during the year were, on the whole, attended with good results. Cattle breeding operations were carried on successfully in the Sripur farm belonging to the Hatwa Estate. The Lieutenant-Governor in Council is glad to notice the opening of a new veterinary hospital by the Betiah Estate and the increased attention paid in this estate to the improvement of the breed of country cattle.

9. *Education of the wards.*—The arrangements made for the education of the wards and the results attained continued, on the whole, to be satisfactory.

10. The thanks of the Lieutenant-Governor in Council are due to the Board for its efficient administration of the estates under the management of the Court of Wards. His Honour in Council endorses the commendation bestowed by the Board on Miss Cornelia Sorabji for her services as Lady Assistant to the Court of Wards. The good services of other officers commended by the Board, will be noted in the Appointment Department.

By order of the Lieutenant-Governor in Council,

J. G. CUMMING,

Secretary to the Government of Bengal.

C. J. STEVENSON-MOORE,
Chief Secy. to the Govt. of Bengal.

NOTIFICATION.

No. 3562 A.D.—The 6th November 1911.—The following rules, which have been sanctioned by the Government of India, are substituted for those contained in Appendix VI to the Rules for the Departmental Examination of Assistant Magistrates and others, dated the 28th May 1895:—

APPENDIX VI.

Rules for the encouragement of the study of the tribal languages in Bengal.

1. Examinations will be conducted in the following tribal languages:—

Group I.—Ho, Mundari, Santali.
" II.—Oraon, Rajmahal Paharia.
" III.—Khond of Orissa.
" IV.—Tibetan, Sikkimese Bhutia, Bhutanese Bhutia.
" V.—Lepcha.
" VI.—Nepalese Paharia or Khaskura.

2. Officers of the following classes, whether European or Indian, shall be eligible to appear at these examinations and to draw the rewards stated:—

Class I.

Members of the Indian Civil Service.
Members of the Executive Branch of the Provincial Civil Service.
Members of the Judicial Branch of the Provincial Civil Service.
Superintendents, Assistant and Deputy Superintendents of Police.
Civil Surgeons and Civil Medical Officers.
Deputy, Assistant, Extra Deputy and Extra Assistant Conservators of Forests.
Executive and Assistant Engineers.
Inspectors and Additional and Assistant Inspectors of Schools.
Members of the Indian or Provincial Educational Service.

The rewards for officers of class I are as follows:—

Rupees 1,000 in the case of all the languages specified, except Nepalese Paharia, Sikkimese Bhutia and Bhutanese Bhutia, for passing in which the reward will be Rs. 500 only. In the case of Tibetan the reward will be Rs. 500 for passing the first examination as in rule 7, and Rs. 1,000 for passing the second as in rule 8.

Class II.

Members of the Subordinate Civil Service.
Inspectors and Sub-Inspectors of Police.
Civil and Military Assistant Surgeons.
Members of the Subordinate and Lower Subordinate Educational Services.
Overseers, Supervisors and Sub-Engineers of the Public Works Department.

The rewards for officers of class II are as follows:—

For officers whose salary is Rs. 150 or over, half the amount prescribed for class I.

For officers whose salary is less than Rs. 150, one quarter of the amount prescribed for class I.

3. An officer desiring permission to appear at an examination shall apply for permission to the Commissioner of the division in which he is serving, who may grant permission provided he can certify (except in the case of Tibetan for which no such certificate shall be necessary) that the language is spoken within the district where the officer is employed at the time or by tribes conterminous to it with whom he has official relations:

Provided that an officer who has fulfilled the above condition and is subsequently transferred may be permitted to present himself for examination on applying within one year from the date of such transfer, the Commissioner of the division from which he was transferred granting the necessary certificate.

4. In the case of officers of the Provincial Judicial service, the certificate referred to in rule 3 will be furnished by the Judicial Commissioner of Chota Nagpur or the District Judge. All applications for permission to appear at an examination under this rule should be submitted to the Commissioner of the division through the Judicial Commissioner or the District Judge who will obtain the sanction of the High Court.

5. No reward will be given—

(1) to any officer for proficiency in a second language of the same group:

(2) to an Indian officer for passing an examination in any language with which from his birth or education he is naturally familiar, or which is closely allied to his vernacular language:

Provided that such officers may be permitted to present themselves for examination.

6. The examinations will be conducted under the control of the Commissioners of the Bhagalpur, Chota Nagpur and Orissa Divisions, as noted below, by local Committees convened by the respective Commissioners:—

Commissioner of Bhagalpur ...	Group I—Santali.
	„ II.—Rajmahal Paharia.
	„ IV.—Tibetan and Bhutia.
	„ V.—Lepcha.
	„ VI—Nepalese Paharia.
Commissioner of Chota Nagpur	„ I—Ho and Mundari.
	„ II.—Oraon.
Commissioner of Orissa ...	„ III.—Khond of Orissa.

7. The tests which a candidate must undergo are as follows—

(*a*) He must be able to converse freely with the people of the tribe, in whose vernacular he may wish to qualify, to understand and to make himself understood by them.

(*b*) He must write down sentences spoken in the tribal language by one of the tribe, or a conversation held between two of them, and must explain the sentences or the conversation correctly in English.

(*c*) He must without assistance translate from English or his mother tongue into the tribal language sentences not of a more difficult nature than those described in clause (*b*). The translation must be substantially correct and intelligible to a native in whose language it is written.

N.B.—The writing prescribed in clauses (*b* and *c*) must be in the character of the tribal language. If the language has no written character of its own the English, Bengali or Hindi character should be used, but in the cases of Santali and Rajmahal Paharia the Roman character must be used.

(*d*) He must transliterate and translate (into English) a paper in the current written (not printed) form of character of the language. (This test will be enforced only in the cases of those languages which have written characters of their own.)

8. There will be a second examination in the Tibetan language. This examination will consist of—

(*a*) a much severer conversational test than in rule 7 (*a*);
(*b*) writing letters in Tibetan;
(*c*) translating Tibetan letters.

9. In order to qualify for the prescribed reward an examinee must obtain not less than half the marks allotted to each branch of the examination and two-thirds of the aggregate number.

10. The commissioner conducting the examination will report to Government the names of officers declared by the examining Committee to have passed the prescribed standard for the grant of reward.

GENERAL DEPARTMENT.

NOTIFICATIONS.

No. 3953.—The 3rd November 1911.—The following is republished for general information.

J. G. CUMMING,
Secy. to the Govt. of Bengal.

No. 7745—7758—33, dated Simla, the 17th October 1911.

RESOLUTION—By the Govt. of India, Dept. of Commerce and Industry.

THE following translation of an Ordinance relating to the admission of Dutchmen and aliens into Netherlands India is published for general information:—

TRANSLATION.

Ordinance No. 188 of the 9th February 1911.

Article 1.

1. The disembarkation of—

(a) Dutchmen who are not born of parents settled in Netherlands India and who are not residents of Netherlands India, and

(b) aliens who are not inhabitants of Netherlands India,

is only allowed at the ports of Tanjong Priok, Samarang and Sourabaya.

2. Before disembarkation a written license from the authority appointed by the Governor-General is necessary.

3. The preceding stipulations are not applicable to those who are in lawful possession of a valid permit granted in terms of this decree.

4. The Governor-General will decide in which cases the license referred to in section 2 is unnecessary.

Article 2.

1. The master of a vessel having passengers on board is bound—

(a) immediately after the arrival of the ship in one of the ports mentioned in Article 1 to hand to the authority referred to in the said Article a list signed by him of the passengers on board destined for the port concerned;

(b) to prevent any of the passengers who are subject to the provisions of Article 1 from going ashore without being provided with the license necessary for disembarkation.

2. The list referred to in the preceding section must be drawn up in accordance with the model fixed by the Governor-General.

Article 3.

1. The license to disembark will be issued on board the vessel, and will be subject to a payment of F. 25 (twenty-five guilders), which will be refunded if the passenger is not admitted. The license also holds good for the wife and children under age of the person to whom it is granted.

2. The payment referred to in the preceding section cannot be demanded from Dutchmen.

3. Those who leave Netherlands India within a period to be fixed by the Governor-General after their arrival in Java can obtain a refund of the amount paid under the preceding section.

Article 4.

1. The license to disembark must be handed in to the department appointed by the Governor-General within three days, to be exchanged for a permit.

2. This permit will not be granted to—

(*a*) any persons who are insane, or idiots, or who are suffering from an infectious disease which may be considered dangerous to their neighbours, or who, owing to their physical condition, may become a burden on the community;

(*b*) prostitutes, or those who derive their livelihood from the proceeds of prostitution;

(*c*) any persons who have been sentenced for a crime in a foreign country with which an extradition treaty is in force, and for whom, in pursuance of that treaty, an extradition order can be demanded;

(*d*) any persons who have been banished from Netherlands India;

(*e*) any persons who are considered unable to make proper provision for the maintenance of themselves and their families;

(*f*) any persons who are considered dangerous to the public peace and order.

3. The grant of permits to those whose presence is considered dangerous to the economic interests of the native population may be made subject to the fulfilment of special conditions to be fixed by the Governor-General, or may be refused.

4. At the exchange referred to in section 1, Article 4, a permit will also be granted to the applicant's wife and each child under age.

Article 5.

1. Notwithstanding the provisions of Article 10, a permit gives the lawful holder the right to remain in Java and Madura for two years subject to due observance of the conditions for travel and residence.

2. For the possessions beyound Java and Madura the said permit gives to the lawful holder the same right as the permit granted by virtue of the regulations in force there regarding admission and residence in Netherlands India.

3. The period referred to in section 1, Article 5, may, at the request of the party interested, be prolonged twice, each time for a period not exceeding one year, by the Chief of the Residency where the applicant resides.

4. Notice of the prolongation will be endorsed on the permit.

Article 6.

1. On the refusal of a permit, the interested party may, provided he does so within eight days after the refusal, appeal to the Chief of the Residency where he disembarked.

2. This appeal is to be made through the intermediacy of the department referred to in the first section of Article 4, which, pending the decision of the officer therein mentioned, will provide the party concerned with a provisional permit.

Article 7.

1. If the appeal referred to in the preceding Article is admitted, the provisional permit will be exchanged for a permit.

2. If the appeal is rejected and a further appeal is not made, then—unless the party concerned has already left Netherlands India—the Chief of the Residency referred to in section 1, Article 6, will issue a writ for his expulsion from Netherlands India.

3. Pending his embarkation, the Chief of the Residency concerned may keep him under arrest or under police surveillance.

Article 8.

1. Any person, falling under one of the categories of persons mentioned in the first section of Article 1, who is found in Java or Madura without being in possession of a valid permit or a valid provisional permit, will be brought before the chief local authority of the place where he resides, who will then provide him with a permit, unless he belongs to one of the categories of persons to whom, by virtue of Article 4, no permit can be issued.

2. For the permit granted in terms of the preceding section a sum of F. 25 (twenty-five guilders) is payable if the party concerned is in lawful possession of a license to disembark: in other cases the fee payable is F. 50 (fifty guilders) not including the wife and children under age of the party concerned.

3. Whenever the party concerned has been lawfully admitted and can explain the non-possession of his permit to the satisfaction of the chief local authority, a duplicate permit will be issued free of charge.

4. In case of the refusal of a permit, an appeal is allowed within eight days to the Chief of the Residency where the party concerned resides, who will decide by decree stating the reasons for his decision.

5. Notwithstanding the appeal referred to in the preceding section, any person who declares that he does not belong to one of the categories of persons mentioned in section 1, Article 1, and that this Ordinance is thus not applicable to him, may petition for the decision of the Court of Justice within whose jurisdiction he resides, provided he does so not later than on the fourteenth day after his examination by the chief local authority.

The Court of Justice will pronounce judgment after having heard the Officer of Justice, who will inform the chief local authority of the decision. Pending judgment the writ for expulsion will be held in abeyance.

6. In case the permit is not granted, a writ will be issued by the Chief of the Residency where the party concerned resides for his expulsion from Netherlands India. The said Chief of the Residency will allow to the party concerned, if desired, a period of time for regulating his affairs. After the expiration of this period he will be forwarded to the nearest of the ports mentioned in Article 1, where pending his embarkation he may be placed under arrest or under police surveillance by the Chief of the Residency.

Article 9.

1. A permit for permanent residence in Netherlands India may be obtained by application to the Governor-General. The party concerned will apply by stamped petition, forwarding his permit at the same time through the intermediacy of the Chief of the Residency in which he resides.

2. This officer will endorse on the permit the fact of the petition having been made, and will then hand it back to the party concerned, who, on receipt of the license for permanent residence, must return the permit to the said officer.

3. Pending the decision of the Governor-General, the petitioner will retain the rights mentioned in the first and second sections of Article 5.

Article 10.

1. The Governor-General may refuse the license for permanent residence in the interests of public peace and order, or on the ground that the party concerned is not in a position to make proper provision for himself and his family, or when he has been criminally sentenced since his admission.

2. The order refusing the license for permanent residence will state the reasons for such refusal, and at the same time will contain the writ for expulsion from Netherlands India.

3. The stipulations of the sixth section of Article 8 are applicable also to cases of expulsion under this Article.

38. Any carriage, standing within the enclosure or on the road to the west or south of the Gardens, even if occupied, shall, if required by the police, move up to any vacant space immediately in front of them.

39. No conveyance having occupants shall be moved, unless it is causing an obstruction by preventing other carriages from drawing up in line.

40. A thoroughfare shall be kept open within the enclosure on the west side for conveyances passing through. No conveyance shall be allowed to stand so as to obstruct this passage longer than is necessary for the occupants to alight.

41. (*1*) A passage shall also be kept open in front of the west gate facing the Band Stand for the convenience of foot passengers, and for persons alighting from their carriages to enter the Gardens.

(*2*) A space for four carriages for His Excellency the Viceroy, His Honour the Lieutenant-Governor of Bengal, His Excellency the Commander-in-Chief and the Hon'ble the Chief Justice shall be kept reserved throughout the year against the rails on the west side of the enclosures and opposite the Band Stand. No one else shall be allowed to use this space.

42. (*1*) Motor-cars shall stand in two lines west of the enclosure railing on the east side of the Strand Road facing south, and occupied carriages may stand on the south side of the Gardens between the two south gates, with the horses' heads facing east.

(*2*) No empty vehicle shall stand at either of these two places, nor shall any conveyance be allowed to stand on the south side of the Gardens so as to obstruct the passage to either of the gates.

43. No conveyance standing outside the enclosure, or on the south side of the Gardens, shall obstruct the thoroughfare in the middle of the road.

44. All empty conveyances shall be drawn up in line at the following places only :—

West of the Gardens between the Boat house and Outram Road Ghât, along the river bank, with the horses' heads facing south.

North of the "Ride" entrance on the east side of Strand Road as far as Auckland Road.

45. Two-wheeled conveyances may stand east of the south-east gate on the north side of the road, with the horses' heads facing east.

46. No conveyance, whether occupied or not, shall be allowed to obstruct any entrance leading to the Gardens.

47. On the occasion of Football or Hockey matches on the Calcutta Club Football ground, and on all occasions when the neighbouring roads are thronged and liable to obstruction—

(*i*) Carriages shall be parked in three lines on the south side of the Eden Garden Road, with the horses' heads facing west.

(*ii*) Motor-cars shall be drawn up in single line on the north side of the Eden Garden Road, facing west.

(*iii*) Empty ticcа gharries shall be placed in two lines along the Plassey Gate Road, with the horses' heads facing north, and shall be held by the police until the traffic on the Eden Garden Road has cleared. Gharries with occupants shall however be allowed to drive away.

48. Vehicles in line, when allowed to proceed, shall do so in the direction they are facing and shall not be allowed to turn round.

Regulating traffic on the Maidan Roads.

49. No one shall drive any vehicle on the grass on any part of the Maidan.

50. No carriages shall be driven beyond an ordinary pace on the Maidan roads.

51. No bullock-cart shall be allowed to pass along any of the roads mentioned in the first column of the following table between the hours specified in the second column of that table:—

1	2

Municipal and Local.

NOTIFICATIONS.

No. 1235T.M. -The 2nd November 1911.—In exercise of the power conferred by sub-section (2) of section 9A of the Bengal Municipal Act, 1884 (Ben. Act III of 1884), the Lieutenant-Governor in Council is pleased to alter the number of the Commissioners of the Bhatpara Municipality, in the district of the 24-Parganas, from 11 to 15.

24-Parganas.

No. 1252T.-M.—The 3rd November 1911.—The following draft of rules which has been framed by the Commissioners of the Puri Municipality, under sections 237 (2) and 241 of the Bengal Municipal Act, 1884 (Bengal Act III of 1884), and which the Lieutenant-Governor in Council proposes to sanction under clause (2) of section 241, is published for the information of persons likely to be affected thereby.

Puri.

2. The draft rules will be taken into consideration on the 8th December 1911, and any objection or suggestion received by the undersigned through the Magistrate before that date will be duly considered.

Draft Rules made under sections 237 (2) and 241 of the Bengal Municipal Act, 1884, for the Puri Municipality.

1. The following rules apply to houses not being huts. Huts, as such, are governed by sections 243 and 244 of the Bengal Municipal Act.

2. Any powers of the Chairman under these rules can be delegated by him to the Vice-Chairman.

3. *Conditions as to use of house sites.*—No piece of land shall be used as a site for the erection of a public building or a dwelling-house, unless the site is certified by the overseer to be dry and well drained or to be capable of being dried or well drained, in which latter case instructions should be furnished to the applicant as to what improvements are necessary before a certificate can be granted. It rests with the Chairman to decide in each case whether any certificate is necessary at all.

4. *Height.*—(1) If a house is situated at the side of a road, no portion of the house shall be higher than thrice the distance from its base to the opposite side of the street. The height should be calculated from its plinth and not from its base.

Explanation.—If a house be placed at the edge of the road, its height must not exceed thrice the width of the street, but if the house or one or more of the storeys be set back, the height of the house may be increased thrice as much as the basement of the portion set back is distant from the adjoining edge of the road.

(2) Notwithstanding anything contained in sub-rule (1) the Commissioners at a meeting may give permission for building houses on the side of any road or lane after considering the particular circumstances of each case.

(3) If a house is situated on a corner plot the height of the house shall not exceed thrice the average width of the two streets.

5. *Level of floor.*—The level of the ground or lowest floor of every house erected or re-erected from the ground level shall not be less than two feet above the nearest road.

6. *Projections.*—No part of any house shall project over or under any road except as provided in rules 7 and 8.

7. *Entrance culvert.*—The applications which are filed for entrance culverts must contain the following particulars:—

(1) Length. (2) Breadth beyond drain. (3) Ventage allowed.

(*a*) Ordinarily the following dimensions will be allowed for foot traffic:—

(1) Three feet. (2) Ten inches. (3) Same size as area of the drain up to a maximum of three square feet.

The number of entrance culverts in any building shall not exceed the number of separate shops or dwelling-houses. The intervening space between culverts over a drain shall not be covered over by planks, stone slabs or in any other manner.

(*b*) For wheel traffic, the size and the nature of the entrance culverts are left to the discretion of the Chairman.

8. *Balcony.*—No balcony or verandah shall be erected in any road which is less than 30 feet in width, and every balcony or verandah must be supported to the satisfaction of the Chairman.

9. *Distance between building line and street alignment.*—In any road laid out after these rules come into force in which continuous building is allowed, the distance between the building line and the street alignment shall not be less than 4 feet. "Building line" means a line (in rear of the street alignment) up to which the main wall of a building abutting on a street may lawfully extend.

10. *Outer walls.*—The outer walls of a masonry house must be constructed of burnt brick or some other hard and incombustible substance.

11. *Portion of the site for dwelling house which may be built upon.*—The total area covered by all the houses (including verandah) erected or re-erected on any site used for a dwelling-house shall not exceed three-fourths of the total area of the site, but in the case of rebuilding, this rule will not apply in a case in which the site is less than 500 square feet. Provided that this rule does not apply in cases in which there is already a public road or a square to the rear of the house.

12. The minimum superficial area of every interior open courtyard in a building shall be one-fourth of the total area of the building round the yard and the yard together.

13. The minimum width of every such open courtyard shall be 8 feet.

14. If either side of a building is not attached to the adjacent building (*i.e.*, where there is open space, however small, between the walls of the two adjacent buildings), there must be between the two buildings an open space extending along the entire length of such side and belonging exclusively to the said building.

15. The minimum width of such open space from every part of the said building to the boundary line (or if the boundary is wall) the inner edge of the boundary wall of the land or building opposite such part shall be—

(a) 4½ feet, if there is a building next to such boundary line or wall.

(b) 3 feet, if there is an open space of not less than 4 feet on the other side of such boundary line or wall.

[*Note.*—In no case shall the open side space be less than 4 feet exclusive of boundary walls.]

16. No privy shall be placed under any room other than a bathroom or privy.

17. There must ordinarily be, in the absence of any specific permission of the Chairman to the contrary, in the rear of every dwelling-house, an open space extending along the entire width of the house of not less than 10 feet.

18. Every interior courtyard must be raised at least 6 inches above the level of the centre of the nearest street or road so as to admit of easy drainage into the street.

19. The height of the rooms on the basement floor shall be not less than 9 feet.

20. Water-spouts should be so arranged as to discharge water in a Municipal drain or on land belonging to the proprietor of the house to which the water-spout is attached.

21. *Application for the erection or re-erection of a house.*—Every notice under section 237 of the Bengal Municipal Act for the erection or re-erection of a house must be made in writing on a printed form (to be supplied free of charge by the Chairman) and must contain the following information :—

(a) The position of the site.

(b) The circle and the number of the site assigned to it in the assessment book.

(c) A plan of the site drawn to a scale of not less than 50 feet to an inch showing its boundaries, position in relation to neighbouring roads and the position on the site of the proposed building.

(d) Drawings on a scale of not less than 8 feet to an inch showing a ground plan, two sections and elevation of the proposed building. On this drawing must also be shown all proposed drains, privies and cesspools.

(e) Purpose for which the building is intended.

(f) The notice and all drawings and plans must be signed by the applicant.

22. The Chairman shall sign all passed plans in token of his approval.

23. If the proposed house is not to be of burnt brick or stone it shall not comprise more than two storeys, nor shall it exceed 18 feet in height measured from the top of the plinth to the junction of the eaves and wall.

24-Parganas.

No. 1308M.—The 6th November 1911.—In exercise of the power conferred on him under clause (2) of section 9A of the Bengal Municipal Act, 1884 (Ben. Act III of 1884), read with section 22 of the Bengal General Clauses Act, 1899 (Ben. Act I of 1899), the Lieutenant-Governor in Council is pleased to make the following amendments in Notification No. 1026T.M., dated the 11th October 1909 (published at page 317 of Part IB of the *Calcutta Gazette* of the 13th October 1909), and in Notification No 715M., dated the 22nd March 1910 (published at page 44 of Part IB of the *Calcutta Gazette* of the 23rd March 1910), by which the village of Subudhipur was included within the Baruipur Municipality, namely :—

For the words "Moderhat kancha road" in paragraphs 1 and 2 of the said Notification No. 1026T.M., dated the 11th October 1909, and *for* the words "Moderhat *kutcha* road" in paragraphs 1 and 2 of the said Notification No. 715M., dated the 22nd March 1910, *substitute* the words "Subudhipur *kutcha* road lying on the west side of the Moderhat Popular Academy and Khejurir Bada."

PLEADERS' SURVEY CLASSES, 1912.

1. Classes for the training of Pleaders in surveying will be opened in January and February 1912 in connection with the Civil Engineering College, Sibpur, the Bihar School of Engineering, Bankipore, the Dacca School of Engineering, and the Survey School at Cuttack. Candidates obtaining credit for attendance at this course will be entitled to appear at the Practical Examination of those times during the years 1913, 1914 and 1915.

2. The course will last for six weeks and will consist of practical work combined with class instruction. The routine and hours of attendance will be settled by the head of the institutions, who will also decide the exact locality in which the classes will be held and the date of the opening.

3. Pleaders must make their own arrangements for attending this course. No tents or other residential accommodation will be provided.

4. Credit for attendance at these classes will not be given unless the Pleader has been present for 80 per cent. of the working days and for the full working hours of each day.

5. Any candidate who desires to undergo the course of training must apply to the Principal, Civil Engineering College, Sibpur, not later than 15th November. The application must be endorsed by the District Judge. It should state the centre which the candidate wishes to join, *i.e.*, Sibpur, Bankipore, Cuttack or Dacca, and should be accompanied by remittance receipt from the local treasury certifying that the fee of Rs. 100 has been paid into the treasury to the credit of the Engineering College.

6. The Secretary will allot candidates to the centres, consulting their wishes as far as possible, giving not more than 24 and not less than 8 to a centre. He will then inform the heads of the institutions of the names and addresses of the candidates registered at their centres and they will inform the candidates as to the locality and the date of opening.

7. The following is the syllabus of instruction. No definite text-books are prescribed:—

(a) Practical work—

Chain surveying. Prismatic compass. Plane tabling and levelling.

(b) Class work—

Advertisements.

[N.B.—Advertisements, Notices, &c., intended for insertion in this Part of the "Gazette" cannot be received after Noon on Monday.]

LAND SALE NOTICE.

Advertisement of Sale.

NOTICE is hereby given that the proprietary right of Government, as specified in the conditions of sale below, to the undermentioned estates situate in the district of Jessore will be put up to sale at the Jhenidah Subdivisional Office on the 5th December 1911, corresponding with 19th Agrahayan 1318.

The purchasers will be subject to the following conditions of sale :—

Conditions of Sale.

1st.—The estate to be sold to the highest bidder above the upset price, which will be fixed by the Collector at the time of sale. The purchaser of this estate will be considered as the proprietor of the estate, and the entire proprietary right of Government in such estate will be transferred to him subject to the revenue fixed in perpetuity.

2nd.—The conditions regarding the payment of a land-revenue fixed in perpetuity are not applicable to estates in temporarily-settled districts in which the land revenue should be fixed for the term of the current settlement and be subject to periodical revisions on expiry of each settlement. In the case of an estate situated in permanently-settled area and yielding an annual rental of less than Re. 1, there should be no condition regarding payment of land revenue.

3rd.—The sale to be subject to existing leases and to the rights conferred by the settlement proceedings, and by the laws in force; and purchasers to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the Revenue authorities.

4th. If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid down at once.

5th.—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or, if that day be a close holiday, then by the noon of the first succeeding office day, the sale is to be cancelled (the sum deposited being forfeited to Government), and the estate to be again put up to sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of original sale.

THE INDIAN LAW REPORTS.

Published in FOUR SERIES, viz.

CALCUTTA, MADRAS, BOMBAY AND ALLAHABAD.

THE Indian Law Reports, published under the authority of the Governor General in Council, are printed in monthly Parts, which are issued, as soon as possible after the first of each month, at Calcutta, Madras, Bombay and Allahabad, respectively.

The Reports comprise four Series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court.

The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depôt; and the Madras, Bombay and Allahabad Series are distributed direct from Madras, Bombay and Allahabad, respectively.

Persons desiring to subscribe for or purchase the Reports should apply to—

the Officer in charge, Bengal Secretariat Book Depôt, Calcutta,

or

the Superintendent, Government Press, Madras, or
the Superintendent, Government Central Press, Bombay, or
the Curator of Government Books, United Provinces of Agra and Oudh, Allahabad.

AUSTRALIA, NORTH-WEST COAST.

Uncharted rocks and shoals.

No. 474 (third publication).—The President of the Marine Board, Port Adelaide, has given Notice (No. 14 of 1911) that a report has been received through the Prime Minister of the Commonwealth from Captain W. S. Smith with reference to uncharted rocks and shoals off the north-west coast of Australia.

Captain Smith reports that—

"Beagle Bank, marked 15 ft. high, has disappeared, and now marked by a reef covered at high-water springs.

"A reef of rocks from 10 ft. to 15 ft. high at high-water springs, in lat. 10° 46′ S., long. 125° 03′ E. Being dusk I could not make out how far the reef extended, but I could see breakers some distance to the westward. I passed close to on the east side; no bottom at 7 fms., being low water at the time.

"At the entrance to Port George the Fourth a reef, dry at low-water springs, about 1½ miles to the N. W. and W. N. W. of High Bluff.

"On the 20th May 1910, I passed over a shoal about ½ mile in extent in lat. 13° 51′ 30″ S., long. 123° 23′ E. (approx.), probably 6 fms. to 8 fms."

This affects Admiralty Chart No. 1048.

The Canal Revenue Reports for the triennial period ending 31st March 1911.

RESOLUTION.

READ—

The Canal Revenue Reports for the triennial period ending 31st March 1911 and the Chief Engineer's Note on the same.

The **Major Irrigation Works** are divided into two classes:—

I—Productive Works.

II—Protective Works.

The Productive Works comprise the Orissa, the Midnapore, the Hijili Tidal and the Sone Canals. These works are all in operation. The Protective Works are the Tribeni Canal and the Dhaka Canal. The upper half of the Tribeni Canal has been completed, and is being used for irrigation; the lower half is under construction. The Dhaka Canal is complete and in operation. The **Minor Works** for *navigation* are the Calcutta and Eastern Canals, the Madaripur Bhil Channel, the Orissa Coast Canal, the Nadia Rivers and the Gaighatta and Buxi Khal, while the works of this class for *irrigation* are the

Saran Canals, the Eden Canal and the Madhuban Canal. The Utterbhag lock under construction in connection with the Magra Hât Drainage Scheme is treated as a Minor Work for navigation.

2. The capital outlay on the Productive Major Works in operation up to the end of March 1911 amounted to Rs. 6,46,44,036. The works constructed for this outlay comprise, in addition to the weirs across the rivers and other head works, 792¾ miles of main and branch canals, of which 493 miles provide for both irrigation and navigation, 270¾ miles provide for irrigation only, and 29 miles provide only for navigation. There are in addition 2,732½ miles of distributaries. During the period under review the length of canals remained the same as before, while there has been a net increase of 58½ miles in the length of distributaries.

The outlay on the capital account of the Protective Works to the 31st March 1911 was Rs. 60,71,688, of which total an amount of Rs. 23,97,656 was expended during the period under review. The Dhaka Canal, a small work, deriving its supply from the Lal Bakeya river in the Champaran district, has been opened from the year 1906-07. The upper half of the Tribeni Canal, down to the 33rd mile, was permanently opened for irrigation from the year 1911-12; a small amount of irrigation had been carried out during the early part of the *kharif* season of 1910-11 for which no charge was made; subsequently considerable damage was caused to the canal by abnormal floods, further irrigation in that season was impossible. The receipts and working expenses of this upper portion have been provincialised, but the interest charges have been treated as Imperial. This arrangement is to remain in force until 1912-13, when the whole question will be reconsidered. The Revenue Account is shown under 42. The whole canal will, it is expected, be completed by June 1912.

3. The average annual receipts from the Productive Works during the three years were Rs. 26,04,181, or Rs. 3,48,463 better than the average receipts for the previous triennium. The increase is mainly due to larger returns from Irrigation, which more than balanced the considerable falling off under receipts from Navigation. The receipts from miscellaneous sources show a slight increase. The average annual working expenses were Rs. 15,09,670 as against Rs. 12,87,049 for the previous period, leaving an average annual net revenue of Rs. 10,94,512, the cause of increased expenditure is noted below under the different canals. The net revenue is better than that for the triennia ending March 1908 and 1905 by Rs. 1,26,343 and Rs. 1,40,259 respectively.

4. The capital outlay to the end of the year 1910-11 on each of the canal systems and the financial results for the period under review are shown in the following statement:—

Names of canals.	Capital expenditure (direct and indirect) to end of 1910-11.	Average annual receipts during the triennial period ending March 1911 (less refunds).	Average annual expenditure during the triennial period ending March 1911 including indirect charges.	Average annual net income of the triennial period ending March 1911. In the table below the returns from the canals for the period under review are compared with those of the five previous periods:—

Particulars.	Average of the Triennial periods ending—					
	March 1911.	March 1908.	March 1905	March 1902.	March 1899.	March 1896.

Though the Bengal canals do not yield a direct profit, the above table is so far satisfactory that it shows a gradual improvement.

5. The following statement shows the areas irrigated by the Orissa, Midnapore and Sone Canals during the period under review and the two previous periods:—

These figures indicate a high standard of efficiency. The great reduction in the number of the certificates and the very small amounts it has been necessary to write off as irrecoverable are particularly deserving of notice. For the Sone canals during the period under review, on an average, a nominal sum of Rs. 3 has been written off as irrecoverable. The number of certificates issued averaged 60 per year, while the average annual sum collected was Rs. 17,56,471 against an average of Rs. 14,43,408 in the previous period.

The rate for long-term leases on the Orissa canals will shortly be raised by 4 annas and the question of enhancing the rates on the Midnapore canal is under consideration.

On the Sone canals the rate for long-term leases was increased from Rs. 2-8 to Rs. 3 with effect from April 1904 and the question of still further increasing them will now be considered.

7. The navigation receipts during the period under review and the two previous periods are given below :—

The decrease in navigation receipts is marked and is the same for all the canals. This is due chiefly to the competition of the railways, but partly to a poor rice crop during the first years of the period and also in some cases to a reduction of tolls.

8. The average annual receipts classed as miscellaneous revenue for the period under review were Rs 1,39,240, as against an annual average of Rs. 1,19,723 during the previous period.

9. In the following paragraphs a brief review is made of the chief points of interest on each system.

10. On the **Orissa Canals** the capital outlay (direct charges) incurred during the period under review amounted to Rs. 1,23,835. This sum was expended mainly on minor distributaries' raising the flood bank of the Pattamundi Canal and remodelling the first section of the Taldanda Canal.

The average annual receipts were Rs. 5,17,358, or Rs. 36,080 more than the annual average of the previous period. The increase was mainly from water-rates.

The average area irrigated was 281,802 acres, or 17,939 acres more than the average of the previous period ending March 1908. Compared with the average of the period before that ending March 1905, the area irrigated during the period under review shows an increase of 62,726 acres, which was all *kharif* (rice).

The average annual working expenses during the last three years were Rs. 4,71,442, as against Rs. 4,23,702 and Rs. 3,70,685, the averages for the previous periods. The increase of maintenance charges is due to the maintenance of additional distributaries and permanent outlets constructed for the extension of the irrigated area and to the maintenance of additional drainage and protective works. The net result is an average annual revenue of Rs. 45,916 in excess of working expenses against an average annual revenue of Rs. 57,576 and Rs. 35,634 respectively for the periods ending March 1908 and 1905.

11. On the **Midnapore Canal** the capital account was increased by a sum of Rs. 5,776 (direct charges) spent on the construction of permanent outlets from distributaries.

The revenue receipts for the period under review averaged Rs. 1,94,349, or Rs. 21,316 better than the average of the previous period. The increase is principally under water-rates, due to the renewal of long leases at the enhanced rate of Rs. 2 per acre. The average expenditure however increased with the result that there is a deficit of Rs. 22,469 in the net revenue as against a credit of Rs. 3,069 in the previous period. The increase in expenditure is due to flood damage to the Midnapore weir and the main canal, to renewal of lock-gates and to silt clearance of the 7th reach of the canal.

The area irrigated which was almost entirely under rice, increased from an average of 65,783 acres in the three years ending March 1908 to an average of 69,401 acres in the period under review. The *rabi* irrigation is nominal. On this canal the irrigation leases are practically all for a term of years. The total area of these leases has been restricted to 80,000 acres owing to the uncertainty of the volume of supply in the river, which fails in a dry October just when it is most required.

12. On the **Hijili Tidal Canal** there has been a decrease in the navigation receipts mainly due to the bad harvest of the year 1908-09 and to the long closure of the canal during 1910-11 for heavy silt clearance and special repairs to the locks which also accounts for the increase in working expenses during the period under review. The receipts from all sources averaged Rs. 55,051 as against Rs. 66,889 the average of the previous period. The working expenses amounted to Rs. 61,491 as against Rs. 48,018 in the previous period. The result was a deficit of Rs. 6,440 as against an average net revenue of Rs. 18,871 in the period ending March 1908.

13. On the **Sone Canals** Rs. 6,718 were spent on works chargeable to the Capital account, the principal items being (1) constructing Dehora sub-distributary from the Mali distributary of the Patna Canal and (2) converting the Midnapore village channel into a minor distributary. The former work is still in progress.

The annual receipts from all sources averaged Rs. 18,37,423 as against Rs. 15,34,518 and Rs. 13,90,831 in the two previous periods. The receipts

from water-rates show a satisfactory advance during the period under review, the annual average being Rs. 17,56,474 as against Rs. 14,43,346 for the previous triennium.

The average area irrigated annually during the triennium was 595,549 acres, as against 571,850 acres in the previous period. The increase took place under *kharif*. During 1908-09 the total area that was irrigated (653,296 acres) is the largest that has been reached on this system.

The annual working expenses averaged Rs. 7,59,918, or Rs. 1,15,053 more than the average of the previous period. The increase is due chiefly to renewals and repairs of lock-gates, to the construction of a revetment on the right bank of the Sone river at Arwal to protect the Patna Canal and to heightening the crest shutters of the Sone weir. The net result of the working of the period under review was an average annual surplus of receipts over working expenses of Rs. 10,77,505, which is equivalent to a return of 4·03 per cent. on the capital outlay. These canals have now ceased to be a financial burden to the Province, and their indrect value is of the greatest importance.

14 The **Dhaka Canal** has been in operation from the year 1906-07. The average area irrigated during the triennium was 8,509 acres, as against an average of Rs. 10,999 acres for the two years ending March 1908. The demand for irrigation from the canal depends largely on the rainfall between the middle of September and the middle of October.

The average receipts for the period under review amounted to Rs. 18,078 as against an average of Rs. 10,376 for the two years 1906-07 and 1907-08. The working expenses averaged Rs. 30,145, the result being a net annual deficit of Rs. 12,067 for the period under review. The increased cost under working expenses is due to an adjustment of charges for establishment debited to this canal.

The capital outlay (direct charges) incurred to the end of 1910-11 amounted to Rs. 5,46,079. The construction estimate was closed on the 31st March 1908, and all further capital outlay will be incurred under open capital rules.

15. The capital outlay (direct and indirect charges) on canals classed as **Minor Works and Navigation** was Rs. 17,29,995 during the period under review and Rs. 1,62,72,152 up to the end of this period. The average annual receipts and working expenses amounted to Rs. 5,40,764 and Rs. 5,84,700 respectively, the result being an average annual deficit of Rs. 43,936 as against a similar result of Rs. 94,802 for the period ending March 1908.

The financial results of each of the canals and the capital expenditure to date are exhibited in the following table :—

16. The **Calcutta and Eastern Canals** are a series of navigable channels, mostly natural but partly artificial, by which communication is maintained between Calcutta and Eastern Bengal through the Sundarbans. The average annual receipts were Rs. 3,99,322, or Rs. 49,840 less than the annual average of the previous period. The decrease under navigation is due to a large number of boats being damaged by the cyclonic storm in October 1909 and to the closure of the Bhangore Khal and Chitpur Lock during 1910-11 and to the competition of the extension of the Baraset-Basirhat Light Railway. The miscellaneous receipts also show a falling off due to the warehouses on the banks of the New Cut Canal remaining vacant owing to the want of tenants at the rents demanded. The average annual working expenses amounted to Rs. 3,12,693 as against Rs. 4,11,150, the average for the previous period. The net result is an average annual revenue of Rs. 86,629 in excess of working expenses as against an annual average of Rs. 38,012 in the previous period.

The outlay charged to the Capital account of this system during the period under review was chiefly incurred on the construction of a new canal called the Kristopur Canal about 10 miles in length from Ultadanga to Bamanghatta. This canal was opened to traffic on the 15th June 1910. Its object is to provide an alternative route for traffic for the eastern districts, as the lake channel below the Dhappa Lock is rapidly silting up. The new canal is a great convenience to the boatmen as it saves them considerable trouble and delay.

17. The **Madaripur Bhil Channel** connecting the Madhumati and Kumar rivers, formerly a portion of the Calcutta and Eastern Canals, now forms a separate project. The capital expenditure (direct charges) of Rs. 8,49,396 was incurred in deepening the channel by means of the suction dredger *Foyers* in order to convert it into a perennially navigable channel for inland steamer traffic. An estimate amounting to Rs. 31,66,876 for direct charges for the improvement of this channel has been sanctioned by the Secretary of State. This amount includes Rs. 14,51,374 previously spent on the project by this Government to the end of 1906-07. As the channel now falls within the province of Eastern Bengal and Assam, certain arrangements have been come to between this Government and the Government of Eastern Bengal and Assam for this Government to construct, control and work the channel for the present.

The average annual receipts were Rs. 47,111 as against Rs. 54,319 and Rs. 31,844, the averages for the two previous periods. The working expenses averaged Rs. 17,915 bringing in an average net revenue of Rs. 17,915, which is equivalent to a return of 1·23 per cent. on the capital outlay. At the present stage of the project it would be premature to expect a satisfactory return on the capital outlay. The steamer traffic has hitherto been limited to a little over three months (July, August and September) in each year, and has even then been hampered by the dredging operations, but when the whole of the channel is deepened so as to permit of steamer navigation throughout the year, it is expected that the revenue will increase considerably.

In September 1908, the suction dredger *Foyers* commenced deepening the Bhil Channel beginning from the western entrance and by the close of the period under review had completed the deepening in 11 out of a total length of 21 miles. It is expected that the deepening will be completed by March 1912.

18. The **Orissa Coast Canal** is a continuation of the Hijili Tidal Canal and is of use for navigation only. This canal in conjunction with the Hijili Tidal Canal affords communication between Bengal and Orissa and previous to the opening of the railway was the only inland route by which supplies of food could be thrown into Orissa in time of famine. There has been no improvement in the receipts during the period under review, which averaged Rs. 24,671 as against an average of Rs. 31,074 in the preceding period. The falling off is principally due to a bad harvest in 1908-09.

There has, however, been a reduction in the maintenance charges due to a smaller expenditure in silt clearance. The financial results are far from satisfactory, the result of the period being an annual deficit of Rs. 62,795 as against a deficit of Rs. 77,986 in the preceding period. It is not probable that this canal will ever pay its working expenses, but it is of service to the country through which it passes and its indirect value appears to be sufficient to warrant its maintenance.

19. The **Saran Canals** practically remained closed during the past three years. Water was occasionally supplied at the request of the Managers of the Hathwa Raj and of certain indigo concerns who paid the cost of making the necessary dams, etc. No water-rate was charged and the irrigation was not controlled by the Public Works staff.

20. The work in the **Nadia Rivers** consists in the training of the low-water channels with the object of giving a greater depth over the shoals for boat traffic. This object is only attained to a small degree. Still the work done is of use and it guards against the danger of these offshoots of the Ganges, which combine and afterwards form the Hooghly, closing up altogether in the dry season, and also provides a supply of fresh water for the towns and villages along their course.

The annual receipts averaged Rs. 33,399 during the period under review as against Rs 60,807 in the preceding period. The annual average working expenses for the two periods were Rs. 1,25,018 and Rs. 1,34,010 respectively, and the net result was an annual deficit of Rs. 91,619 for the period ending March 1911 as compared with a deficit of Rs. 73,203 in the preceding period. The decrease in receipts is due to the diversion of traffic to railways. The decrease in working expenses is due chiefly to less expenditure on bandalling works. With the growth of railway lines on either bank of the Bhagirathi it is not likely that the net revenue from these rivers will improve to any material extent. These channels will, however, always have a certain value as traffic routes and as a source of water-supply for domestic purposes.

21. The **Gaighatta and Baxi Khal**, a short channel connecting the rivers Damodar and Rupnarain, was maintained at an average annual cost of Rs. 3,527. The collection of tolls and fishery rights have been leased out for three years from 1910-11 at Rs. 4,900 per annum, as against Rs. 4,500 for the first two years of the triennial period, which was also the rate for the ten years ending 1905-06. For the years 1906-07 and 1907-08 the rate was Rs. 3,000 per year.

22. The **Eden Canal** was originally constructed as a sanitary measure but is now used to some extent for irrigation. The average annual receipts were Rs. 26,147 as against Rs. 23,385 in the preceding triennium. The annual working expenses amounted to Rs. 23,495 as against Rs. 32,394 in the previous period, the net result being an annual surplus of Rs. 2,652 over working expenses as compared with a deficit of Rs. 9,009 for the period ending March 1908. The increase in receipts is due to a larger area being irrigated during the year 1910-11 and also to the rate for *kharif* leases for a term of years being raised from five to eight annas per bigha. The decrease in expenditure is due to a smaller outlay on the maintenance of the canals and distributaries.

The area irrigated during the triennium averaged 20,930 acres as against 22,854 acres, the average of the preceding period. The area under irrigation cannot be increased unless a weir is constructed across the Damodar river; a scheme for a weir and canal is under consideration.

23. The average area irrigated from the **Madhuban Canal** was 3,074 acres, as against 3,206 acres in the previous period. The average annual outlay incurred for maintaining the canal, including charges for establishment and for works of improvement was Rs. 10,482 as against Rs. 4,661 in the previous period. A charge for irrigation from this canal was first made during the year 1905-06. The average annual receipts were Rs. 5,005, as against Rs. 2,590 in the period ending March 1908.

24. An abstract of the results of the experiments made on "average" rice crops in the irrigated and unirrigated lands, and the value of the outturn per acre during the triennial period under review is given below:—

Note.—Rice=¾ mds. of paddy.

The high prices prevailing generally in 1908-09 have caused a great increase in the assumed average value.

25. The results of the work of the three years are, on the whole, satisfactory so far as the major works are concerned, there has been an increase in the revenue, and the works have been efficiently maintained. On account of special repairs, which were unavoidable, there has been an increase in the working expenses. The areas under irrigation have also increased. Water-rates have been collected almost in full with very little occasion to resort to coercive measures.

The thanks of Government are due to the officers and staff of the Department generally.

Order.—Ordered that a copy of this Resolution be published in the *Calcutta Gazette*, and that a copy thereof and of the Chief Engineer's note be submitted to the Government of India in the Public Works Department and circulated to other Governments and to all Departments and officers of this Government as usual.

RESOLUTION ON THE ADMINISTRATION REPORT OF THE HOWRAH BRIDGE FOR THE YEAR 1910-11.

No. 2610Marine.

Government of Bengal.

MARINE DEPARTMENT.

Dated Calcutta, the 7th November 1911.

RESOLUTION.

Administration Report of the Howrah Bridge for the year 1910-1911.

READ—

The Administration Report of the Howrah Bridge for 1910-11.

The income derived from the bridge during the year 1910-11 amounted to Rs. 2,28,250 and the expenditure to Rs. 2,18,388, as against Rs. 2,29,410 and Rs. 2,18,700, respectively, in 1909-10.

The receipts from railway traffic, the main source of revenue, increased from Rs. 2,07,209 in 1909-10 to Rs. ,08,024 during the year under review, but there was a decrease in the earnings of the bridge steamers—the *Buckland* and the *Howrah*.

The following statement shows the number of vessels that passed through the bridge during 1910-11 and the previous four years:—

	1910-1911.	1909-1910.	1908-1909.	1907-1908.	1906-1907.
Sea-going vessels	107	124	139	130	148
Inland steamers and flats	2,457	2,323	2,103	2,033	1,870
Steam tugs and steam launches ...	651	574	725	715	934
Port Commissioners' vessels	105	109	150	133	179
Government steamers and flats ...	5	25	25	9	11
Total ...	3,325	3,155	3,142	3,020	3,142

Sixteen accidents took place during the year as compared with 27, 27, 34 and 31 in the preceding four years. Of these, nine were accidents to cargo and passenger boats, as against eight in the previous year. In six cases cargo boats were lost.

The bridge remains in a good state of preservation.

RESOLUTION—By the Govt. of Bengal, Public Works Dept., (Irrigation).

Letter No. 405T.—*I*., dated 20th September 1906, from the Government of Bengal to the Government of Eastern Bengal and Assam

Letter No. 1548M., dated 1st December 1906, from the Government of India.

Letter No. 4*I*., dated 26th February 1906, from the Government of Eastern Bengal and Assam.

Letter No. 100T.—*I*., dated 11th May 1906, from the Government of Bengal to the Government of Eastern Bengal and Assam.

Letter No. 23*I*., dated 21st May 1906, from the Government of Eastern Bengal and Assam.

Letter No. 5695, dated 5th June 1906, from the Managing Agents, India General Navigation and Railway Company.

OBSERVATIONS.—The Government of Bengal has for several years been at work on the improvement of a navigation channel which traverses the large bhil in the Faridpur district usually known as the Madaripur bhil. It is proposed to deepen the channel by means of dredging so that it may be open for traffic throughout the year, and an estimate providing for this has been submitted to the Government of India.

The Faridpur district is now in the Province of Eastern Bengal and Assam. It has been arranged, with the concurrence of the Government of Eastern Bengal and Assam that for the present the Bengal Government shall retain charge of this channel, and that the Government of Eastern Bengal and Assam shall be consulted with respect to its management and development. It is also desirable that the natural and artificial channels, connecting Calcutta with the districts of Eastern Bengal and Assam, and which are largely used by steamers as well as by country boats, should receive attention from both Provinces. This object will be met by the appointment of a Standing Committee on which the Government of either Province and the Agents of the Steamer Companies will be represented.

RESOLVED.—It is therefore directed, with the concurrence of His Honour the Lieutenant-Governor of Eastern Bengal and Assam, that a Standing Committee be appointed to periodically inspect the natural and artificial waterways between Calcutta and Eastern Bengal, and to suggest measures of improvement.

The Committee will consist of—

PRESIDENT:

The Chief Engineer and Secretary to the Government of Bengal in the Irrigation Department.

MEMBERS:

The Superintending Engineer, South-Western Circle, Bengal.

The Superintending Engineer, Eastern Bengal Circle, Eastern Bengal and Assam.

A representative of the Steamer Companies to be nominated by the Managing Agents of the India General Navigation and Railway Company and the Agents of the Rivers Steam Navigation Company, acting jointly.

For the present the scope of the Committee will be limited to the channels from Calcutta as far east as Barisal and Madaripur

The Committee will furnish both Governments with suggestions in respect to the measures of construction and maintenance which may be required to give greater facilities of traffic and also to measures of control or regulation of the traffic.

The Under-Secretary to the Government of Bengal in the Irrigation Department will act as Secretary to the Committee and the records will be kept in the Bengal Secretariat.

ORDER.—Ordered that a copy of this Resolution be forwarded to the Government of India in the Public Works Department; Government of Eastern Bengal and Assam, Public Works Department; Superintending Engineer, South-Western Circle, and Managing Agents, Steamer Companies, Calcutta, for information.

Secy. to the Govt. of Bengal.

CIRCULAR No. 27-F.-267—3.

GOVERNMENT OF INDIA.

DEPARTMENT OF REVENUE AND AGRICULTURE.

(FORESTS)

Simla, the 25rd October 1911.

INDIAN FOREST SERVICE.

Regulations as to the appointment of Probationers, 1912.

1. *Appointments.*—The Secretary of State for India in Council will, in the summer of 1912, make *not less than five appointments* of Probationers for the Indian Forest Service, provided that so many candidates are considered to be in all respects qualified.

In making these appointments, he will act with the advice of a Selection Committee.

2. *Applications for Appointment.*—Applications for appointment must be made on a printed form to be obtained from the Secretary, Judicial and Public Department, India Office, Whitehall, London, S.W., and to be returned to him not later than *Monday, the 1st July 1912.* Candidates must be prepared, if called upon, to attend at the India Office, at their own expense, for a personal interview with the Selection Committee within three weeks from that date.

3. *Age Limit.*—Candidates must be not less than 19 but under 23 years of age on the 1st July 1912.

Notice is hereby given that the age limits for the recruitment of 1913 and following years will be 19 and 22 years on the 1st January *of the year in which the selection is made.*

4. *Nationality, etc.*—Every candidate must be a natural-born British subject. He must be unmarried, and if he marries before he reaches India he will forfeit his appointment. He must be of good physique, and must produce evidence of character to satisfy the Secretary of State for India in Council that he is suited for the Indian Forest Service.

5. *Qualifications.*—Candidates must be able to show that in addition to having received a good general education they have passed with honours in a public examination for a degree in some branch of Natural Science held by a University in Great Britain or Ireland. A good general education should be understood to include, at the least, a fair knowledge of English Composition, Mathematics up to and including Plane Trigonometry, and either German or French. The production of school certificates granted by the examining authorities of Universities, or of certificates that a candidate has passed the Matriculation Examination of a University, in the subjects named or of other certificates held by the Secretary of State in Council to be equivalent, will be taken to show that a candidate satisfied the requirements of this clause.

6. Should there be more candidates considered to be qualified in every respect than vacancies to be filled, the Secretary of State reserves the right to require them to pass a competitive examination conducted by the Civil Service Commissioners, on the results of which their final selection would depend. Particulars of this examination, which would be held in August, will be found in Appendix I.

7. *Medical Examination.*—Selected candidates will be required to undergo a strict examination by a Medical Board at the India Office, at which particular stress will be laid on good vision and hearing, and to satisfy the Secretary of State for India that they are physically fit for service in the Indian Forest Department (*see* Appendix V).

Candidates who do not satisfy the Secretary of State for India that they are physically fit for appointment to the Indian Forest Service will not be admitted to the competitive examination mentioned in Regulation 6.

8. *Period of Probation.*—The ordinary period of probation will be two years. During that time probationers will be required to pass through the Forestry course at one of the Universities named in the margin, becoming members of that University if not so already; to obtain the Degree or Diploma in Forestry which it grants; to acquire some knowledge of Hindustani; and to

Oxford, Cambridge, Edinburgh.

satisfy such other tests of proficiency as may be deemed necessary. The case of students who have already obtained such degree or diploma at any of the above-named Universities will be specially considered in each case.

During the vacations the probationers will, under the direction and supervision of the Director of Indian Forest Studies appointed by the Secretary of State for India in Council, receive practical instruction in such British and Continental forests as may be selected for the purpose.

9. *Charges.*—The probationers will be required to defray all expenses of lodging, board, tuition, and excursions, while at the University, and on practical instruction in Britain and on the Continent with the exception of fees payable to local forest officers in Britain and on the Continent.

10. *Allowances.*—The Secretary of State for India in Council will make payments to each probationer at the rate of 120*l.* annually, not exceeding a total of 240*l.* (besides the fees to local officers mentioned above). These payments will ordinarily be made on the following dates in each year:—

	£
On the 1st December	30
On the 1st March	30
On the 1st June	60

The cases of probationers whose probation does not extend over the full two years will be specially considered.

The grant of the allowances is subject to the following conditions:—

(*a*) that the progress of the probationer in his studies is satisfactory;

(*b*) that the probationer gives security to refund the payments in case he fails to join the Indian Forest Service at the end of the period of probation.

11. *Conduct.*—Every probationer will be required to conduct himself during the period of probation in a manner satisfactory to the Secretary of State, and to give evidence of satisfactory progress in his studies in such a manner as may be required, failing which, or in the event of serious misconduct, he will be liable to have his name removed from the list of probationers.

12. *Appointment and Seniority.*—Probationers who obtain a Degree or Diploma in Forestry, and are of sound constitution and free from physical defects which would render them unsuitable for employment in the Indian Forest Service, will be appointed Assistant Conservators in the Indian Forest Department. Their position in the Provincial Forest Lists will be determined by the Secretary of State for India in Council on the Report of the Director of Indian Forest Studies; but in making selections for the post of Conservator, officers joining the service in the same year are reckoned as equal in seniority unless the Secretary of State for India in Council shall for special reasons have directed otherwise in any particular case or cases.

They will be allowed at the end of the period of probation to state their preference in respect to the Provinces to which they desire to be allotted; but the distribution will be made to the several Provinces according to the needs of the public service, at the discretion of the Secretary of State for India Officers are, however, at all times liable to be transferred from one Province to another at the pleasure of the Government of India

13 *Riding.*—Every probationer, before proceeding to India, will be required to satisfy the Secretary of State, in such manner as may be determined, of his ability to ride.

14. *Articles of Agreement.*—Within a month of his nomination as Assistant Conservator, each nominee must sign articles of agreement describing the terms and conditions of his appointment; he must embark for India when required to do so by the Secretary of State, and must engage his own passage. Failure to embark at the stated time will, in the absence of satisfactory explanation, lead to forfeiture of appointment.

15. *Salary.*—An Assistant Conservator of Forests will draw pay at the rate of Rs. 280 a month (equivalent to 304*l.* a year, when the rupee is at 1*s.* 4*d.*) from the date of his reporting his arrival in India.

16. *Promotion, Leave, Pension and Provident Fund.*—Promotion, leave, and pension will be governed by the Regulations laid down by the Government of India, and applicable to Forest officers, such regulations being subject to any modifications or alterations which may be made in them from time to time by the Government of India, and their interpretation in case of any doubt arising being left to that Government. A copy of the existing regulations can be seen on application at the India Office.

Certain information regarding appointments in the upper controlling staff of the Indian Forest Service, the pay of which has been recently improved, will be found in Appendix II; a summary of information regarding Leave is contained in Appendix III; and regarding Pensions and the Provident Fund in Appendix IV.

INDIA OFFICE,
29th August 1911.

APPENDIX I.

COMPETITIVE EXAMINATION.

In the event of the Civil Service Commissioners being requested by the Secretary of State for India in Council to hold an examination in any year of candidates nominated by him to compete for appointment as probationers for the above service, the following will be the subjects in which such candidates will be examined:—

(1) English Composition.
(2) German *or* French.
(3) Chemistry.
(4) Physics.
(5) Geology.
(6) Botany.
(7) Zoology.

Not more than two of the subjects numbered 4 to 7 may be offered.

Candidates must pass to the satisfaction of the Civil Service Commissioners in the first three subjects.

In the subjects numbered 3 to 7, only marks showing real attainment will be counted towards the order of merit, so that a candidate who has a thorough knowledge of one of the optional subjects may obtain on that subject alone as many marks as a candidate who offers two of the optional subjects on a lower standard.

SYLLABUS.

Languages.—The examination in German and French will include translation, composition, and conversation

Sciences.—The standard of the examination in Chemistry, Physics, Geology, Botany, and Zoology will be that of the Honours Schools of the Universities.

APPENDIX II.

5 Foreign Service appointments ..	
‡6 Officers employed at the Forest Research Institute and College, Dehra Dun.	

The appointments of Conservator and Deputy and Assistant Conservator are allotted to the various provinces as follows:—Burma, 65; Madras, 28; Bombay, 27; Central Provinces, 24; Bengal, 11; United Provinces, 19; Punjab, 12; and Eastern Bengal and Assam, 18.

* The officer holding this appointment draws, in addition to the pay of his grade, a minimum local allowance of Rs. 200 a month.

† Until he has passed the prescribed Departmental examinations, an Assistant Conservator may not draw pay at a higher rate than Rs. 460 a month. On passing the examinations, he will resume drawing pay under the time scale at the rate to which his length of service entitles him.

‡ These draw a local allowance of Rs. 150 a month in addition to their grade pay, with the exception of the Principal of the College, in whose case the allowance is at the rate of Rs. 200 a month.

NOTE.—Under the improved scale of salary shown above, no Exchange Compensation Allowance is granted.

APPENDIX III.

(*See paragraph 16 of the Regulations.*)

LEAVE.

1. The following is a summary of the principal regulations relating to the leave admissible to officers appointed to the Indian Forest Service by the Secretary of State from the United Kingdom.

Long Leave.

2. Furlough and special leave with allowances (*see* paragraph 6) are admissible to an aggregate maximum amount of six years during an officer's service. The amount of furlough "earned" is one-fourth of an officer's active service, and the amount "due" is that amount less any enjoyed.

3. Furlough without medical certificate can, if due, be generally taken after eight years' active service, and again after intervals of not less than three years' continuous service. It is limited to two years at a time.

4. Furlough on medical certificate may be granted (*a*) to an officer who has rendered three years' continuous service, for not more than two years, but capable of extension up to three years; and (*b*) to an officer who has not rendered three years' continuous service, up to one year in any case, and up to such longer period, if any (but not exceeding two years in all), as the officer may have furlough "due" to him.

5. The allowances admissible during furlough are:—

(1) During the first two years of furlough without medical certificate and during so much of furlough with medical certificate as may be "due"—half average salary, subject to certain maximum and minimum limits.

(2) After the expiration of the period for which the foregoing allowances are admissible—one quarter of average salary, subject to certain maximum and minimum limits.

6. Special leave may be granted at any time for not more than six months, with intervals of six years' service; allowances, calculated as during furlough, are given during the first six months only, whether taken in one or more instalments.

Short Leave.

7. Privilege leave is a holiday which may be granted to the extent of one-eleventh part of the time that an officer has been on duty without interruption; and it may be accumulated up to three months earned by 33 months' duty. During privilege leave, the officer retains a lien on his appointment, and receives the salary which he would have received if on duty. An interval of not less than six months must elapse between two periods of absence on privilege leave.

Privilege leave may be prefixed to furlough, special leave, or extraordinary leave without allowances. The whole period of leave thus taken in combination is known as combined leave Combined leave may not be granted for a period of less duration than six months, nor, except on medical certificate, may it be extended beyond two years.

8 Subsidiary leave in India for a minimum of 10 days, usually with half average salary, is granted to an officer proceeding on or returning from leave out of India, or on retirement, to enable him to reach the port of embarkation or to rejoin his appointment. It is admissible only at the end and not at the beginning of combined leave

9. Short leave is also granted to enable officers to appear at examinations, etc.

10. Extraordinary leave without allowances may be granted in case of necessity, and, except in certain specified cases, only when no other kind of leave is by rule admissible. It may be granted in continuation of other leave.

General Rules.

11. Leave of absence, whether on furlough or on privilege leave, can never be claimed as of right, and is given or refused at the discretion of Government.

12. After five years' continuous absence from duty, an officer is considered to be out of the employment of Government.

13. When leave allowances other than privilege leave pay are paid at the Home Treasury, or in a Colony where the standard of currency is gold, rupees are converted into sterling at the rate of exchange fixed for the time being for the adjustment of financial transactions between the Imperial and Indian Treasuries, unless any other rate has been exceptionally authorised. But for the present the rate of conversion is subject to a minimum of 1*s.* 6*d.* to the rupee. Privilege leave pay when issued from the Home Treasury (this is only admissible when privilege leave is combined with other leave) is converted at 1*s.* 4*d.* to the rupee.

APPENDIX IV.

(*See paragraph 16 of the Regulations.*)

PENSIONS AND PROVIDENT FUND.

1. The following is a summary of the principal pension rules applicable to officers of the Indian Forest Service appointed by the Secretary of State from the United Kingdom.

An officer of the Indian Forest Service is eligible for a pension on voluntary retirement after completing 20 years' qualifying service or attaining the age of 55 years. If at an earlier date he is compelled to retire from the service through ill-health, not occasioned by irregular or intemperate habits, he becomes eligible for an invalid pension or a gratuity according to the length of his service.

The amount of pension or gratuity is regulated as follows :—

After a service of less than 10 years, an invalid gratuity not exceeding one month's emoluments for each completed year of service.

After a service of not less than 10 years an invalid pension not exceeding the following amounts :—

Years of completed service.	Maximum limits of pension.
	Rs.
10	1,000 a year.
11	1,400 „
12	1,800 „
13	2,200 „
14	2,600 „
15	3,000 „
16	
17	
18	
19	

After a service of not less than 20 years, a retiring pension not exceeding the following amounts :—

Scale of Pension.

Years of completed service.	Sixtieths of average emoluments	Maximum limit of pension.
		Rs.
20 to 24 ...	30	4,000 a year.
25 and above ...		5,000 „

Officers who have shown special energy and efficiency during an effective service of three years as Inspector-General of Forests or Conservator may, at the discretion of the Government of India, be allowed an additional pension of Rs. 1,000 a year, subject to the condition that the officer must not retire voluntarily before the completion of a total qualifying service of 28 years.

Subject to certain prescribed conditions, rupee pensions are now issued to pensioners residing in countries where the Indian rupee is not legal tender at the rate of exchange of 1*s.* 9*d.* the rupee.

2. A General Provident Fund has also been established on the following basis :—

(*a*) The contribution is compulsory up to 6¼ per cent. on salaries, with voluntary contributions of not more than a further 6¼ per cent. Subscriptions on leave of any kind are optional; other forms of life insurance will, if they fulfil certain conditions, be accepted in lieu of such contribution.

(*b*) Compound interest on such payments is annually credited by Government to each officer subscribing, the rate being at present 4 per cent. per annum.

(*c*) The sum which will thus accumulate to the credit of an officer to be his absolute property, to be handed over to him unconditionally on quitting the service; or, in the event of his death before retirement, to his legal representatives.

APPENDIX V.

GENERAL PHYSICAL REQUIREMENTS.

Note.—These Regulations are published for the convenience of candidates and in order to enable them to ascertain the probability of their coming up to the required physical standard. But it must be clearly understood that the Secretary of State reserves to himself

an absolute discretion to reject as unfit any candidate whom he may consider, after hearing the opinion of his medical advisers, to be physically disqualified for the public service; and that his discretion is in no respect limited by these Regulations.

1. A candidate must be in good mental and bodily health, and free from any physical defect likely to interfere with efficient performance of duty.

2. In the examination of candidates the Medical Board will apply the following table of correlation of age, height, and chest girth:—

Age.	Height without shoes.	Chest.	
		Girth when expanded.	Range of expansion.
	Inches.	Inches.	Inches.
19 to 20	62½ and under 65	35	2
	65 „ 68	35	2
	68 „ 70	35½	2
	70 „ 72	36	2
	72 and upwards	36½	2½
21 and upwards	62½ and under 65	35	2
	65 „ 68	35½	2
	68 „ 70	36	2
	70 „ 72	36½	2½
	72 and upwards	37	2½

3. *Measurement of Height.*—The candidate will be placed against the standard with his feet together, and the weight thrown on the heels, and not on the toes or outside of the feet. He will stand erect without rigidity, and with the heels, calves, buttocks, and shoulders touching the standard; the chin will be depressed to bring the vertex of the head level under the horizontal bar, and the height will be noted in parts of an inch to eighths. No fixed limit of height is imposed.

4. *Measurement of Chest.*—The candidate will be made to stand erect with his feet together, and to raise his hands above his head. The tape will be carefully adjusted round the chest, the posterior upper edge touching the inferior angles of the shoulder-blades, and its anterior lower edge the upper part of the nipples. The arms will then be lowered to hang loosely by the side, and care will be taken that the shoulders are not thrown upwards or backwards so as to displace the tape. The candidate will then be directed to empty his chest of air as much as possible. This is best done by continuous whistling with the lips as long as sound can be produced. The tape is carefully gathered in during the process, and when the minimum measurement is reached it is recorded. The candidate will then be directed to inflate his chest to its utmost capacity. This maximum measurement will likewise be noted. The girth with the chest fully expanded and the range of expansion between the minimum and the maximum will then be recorded.

5. The hearing must be good.

6. The speech without impediment.

7. The teeth in good order, *i.e.*, decayed or broken teeth must be properly stopped or crowned, and deficient teeth replaced by artificial teeth where necessary for effective mastication.

8. The chest must be well formed, the lungs and heart sound.

9. Rupture, hydrocele, varicocele, varicose veins in a severe degree, or other condition likely to cause inefficiency will disqualify a candidate, unless such condition is cured by operation.

10. The limbs, feet, and toes must be well formed and developed, with free and perfect motion of all the joints.

11. A candidate must have no congenital malformation or defect likely to interfere with efficiency.

12. A candidate must not be the subject of chronic skin disease.

13. Evidence of previous acute or chronic disease pointing to an impaired constitution will disqualify.

14. Candidates may, not more than two years before they are qualified to compete for an appointment, undergo a preliminary examination by the Medical Board, which meets at the India Office every Tuesday, under the following conditions:—

(*a*) Applications must be addressed to the Under-Secretary of State, India Office, Whitehall, London, accompanied by a fee of two guineas, and a statement of the candidate's age

(*b*) Candidates must pay their travelling expenses.

(c) Candidates considered to be unfit by the Medical Board at this preliminary examination are not bound to accept its opinion, but may, *at their own risk*, continue their studies, with the knowledge that they will have to submit themselves for a final medical examination by the Medical Board, prior to their apppointment.

(d) On the other hand, it must be distinctly understood that the preliminary examination by the Medical Board is held solely for the candidate's information, and that if after that examination he is reported to be apparently fit, he has not on that account any claim to be accepted as physically fit when he presents himself for the final Medical Examination, upon which alone his acceptance or rejection will depend. Candidates may be considered fit for the Service at the preliminary examination, but may be found at the final examination to be unfit, either on account of some physical defect which did not exist or passed undetected at the preliminary examination, or for other reasons.

REGULATIONS AS TO THE STANDARD OF VISION FOR THE INDIAN FOREST SERVICE.

1. If myopia in one or both eyes exists, a candidate may be passed, provided the ametropia does not exceed 2 5 D, and if with correcting glasses, not exceeding 2·5 D, the acuteness of vision in one eye equal $\frac{6}{9}$ and in the other $\frac{6}{6}$, there being normal range of accommodation with the glasses.

2. Myopic astigmatism does not disqualify a candidate for service, provided the lens or the combined spherical and cylindrical lenses required to correct the error of refraction do not exceed—2·5 D; the acuteness of vision in one eye when corrected being equal to $\frac{6}{9}$ and in the other eye $\frac{6}{6}$, together with normal range of accommodation with the correcting glasses, there being no evidence of progressive disease in the choroid or retina.

3 A candidate having total hypermetropia not exceeding 4 D is not disqualified, provided the sight in one eye (when under the influence of atropine) equals $\frac{6}{9}$ and in the other eye equals $\frac{6}{6}$ with +4 D or any lower power.

4. Hypermetropic astigmatism does not disqualify a candidate for the service, provided the lens or combined lenses required to cover the error of refraction do not exceed 4 D, and that the sight of one eye equals $\frac{6}{9}$ and of the other $\frac{6}{6}$ with or without such lens or lenses.

5. A candidate having a defect of vision arising from nebula of the cornea is disqualified if the sight of one eye be less than $\frac{6}{12}$. In such a case the better eye must be emmetropic. Defects of vision arising from pathological or other changes in the deeper structures of either eye, which are not referred to in the above rules, may exclude a candidate for admission into the service.

6. Squint, or any morbid condition, subject to the risk of aggravation or recurrence, in either eye, may cause the rejection of a candidate. The existence of imperfection of colour sense will be noted on the candidate's papers.

Ordered that a copy of the foregoing Regulations be forwarded, for information, to the Local Governments and Administrations noted in the margin, the Inspector-General of Forests, and the Comptroller, India Treasuries. Also that the Regulations be published in the Supplement to the *Gazette of India*.

Authority to Promoters to construct tramway.

5. The Promoters shall construct and maintain, subject to the provisions specified in this Order, and to the agreement made between the Promoters and the Local Authority, which is set forth in the First Schedule attached to this Order, and in accordance, also, with plans and sections deposited by the Promoters with the Local Government, the tramway hereinafter described, with all proper establishments, rails, bearings, stations, offices, works, rolling-stock, and conveniences connected with the tramway or required for the purposes thereof.

Dates for commencing and completing the tramway.

6. (1) Subject to any extension of time that the Local Government may see fit to grant, the Promoters shall complete and equip the said tramway in every respect for opening and working for traffic to the satisfaction of the Local Government within six months from the date of this Order.

(2) In the event of the said Promoters failing to complete and equip the tramway as provided in the first paragraph of this clause, then and in any such case the Local Government shall be at liberty to revoke this Order, and the Local Government shall thereafter be at liberty to enter into any arrangements with any other person or persons for the construction of the said extension; and in the event of this Order being revoked by reason of the said Promoters failing to complete and equip, and open for traffic, the said tramway within the period of six months from the date of this Order, the Local Government shall have the option of taking over all the permanent-way of the tramway at a reasonable valuation to be determined by the Local Government; and in the event of the Local Government exercising this option, all the other works and buildings of the tramway may be dealt with under the provisions of the Act relating to the discontinuance of tramways as a tramway whereof the discontinuance has been proved to the satisfaction of the Local Government.

If, however, the Local Government do not desire to exercise the option of taking over the permanent-way of the tramway as herein provided, then and in such case the tramway, including the permanent-way, and all the buildings and works of every kind connected therewith may be dealt with under the provisions of the Act relating to the discontinuance of tramways as a tramway whereof the discontinuance has been proved to the satisfaction of the Local Government.

Description of the tramway authorized.

7. The tramway authorized by this Order is a single line, with necessary passing places within the district of Patna. Starting from Silao station, the present terminus of the Bukhtiarpur-Bihar Light Railway, the line proceeds along the District Board Road, with three diversions, to Rajgir, a distance of 4½ miles.

From Silao the line proceeds for about ¼ mile in a southerly direction across country and then continues in a south-westerly direction for a further ¼ mile until it joins with the District Board Road. Thence it follows the District Board Road for about two miles in a southerly direction until it reaches the village of Punditpur whence the alignment makes a diversion round the village, the road being unsuitable. Thence it follows the District Board Road in a south-easterly direction until it reaches Rajgir Bazar. A third diversion is here necessary to enable the line to be taken as close as possible to the Sacred Hot Water springs, where the Rajgir triennial *mela* is held.

Promoters authorized to use the road subject to limitation.

8. The Promoters may use for the construction of the tramway, but not for the purposes of any building or erection connected therewith, one side of the road over which the tramway is to run, 8 feet in width.

In cases where there are no buildings on that side of the road on which the tramway is laid, the said width of 8 feet shall be measured from the gutter on that side of the road, or where the road is in embankment, from the edge of such embankment; and in cases where there are buildings on that side of the road, the said width shall be measured from such point on that side as in the opinion of the Government Inspector of Local Works appointed for the district of Patna, under the provisions of section 123 of the Bengal Local Self-Government Act [Act III (B. C.) of 1885], is safe and proper; but for the purpose of crossing bridges, where desired, the tramway may approach the centre of the road as far as shall, in each case, be deemed unavoidable by the said Government Inspector of Local Works;

Provided always that—

(1) there shall nowhere be a less width of road clear of the inner rail of the tramway than 14 feet;

(2) if any addition to or alteration of any bridge is in the opinion of the Government Inspector of Local Works rendered necessary by the tramway, the same shall be carried out by and at the cost of the Promoters to the satisfaction of the the said Inspector of Local Works.

Bridges.

9. In all cases where, in the opinion of the Government Inspector of Local Works, the existing road bridges are not sufficiently strong to carry the tramway, the Promoters shall make at their own cost such additions to or alterations of any such bridges as may be required by the said Inspector of Local Works, and the work shall be carried out and completed to his satisfaction:

Provided that the Promoters may, at their option, construct at their own cost, for the purposes of the tramway, separate bridges of such design and in such manner as shall first be approved by an Engineer or other officer duly appointed in this behalf by the Local Government, and shall complete the same to the satisfaction of the said officer.

Acquisition of additional land required by Promoters. Disposal of land not required by the Promoters.

10. (1) Such additional land (over and above that which the Local Authorities have agreed to grant free to the Promoters, in terms of the first schedule hereunto annexed) as may be required by the Promoters and sanctioned by the Local Government as necessary for the purposes of the tramway shall be acquired by the Local Government on behalf of the Promoters under the Land Acquisition Act, I of 1894, and the cost of acquiring such land shall be met by the Promoters.

(2) The Promoters may from time to time, with the approval of the Local Government, but not otherwise, sell or otherwise dispose of any land acquired by the Local Government on their behalf, which may no longer be required for the purposes of the undertaking.

Gauge of tramway and provisions regarding grooved or double rails.

11. The tramway shall be constructed of a guage of 2'-6". At all level crossings of district and village roads double rails should be used, and at such places the road shall be maintained flush with the level of the top of the rails. At such places the rails shall be kept properly secured to each other by distance pieces placed at regular intervals to the satisfaction of the Government Engineer.

Standard dimensions to be observed.

12. Without prejudice to the powers conferred on the Local Authorities by section 14 of the Act, as regards the type of cars and carriages to be used on the tramway and the brakes and other appliances with which they are to be furnished, the standard weights and dimensions of rails, sleepers, rolling-stock and other equipment of the tramway are to be as set forth and described in the Government of India List of Standard Dimensions or as previously adopted, under due sanction, on the Bukhtiarpur-Bihar Light Railway. The Local Government, however, reserve to themselves the right to revise the said standard weights and dimensions, and the special sanction of the Local Government must be obtained before the materials, etc., required for the tramway are ordered.

Stations and buildings.

13. The Local Government shall have the power of determining, from time to time, the situation and dimensions of all stations, station yards, offices, warehouses, houses for employés, conveniences and works to be constructed in connection with or as part of the tramway.

Fencing.

14. The Promoters shall, within three calendar months of being called upon by the Local Government to do so, be bound to provide, at their own expense, fencing on both sides of the tramway, either along the whole or any part of its length, and shall carry out and complete the work in such manner and in such time as the Local Government may direct.

Provision of level crossings, gates and gatemen.

15. (1) The Promoters bind themselves to provide at their own cost, and to the satisfaction of the Local Government, suitable level crossings wherever the tramway crosses district and village roads, and at such other places as the Local Government, or any officer appointed by the Local Government in this behalf, may, from time to time, direct.

(2) The Promoters shall, at their own cost, provide gates with gate-keepers' lodges, and shall maintain, at their own cost, gate-keepers at such level crossings or bridges crossed by the tramway as the Local Government may, from time to time, direct.

Provision of additional crossing places, etc., required by Promoters.

16. Subject to the previous sanction of the Local Government in each case, the Promoters may hereafter, from time to time, make, at their own cost, such crossings, passing-places, junctions, and other works as may be required, in addition to those specified in their application for this Order or authorized by this Order, and all such works shall, when sanctioned by the Local Government, be completed to the satisfaction of the Local Government.

Additional works required by Local Government.

17. The Promoters shall, at their own cost, construct and maintain all such stations, passing-places, sidings, junctions, and all other works, in addition to those specified in or authorized by this Order, and shall also employ and maintain all such establishments, in addition to those specified in or authorized by this Order, as the Local Government may, from time to time, consider to be expedient for the safe and efficient working of the tramway, or for the convenience and safety of the public and of the traffic of the roadway. All such additional works shall be completed to the satisfaction of the Local Government.

Accommodation at railway stations for Post offices and quarters for postal staff.

18. The Promoters shall, when required by the Local Government, construct and maintain, at their own cost, accommodation at railway stations for post offices and quarters for the postal staff, at a rental not exceeding 7½ per cent. per annum on the actual cost of the buildings and land.

MOTIVE POWER, SPEED AND SIGNALS.

Power to be used by the tramway.

19. The vehicles used on the tramway may be moved by steam power. The locomotives may be of the outside cylinder and motion type.

Speed of trains.

20. The speed of trains on the tramway shall not exceed 12 miles, or such other speed as may, from time to time, be authorized by the Local Government: Provided always that, until the whole line is fenced on both sides, the maximum speed shall not exceed 10 miles an hour, and the engines shall be fitted with cow-catchers, similar to those of the Bukhtiarpur-Bihar Light Railway.

Signals.

21. All permanent crossing stations shall be provided with outer signals, located at such distance from the facing points as shall be laid down by the Local Government. The Local Government, reserve themselves the right to order further signals to be provided at such stations and other places as is considered necessary by the Government Inspector of Railways.

In thick, foggy, or tempestuous weather, detonator signals shall be used in addition to the ordinary day and night signals, and all signals in use on the tramway shall be constructed, worked and used in accordance with such orders as may be prescribed from time to time by the Local Government.

MAINTENANCE AND WORKING OF TRAMWAY.

Maintenance of way, works and stock.

22. The Promoters shall at all times maintain and keep in good condition and repair, to the satisfaction of the Local Government, or of any officer duly appointed in this behalf by the Local Government, all way, works, rolling-stock, and appliances appertaining to the tramway; and shall maintain the tramway, way, works, rolling-stock and appliances, and shall work the same in such manner as will, to the satisfaction of the Government Engineer, avoid all risks of danger or annoyance to the ordinary road traffic.

Maintenance of portion of road over which tramway runs.

23. (1) The Promoters shall maintain and keep in repair, to the satisfaction of the Government Inspector of Local Works, so as not to interfere in any way with the efficient drainage of the road, the portion of the road on the side on which the tramway is laid; such portion shall include the width of the side of the road on which the tramway is laid, from a point 4 feet from the centre line of the tramway on the side nearest to the centre of the road and on the other side to the bottom of the slope of the embankment when the road is in embankment, or to the top of slope of the cutting when it is in cutting or where there are buildings to the point, to be determined by the Government Inspector of Local Works under the provisions of clause 8 of this Order.

The said portion of the road shall be ballasted by, and at the cost of, the Promoters, who shall also, at their own cost, alter the position or level of the tramway and of the said portion of the road to suit future alterations in the road of such future alterations in the tramway as may be approved by the Local Government, and shall forthwith repair, make good and reinstate, to the satisfaction of the Government Inspector of Local Works aforesaid, any other portion of the road which shall at any time be in any way damaged by reason of any fault of the Promoters or of any accident to or upon the tramway. The gutter or drain on the side of the road on which the tramway is laid, as the same at present exists or shall hereafter be constructed at the cost of the Local Government or of the Local Authority, shall likewise be maintained in efficient order by and at the cost of the Promoters.

(2) The portions of the road, from 4 feet from the centre line of the tramway to the opposite side of the road from the tramway, will be maintained and kept in repair by and at the expense of the Local Authority.

Inspection of works, accounts, etc.

24. The undertaking and all works, stock, appliances and accounts appertaining thereto shall, at all times, be open to the inspection and examination of any person or persons whom the Local Government may appoint for that purpose, and the Promoters shall afford all reasonable facilities for the inspection or examination to the officer making it.

Closing of tramway and disuse of rolling-stock by order of Local Government.

25. When, after inspection of the tramway or portion of the tramway or any rolling-stock used thereon, the officer making the inspection under clause 24 of this Order reports to the Local Government that, in his opinion, the use of the tramway or any portion thereof, or of any specified rolling-stock, will be attended with danger to the public using it, the Local Government may direct that the tramway or portion thereof be closed for the public conveyance of passengers, or that the rolling-stock so specified shall no longer be used, as the case may be.

Tramway not to be reopened without sanction.

26. When the tramway or any portion of the tramway has been closed under clause 25 of this Order, it shall not be reopened for the public conveyance of passengers unless and until it has been inspected by the officer referred to in clause 24 of this Order, and its opening sanctioned by the Local Government.

Rolling-stock not to be used again without sanction.

27. When the Local Government have under clause 25 of this Order, prohibited the use of any rolling-stock, the said rolling-stock shall not be used unless and until the Local Government sanction its use.

Powers of Local Government to authorise interference with tramway in carrying out necessary works, etc.

28. (1) In the event of any necessity arising for carrying out in or on land occupied by the tramway, any works of any kind whatsoever for which interference with the tramway may be considered necessary by the Local Government, the said Government may, by notice in writing, and without prejudice to the powers conferred on the Local Authorities by section 38 of the Act, call upon the Promoters to show cause why such portion of the tramway should not be closed for traffic as may enable the said works to be carried out in safety.

After considering the necessity for closing such portion of the tramway, as well as any objections or suggestions that may be made by the Promoters, the Local Government may direct that the Promoters shall close the said portion of the tramway for such a period of time, and under such conditions, as in the circumstances of the case may appear necessary.

(2) The Promoters shall be bound to comply with such directions and allow the work referred to therein to be carried out. Provided that, unless otherwise directed, any portion of the tramway which it may be necessary to remove in order to carry out such work shall be removed and reinstated by, or at the expense of, the Local Government, or the person or persons at whose instance the work is carried out: And provided also that the Promoters shall, if they are, at the time the Local Government either interfere with or stop the working of the tramway under the first paragraph of this clause, paying any rent to the Local Authorities for the use of road, receive an abatement of such rent proportionate to the length of road over which and to the time during which the working of the tramway is stopped

Conditions on which Promoters allowed to interfere with structures in or on the road.

29. In the event of the Promoters desiring that any bridge, drain, culvert, watercourse, telegraph line or other thing whatsoever on or adjacent to the land to be used for the tramway should be removed or the position thereof altered, the Promoters shall give notice in writing to the Local Authority, who shall thereupon deal with the matter themselves if within their powers, and, if not, shall refer the matter to the Local Government or other authority competent to deal with it, who shall pass such orders thereon as in the circumstances of the case may appear fit.

Power of Promoters to make temporary tramway.

30 When from accident or flood, or by reason of the execution of any works under the provision contained in clause 28 of this Order, or when, from any other reason, it is in the opinion of the Local Government necessary or expedient to remove or discontinue the use of the tramway or any part thereof, the Promoters may, subject to such conditions and in accordance in all respects with such regulations as the Local Government may, from time to time, make, construct and maintain, so long as occasion may require, a temporary tramway in lieu of the tramway or part of the tramway removed or discontinued.

Lopping trees.

31. The Promoters shall not, without the consent in writing of the Government Inspector of Local Works or of the Local Authority, as the case may be, cut down or lop any tree growing along or by the side of the road, provided that, in case of emergency, the Promoters may remove or lop the branches or any portion of a tree which projects or hangs in such a manner as to be a source of danger or impediment to the tramway traffic, and provided they immediately report their action for confirmation by the aforesaid Government Inspector or Local Authority.

Use of excavated material.

32. Any material excavated by the Promoters from the road, in the construction or maintenance of the tramway, may be applied by them in or towards reinstating the said road, or in or towards completing any work thereon required by this Order.

Stacking of materials.

33. The promoters may stack road metal and other materials for the construction or maintenance of the tramway within the limits of the road boundaries, but the same shall be stacked in such a manner as, in the opinion of the Government Inspector of Local Works, will not impede or endanger the traffic on the said road.

Unused portion of road to be left free.

34. The portion of the road which the Promoters are not authorised by or under this Order to use for the purpose of the tramway shall be left free and unencumbered for ordinary traffic, and no obstruction whatever shall be placed thereon or caused thereto without the previous written consent, which may be revoked at will, of the Government Inspector of Local Works.

TRAFFIC AND TRAFFIC WORKING.

Traffic to be carried.

35. The tramway may be used for the purpose of conveying passengers, passengers' luggage, animals, goods, minerals, and parcels. But the Promoters shall have the liberty to refuse to carry any person or any animal suffering from any infectious or contagious disorder, and articles that may be declared dangerous or offensive by bye-laws to be framed under section 27 of the Act: Provided that nothing in this clause shall be taken to restrict the right of the Local Authorities by bye-laws made, under section 26 of the Act, to prohibit the carriage or conveyance of persons or animals suffering from any contagious disease or of goods declared to be dangerous or offensive.

Rates and conditions for carrying mails, etc.

36. The Promoters shall, when required so to do, carry the mails (as defined in the Indian Post Office Act) and postal officers and servants when on duty, at the rates and on the conditions in force from time to time on State Railways.

Maximum fares and rates.

37. At the outset the following shall be the maximum rates of fares for passengers and tariff of charges for goods :—

(a) *Passengers.*—

	Per mile.
Lower class ...	4½ pies.
Upper „ ...	1½ annas.

Any fraction of a mile will be reckoned as a mile, and no fare shall be less than one anna.

Third „ ...	15 „

Luggage in excess of the foregoing weights may be charged for at a rate not exceeding two annas per maund per mile.

Full control over charges of all kinds for the use of the Tramway is reserved to the Local Government.

Running of trains.

38. No trains shall be run between sunset and sunrise, except with the previous consent of the Local Government and upon such conditions as may be approved by them.

Passenger classes.

39. Provision shall be made in all trains for two or more classes of passengers.

Train lights.

40. (1) During foggy weather, every train shall exhibit a red tail-light and two red side-lights in rear of the train and every engine running alone during foggy weather shall exhibit at least one red tail-light.

(2) The same train and engine lights shall also be used on all trains and light engines running between sunset and sunrise.

41. The train shall be worked on "the line-clear and caution-message system."

Brakes and Brakesmen.

42. All engines shall be provided with an efficient brake worked by hand or steam, and acting on at least four wheels of the engine or its tender All waggons shall be provided with an efficient brake acting on at least half of the wheels of the waggon There shall be at least one fully braked vehicle, with a person in charge of it at the rear of each train.

Prohibiting undue preference.

43. The Promoters shall not, as between members of the public, make or give any undue or unreasonable preference or advantage to, or in favour of, any particular person or Company, or any particular description of traffic, or subject any particular person or Company to any undue or unreasonable prejudice or disadvantage. The Local Government shall have absolute power, for the purposes of this clause, to decide whether any preference, advantage, prejudice or disadvantage is undue or unreasonable.

MISCELLANEOUS.

Crossing of tramway by any railway or other tramway.

44. In the event of its being necessary, under the authority of the Local Government, for any railway or tramway line other than that referred to in this Order to cross the tramway on the level or otherwise, the Promoters shall not be competent to raise any objection, provided that such reasonable expenses as may be shown to the satisfaction of the Local Government to have been incurred by the Promoters, on account of any interference with the tramway that may be necessary for such crossing, shall be borne by the administration of the railway or tramway authorized to cross :

Provided that the Local Government shall have absolute power, for the purposes of this clause, to decide the question as to the reasonableness of the expenses incurred by the Promoters on account of the interference with the tramway.

When the tramway interferes with the location or extension of any railway.

45. In case it hereafter be found that any portion of the alignment adopted by the Promoters for the tramway interferes with the location of any new line of railway, or the

extension of any existing line of railway, the alignment occupied by the tramway shall be forthwith, at the request of the Local Government, abandoned in favour of the railway, and the tramway shall be diverted in such way and in such manner as shall appear to an Engineer or other officer duly appointed in this behalf by the Local Government to be fair and proper, provided that the actual cost of constructing such diversion shall be borne by the authorities of the said railway.

Penalty for breach of section 15 of the Act.

46. If the Promoters fail in any respect to comply with any of the provisions of clause 6 of section 15 of the Act, and the Local Authority shall find it necessary or desirable to do anything or incur any expense to remedy any such failure on the part of the Promoters, all expenses so incurred shall be, on demand, repaid to the Local Authority by the Promoters, and the certificate of the Chairman for the time being of the Local Authority shall be conclusive evidence that all expenses referred to in such certificate were so incurred, and the said Promoters shall not be at liberty to dispute the same

On Promoter's default, works may be executed by Local Government.

47. In the event of any work required by the Act or by this Order to be done by the Promoters not being done by them, the Local Government may cause a notice to be served on the Promoters requiring them, within a period to be prescribed in the said notice, to execute the said work; and if within the period so prescribed such requisition is not complied with, the Local Government may cause such work to be done, and the cost thereof shall be recoverable from the Promoters. The certificate of the Government Engineer or other officer in charge of such work shall be conclusive evidence that all expenses referred to in such certificate have been incurred in carrying out such work, and the Promoters shall not be at liberty to dispute the same.

Improvements may be directed by the Local Government.

48. The Promoters shall adopt and apply all such improvements in the tramway and in the rolling-stock and appliances thereon as the Local Government may, from time to time, consider necessary or desirable for the safety or convenience of the public.

Transfer of tramway.

49. The Promoters shall not have power to transfer the undertaking, without the previous sanction of the Local Government.

Statistics.

50. The Promoters shall provide, without unreasonable delay, such statistics relating to the tramway or to the traffic thereon, as may, from time to time, be required by the Local Government.

Concession in this Order gives Promoters no exclusive right as carriers on the road traversed by the tramway.

51. It is to be distinctly understood that no concession granted under this Order confers on the Promoters any exclusive right as carriers over any part of the tract traversed by the tramway.

Penalty for failure of Promoters to comply with Order.

52. (1) If the Promoters fail to observe any condition or direction contained in or made under this Order, they shall, for each such failure to observe the same, be liable to a penalty which may extend to two hundred rupees and, in the case of a continuing failure, to a further penalty which may extend to fifty rupees for each day after the first during which such failure continues.

(2) When the Promoters have, through any act or omission, become liable for any penalty under this clause, the penalty shall become recoverable by suit in the District Court having jurisdiction in the place where the act of omission or any part thereof occurred.

(3) The Local Government may remit the whole or any part of any penalty to which the Promoters become liable under this clause.

(4) Every penalty recovered under this clause shall be applied as the Local Government from time to time may direct.

53 The terms of this Order are without prejudice to the power of the Governor-General in Council, under section 146 of the Indian Railways Act, IX of 1890, to extend the provisions of that Act to the tramway, of which the construction is authorized by this Order.

ARBITRATION.

54. If any dispute, question or controversy shall at any time arise either between the Local Government and the Promoters, or the Local Authority and the Promoters, touching this Order, or any clause or thing herein contained, or the construction hereof or any matter connected with this Order or the operation of the same, or the rights, duties or libilities of any of the parties in relation to the premises, then and in every such case the matter in difference, unless special provision shall have been made in this Order for the settlement of the matter so in difference, shall be referred to two arbitrators or their umpire, pursuant to and so as with regard to the mode and consequence of the reference, and in all other respects to conform to the provisions in that behalf contained in the Code of Civil Procedure, 1908, or any subsisting statutory modification thereof, and upon every such reference the arbitrators and umpire shall respectively have power to examine witnesses upon oath or affirmation, and either to fix, settle and determine the amount of costs of the references and award respectively or incidental thereto to be paid by both parties making the reference, or by either party, or to direct the same to be taxed either as between Solicitor and Client or otherwise, and to direct and award where and by and to whom such costs shall be paid, and every or any such reference may be made a rule of His Majesty's High Court of Justice or of the High Court of Judicature at Calcutta on the application of either the Local Government, the Local Authority or the Promoters, and either the Local Government, the Local Authority or the Promoters may instruct Counsel to consent thereto for the other party.

Simla, the 3rd November 1911.

No. 2094-G.—In continuation of the notification in the Foreign Department, No. 1884-G., dated the 6th October 1911, the following proclamation by His Majesty the King, which appeared in the *London Gazette* Extraordinary of the 3rd October 1911, is republished for general information and guidance :—

By the KING.

A PROCLAMATION.

GEORGE, R. I.

WHEREAS we are happily at Peace with all Sovereigns, Powers and States :

And whereas a state of war unhappily exists between His Majesty the King of Italy, and His Imperial Majesty the Sultan of Turkey, and between their respective subjects, and others inhabiting within their Countries, Territories or Dominions:

And whereas We are on terms of friendship and amicable intercourse with each of these Powers, and with their several subjects, and others inhabiting within their Countries, Territories or Dominions:

And whereas great numbers of Our Loyal Subjects reside and carry on Commerce, and possess Property and Establishments, and enjoy various Rights and Privileges, within the Dominions of each of the aforesaid Powers, protected by the Faith of Treaties between Us and each of the aforesaid Powers :

And whereas We, being desirous of preserving to Our Subjects the Blessings of Peace, which they now happily enjoy, are firmly purposed and determined to maintain a strict and impartial Neutrality in the said State of War unhappily existing between the aforesaid Powers :

We, therefore, have thought fit, by and with the advice of Our Privy Council, to issue this Our Royal Proclamation :

And We do hereby strictly charge and command all Our loving Subjects to govern themselves accordingly, and to observe a strict neutrality in and during the aforesaid War, and to abstain from violating or contravening either the Laws and Statutes of the Realm in this behalf, or the Law of Nations in relation thereto, as they will answer to the contrary at their peril :

And whereas in and by a certain Statute made and passed in a Session of Parliament holden in the 33rd and 34th year of the reign of Her late Majesty Queen Victoria, intituled "An Act to Regulate the conduct of Her Majesty's Subjects during the existence of

Hostilities between Foreign States with which Her Majesty is at Peace," it is, among other hings, declared and enacted as follows :—

"This Act shall extend to all the Dominions of Her Majesty, including the adjacent territorial Waters.

Illegal Enlistment.

"If any Person without the License of Her Majesty, being a British Subject, within or without Her Majesty's Dominions, accepts or agrees to accept any Commission or Engagement in the Military or Naval Service of any Foreign State at War with any Foreign State at Peace with Her Majesty, and in this Act referred to as a friendly State, or whether a British Subject or not, within Her Majesty's Dominions, induces any other Person to accept or agree to accept any Commission or Engagement in the Military or Naval Service of any such Foreign State as aforesaid,—

"He shall be guilty of an Offence against this Act, and shall be punishable by Fine and Imprisonment, or either of such punishments, at the discretion of the Court before which the offender is convicted; and Imprisonment, if awarded, may be either with or without Hard Labour.

"If any person without the License of Her Majesty, being a British Subject, quits or goes on board any Ship with a view of quitting Her Majesty's Dominions, with intent to accept any Commission or Engagement in the Military or Naval Service of any Foreign State at War with a friendly State, or, whether a British Subject or not, within Her Majesty's Dominions, induces any other Person to quit or to go on board any Ship with a view of quitting Her Majesty's Dominions with the like intent,—

"He shall be guilty of an Offence against this Act, and shall be punishable by Fine and Imprisonment, or either of such punishments, at the discretion of the Court before which the Offender is convicted; and Imprisonment, if awarded, may be either with or without Hard Labour.

"If any Person induces any other Person to quit Her Majesty's Dominions or to embark on any Ship within Her Majesty's Dominions under a Misrepresentation or false Representation of the Service in which such Person is to be engaged, with the intent or in order that such Person may accept or agree to accept any Commission or Engagement in the Military or Naval Service of any Foreign State at War with a friendly State,—

"He shall be guilty of an Offence against this Act, and shall be punishable by Fine and Imprisonment, or either of such punishments, at the discretion of the Court before which the Offender is convicted; and Imprisonment, if awarded, may be with or without Hard Labour.

"If the Master or Owner of any Ship, without the License of Her Majesty, knowingly either takes on board, or engages to take on board, or has on board such Ship within Her Majesty's Dominions any of the following Persons, in this Act referred to as illegally enlisted Persons, that is to say,—

"(1) Any Person who, being a British Subject within or without the Dominions of Her Majesty, has, without the License of Her Majesty, accepted or agreed to accept any Commission or Engagement in the Military or Naval Service of any Foreign State at War with any friendly State:

"(2) Any Person, being a British Subject, who, without the License of Her Majesty, is about to quit Her Majesty's Dominions with intent to accept any Commission or engagement in the Military or Naval Service of any Foreign State at War with a friendly State:

"(3) Any Person who has been induced to embark under a Misrepresentation or false Representation of the service in which such Person is to be engaged, with the intent or in order that such Person may accept or agree to accept any Commission or Engagement in the Military or Naval Service of any Foreign State at War with a friendly State:

"Such Master or Owner shall be guilty of an Offence against this Act, and the following Consequences shall ensue; that is to say,—

"(1) The Offender shall be punishable by Fine and Imprisonment, or either of such punishments at the discretion of the Court before which the Offender is convicted; and Imprisonment, if awarded, may be either with or without Hard Labour: and

"(2) Such Ship shall be detained until the Trial and Conviction or Acquittal of the Master or Owner, and until all Penalties inflicted on the Master or Owner have been paid, or the Master or Owner has given Security for the Payment of such Penalties to the Satisfaction of Two Justices of the Peace, or other Magistrate or Magistrates having the Authority of Two Justices of the Peace: and

"(3) All illegally enlisted Persons shall immediately on the Discovery of the Offence be taken on Shore. and shall not be allowed to return to the Ship.

Illegal Shipbuilding and Illegal Expeditions.

"If any Person within Her Majesty's Dominions, without the License of Her Majesty, does any of the following Acts; that is to say,—

"(1) Builds or agrees to build, or causes to be built any Ship with intent or knowledge, or having reasonable cause to believe that the same shall or will be employed in the Military or Naval Service of any Foreign State at War with any friendly State: or

"(2) Issues or delivers any Commission for any Ship with intent or knowledge, or having reasonable cause to believe that the same shall or will be employed in the Military or Naval Service of any Foreign State at War with any friendly State. or

"(3) Equips any Ship with intent or knowledge, or having reasonable cause to believe that the same shall or will be employed in the Military or Naval Service of any Foreign State at War with any friendly State: or

"(4) Despatches, or causes or allows to be despatched, any Ship with intent or knowledge, or having reasonable cause to believe that the same shall or will be employed in the Military or Naval Service of any Foreign State at War with any friendly State:

"Such Person shall be deemed to have committed an Offence against this Act, and the following Consequences shall ensue:

"(1) The Offender shall be punishable by Fine and Imprisonment, or either of such punishments, at the discretion of the Court before which the Offender is convicted; and Imprisonment, if awarded, may be either with or without Hard Labour.

"(2) The Ship in respect of which any such Offence is committed and her Equipment shall be forfeited to Her Majesty:

"Provided that a Person building, causing to be built, or equipping a Ship in any of the cases aforesaid, in pursuance of a contract made before the commencement of such War as aforesaid, shall not be liable to any of the Penalties imposed by this section in respect of such building or equipping if he satisfies the conditions following; (that is to say),—

"(1) If forthwith upon a Proclamation of Neutrality being issued by Her Majesty he gives Notice to the Secretary of State that he is so building, causing to be built, or equipping such Ship, and furnishes such particulars of the Contract and of any matters relating to, or done, or to be done under the Contract as may be required by the Secretary of State:

"(2) If he gives such security, and takes and permits to be taken such other measures, if any, as the Secretary of State may prescribe for ensuring that such Ship shall not be despatched, delivered, or removed without the License of Her Majesty until the termination of such War as aforesaid.

"Where any ship is built by order of or on behalf of any Foreign State when at War with a friendly State, or is delivered to or to the order of such Foreign State, or any person who to the Knowledge of the Person building is an Agent of such Foreign State, or is paid for by such Foreign State, or such Agent, and is employed in the Military or Naval Service of such Foreign State, such Ship shall, until the contrary is proved, be deemed to have been built with a view to being so employed, and the Burden shall lie on the Builder of such Ship of proving that he did not know that the Ship was intended to be so employed in the Military or Naval Service of such Foreign State.

"If any Person within the Dominions of Her Majesty, and without the License of Her Majesty,—

"By adding to the number of the Guns, or by changing those on board for other Guns, or by the addition of any Equipment for War, increases or augments, or procures to be increased or augmented, or is knowingly concerned in increasing or augmenting the warlike Force of any Ship which at the time of her being within the Dominions of Her Majesty was a Ship in the Military or Naval Service of any Foreign State at War with any friendly State,—

"Such Person shall be guilty of an Offence against this Act, and shall be punishable by Fine and Imprisonment, or either of such punishments, at the discretion of the Court before which the Offender is convicted; and Imprisonment, if awarded, may be either with or without Hard Labour.

"If any Person within the limits of Her Majesty's Dominions, and without the License of Her Majesty,—

"Prepares or fits out any Naval or Military Expedition to proceed against the Dominions of any friendly State, the following Consequences shall ensue:—

"(1) Every Person engaged in such preparation or fitting out, or assisting therein, or employed in any capacity in such Expedition, shall be guilty of an Offence against this Act, and shall be punishable by Fine and Imprisonment, or either of such punishments, at the discretion of the Court before which the Offender is convicted; and Imprisonment, if awarded, may be either with or without Hard Labour.

"(2) All Ships, and their Equipments, and all Arms and Munitions of War, used in or forming part of such Expedition, shall be forfeited to Her Majesty.

"Any person who aids, abets, counsels, or procures the Commission of any Offence against this Act shall be liable to be tried and punished as a principal Offender."

And whereas by the said Act it is further provided that Ships built, commissioned, equipped or despatched in contravention of the said Act, may be condemned and forfeited by judgment of the Court of Admiralty; and that if the Secretary of State or Chief Executive Authority is satisfied that there is a reasonable and probable cause for believing that a Ship within Our Dominions has been or is being built, commissioned, or equipped, contrary to the said Act, and is about to be taken beyond the limits of such Dominions, or that a Ship is about to be despatched contrary to the Act, such Secretary of State or Chief Executive Authority shall have power to issue a warrant authorizing the seizure and search of such Ship and her detention until she has been either condemned or released by Process of Law. And whereas certain powers of seizure and detention are conferred by the said Act on certain Local Authorities;

Now, in order that none of Our Subjects may unwarily render themselves liable to the Penalties imposed by the said Statute, We do hereby strictly command that no Person or Persons whatsoever do commit any Act, Matter, or Thing whatsoever contrary to the Provisions of the said Statute, upon pain of the several Penalties by the said Statute imposed and of Our high Displeasure.

And We do hereby further warn and admonish all Our loving Subjects, and all Persons whatsoever entitled to Our Protection, to observe towards each of the afore-said Powers, their Subjects, and Territories, and towards all Belligerents whatsoever with whom We are at Peace, the Duties of Neutrality; and to respect, in all and each of them, the Exercise of Belligerent Rights.

And We hereby further warn all Our loving Subjects, and all Persons whatsoever entitled to Our Protection, that if any of them shall presume, in contempt of this Our Royal Proclamation, to do any acts in derogation of their Duty as Subjects of a Neutral Power in a War between other Powers, or in violation or contravention of the Law of Nations in that behalf, all Persons so offending will rightfully incur and be justly liable to the Penalties denounced by such Law.

And We do hereby give Notice that all Our Subjects and Persons entitled to Our Protection who may misconduct themselves in the Premises will do so at their peril, and of their own wrong; and that they will in no wise obtain any Protection from Us against such Penalties as aforesaid

Given at Our Court at *Balmoral*, this third day of October, in the year of Our Lord one thousand nine hundred and eleven, and in the Second year of Our reign.

GOD save the KING.

CANTONMENTS.

REGULATIONS.

No. 908.—The following draft of certain rules, which it is proposed to make in exercise of the powers conferred by section 24 of the Cantonments Act, 1910 (XV of 1910), is published as required by section 25, sub-section (*1*) of the said Act, for the information of persons likely to be affected thereby, and notice is given that the draft will be taken into consideration by the Governor-General in Council on or after the 4th December 1911.

Any objection or suggestion which may be received from any person with respect to the draft before the date fixed aforesaid will be considered by the Governor-General in Council.

This notification supersedes the notification of the Government of India in the Army Department, No. 865, dated the 10th September 1909, so far as the draft rules in the said notification bearing the corresponding numbers are concerned :—

Draft Rules.

In the draft Cantonment Code, which was published with the notification of the Government of India in the Army Department, No. 865, dated the 10th September 1909, the following modifications shall be made, namely:—

For the *Explanation* to section 264, the following shall be substituted, namely :—

"*Explanation.*—Form A in Schedule VI shall be applicable to leases of land applied for by a railway company, or for the purpose of erecting a hospital, school or other public building. Form B shall be applicable in cases of extensions of existing sites; or where it is desired to regularise existing grants; or in other exceptional cases where the grant of leases for a term of years is not suitable; Form C shall be applicable to leases of land situate in a bazar; and Form D shall be applicable to all other leases of land under this Chapter."

SCHEDULE VI.—Form A.—In the fourth clause, after the word "occupy" the words "and enjoy" shall be omitted.

In the first sentence of Condition III of the Annexure to Form A, after the word "state" the words "of ruin" shall be omitted.

After the Annexure to Form A, the following form of lease shall be inserted as Form B:—

ANNEXURE TO FORM B.

CONDITIONS.

In these conditions—

(a) "house" means the house erected on the land occupied by the Lessee, and includes the land and buildings appurtenant to the house; and if any question arises whether any land or building is appurtenant to the house, it shall be decided by the Cantonment Magistrate, whose decision thereon shall, subject to revision by the District Magistrate, be final:

(b) the expression "repairs" to a house shall be deemed to include such repairs as are usually made in the neighbourhood to buildings of the same class as that to which the house belongs, but does not include additions, improvements or alterations except in so far as they are necessary to carry out such repairs as aforesaid or have been made with the Lessee's consent:

(c) "military officer" means a commissioned or warrant officer of the army on military duty in the cantonment, and includes a chaplain, a cantonment magistrate and any person in army departmental employment whom the General Officer of the Command may, for the purposes of these Conditions, place on the same footing as a military officer: and

(d) "civil officer" means a gazetted civil officer of the Government, and includes any other person in the service of the Government, not being a military officer, whom the Local Government may, for the purposes of these Conditions, place on the same footing as a civil officer.

Commencement and completion of buildings.

CONDITION I.—The buildings to be erected on the land shall be commenced within six months from the execution of the lease, and shall be completed within the period specified in the note endorsed on the site-plan annexed hereto or within such further period (if any) as the authority which sanctioned the application under Chapter XXI of the Cantonment Code, 1911, may, by order in writing, allow.

Erection of buildings.

CONDITION II—(1) The said buildings shall be erected in accordance with the particulars specified in the Lessee's application under sections 261 and 262 of the said Cantonment Code and the plans and documents accompanying the same and the site-plan appended hereto, or where a proposed building, alteration or addition is not in accordance therewith then in accordance with such further or other particulars as may be permitted in writing by the authority which sanctioned the application under Chapter XXI of the said Code.

(2) Any such permission may be given subject to any conditions which may be agreed upon between such authority and the Lessee.

Use of and and maintenance of buildings.

CONDITION III.—The land shall not be used for any purpose other than those specified in the Lessee's application under section 201, clause (d), of the Cantonment Code, 1911; nor shall the buildings erected on the land be permitted to fall into such a state as absolutely to prevent their being used for the purposes so specified:

Provided always that if the said buildings or any part thereof shall at any time be destroyed by earthquake, fire, cyclone or other act of God or shall be so injured thereby as to render them unfit for the purposes above specified then and in such case the Lessee shall within six calendar months from such destruction or injury as aforesaid commence to rebuild the same and shall reinstate the same fit for use for the purposes aforesaid within such period not exceeding two years after the same shall have been so destroyed as aforesaid as to the Officer Commanding the Division shall seem fit. Provided nevertheless that in no such case shall the Lessee be required to reinstate the same fit for use as aforesaid within a shorter period than twelve calendar months from the date of such destruction or injury.

CONDITION III-A.*—The Lessee shall pay the said yearly rent of rupees by equal monthly instalments of rupees and the said instalments shall be paid on the 15th day of every month during the continuance of this demise for the month immediately preceding.

* This clause to be struck out if the land is rent-free.

Power to veto transfer of Lessee's interest in certain cases.

CONDITION IV.—(1) Whenever the Lessee intends to transfer, by sale, gift, mortgage or exchange, his interest in the land, or in the buildings erected on the land, or in any part of the land or buildings, he or the intended transferee shall give the Cantonment Magistrate one month's notice in writing before the transfer is completed.

(2) The Officer Commanding the Division shall have power, within the said period of one month, and with the concurrence of the Local Government, to impose, by order in writing his veto on any such transfer; and if in any case the Cantonment authority considers it desirable that the said power of veto should be exercised, it shall report the case to such Officer Commanding the Division without delay.

(3) If notice of any such transfer is not given as aforesaid, or if any such transfer is made after the same has been vetoed, the transfer shall be void.

Report of devolution of Lessee's interest.

CONDITION V.—Every person on whom the Lessee's interest in the land, or in the buildings erected on the land, may devolve, by transfer, by succession or by operation of law, shall send to the Cantonment authority, within one month from the date of such devolution, a report in writing of the fact, together with such particulars as may be required by that authority for entry in the register maintained under section 271 or section 272, as the case may be, of the Cantonment Code, 1911.

Right of the Government to appropriate the house for occupation by any military or civil officer.

CONDITION VI.—The Government reserves a right, subject to the conditions hereinafter contained, to appropriate the house at any time for occupation by any military officer or civil officer.

Agreement to vacate to be executed when house is let to any person other than a military or civil officer

CONDITION VII.—If the Lessee lets the house to any person other than a military officer or (if the house has been set apart in accordance with Condition X for occupation by civil officers) a civil officer, possession of the house shall not be given until—

(a) such person has executed a stamped agreement undertaking to vacate the house whenever required so to do in pursuance of a notice issued under Condition VIII or Condition X without claiming any compensation, and has registered such agreement under the law for the time being in force relating to the registration of documents, and

(b) the lessee has forwarded an attested copy of such agreement to the Cantonment authority.

Appropriation of house for a military officer, where it is not already occupied by a military officer

CONDITION VIII.—Whenever the Cantonment authority considers that the right reserved by Condition VI should be exercised on behalf of any military officer, it may, if the house is not already occupied by a military officer, and if it has not been set apart in accordance with Condition X for occupation by civil officers, by notice in writing—

(a) require the Lessee to let the house to the military officer named in the notice, and

(b) require the existing tenant (if any) to vacate the same.

Appropriation of house for a military officer where it is occupied by another military officer

CONDITION IX.—If the house is occupied by a departmental military officer and the Cantonment authority considers that the right reserved by Condition VI should be exercised in behalf of a regimental officer, or *vice versâ*, it may, by a notice in writing, require the officer in occupation to vacate the house; and may, if necessary, by further notice in writing require the Lessee to accept the change of tenancy.

Appropriation of house for civil officers.

CONDITION X.—(1) The Cantonment authority may, at any time, with the previous sanction of the Officer Commanding the Division, given with the concurrence of the Local Government, set apart the house for occupation by civil officers.

(2) If the house has been so set apart, the arrangement shall not be revoked without the concurrence of the Local Government.

(3) If, while the house is so set apart, the Cantonment authority at any time considers that the right reserved by Condition VI should be exercised in behalf of any civil officer, it may, if the house is not already occupied by a civil officer, by a notice in writing—

(a) require the Lessee to let the house to the civil officer named in the notice, and

(b) require the existing tenant (if any) to vacate the same

Procedure to be observed before appropriating house

CONDITION XI.—(1) Whenever a military officer or a civil officer considers that a notice should be issued in his behalf under Condition VIII, Condition IX or Condition X, he may request (in the case of a regimental officer) the Commanding Officer of his regiment, or (in the case of a departmental military officer) the local head of his department, or (in the case of a civil officer) the District Magistrate, to make an application to that effect to the Cantonment authority.

(2) On receipt of any such application the Cantonment authority shall inquire into the case, and it shall not issue the notice unless it is satisfied—

(a) that the officer ought to reside in the cantonment, and

(b) that the circumstances are such as to require its intervention, and

(c) that the rent offered by the officer for the house is reasonable, and

(d) if the house is vacant, that it is suitable for the residence of the officer, and

(e) if the house is occupied, that it is suitable for the residence of the officer, and that there is no vacant house in the cantonment which is suitable for his residence.

Explanation.—In considering whether a house is suitable for the residence of an officer, regard shall be had to (i) the locality in which his duties chiefly lie and (ii) his rank.

Sanction to be obtained before house is occupied as a hospital, bank, hotel, shop or school, or by a railway administration.

CONDITION XII.—(1) The house shall not be occupied for the purposes of a hospital, bank, hotel, shop or school, or by a railway administration without the previous written sanction of the Officer Commanding the Division, given with the concurrence of the Local Government.

(2) Before application is made for such sanction, the Commanding Officer of the cantonment shall certify whether or not in his opinion the number of houses in the cantonment, as compared with the strength of the existing or probable garrison, renders it likely that such occupation as aforesaid would—

(a) cause any difficulty in obtaining accommodation in the cantonment, or in the part of the cantonment in which the house is situate, for military officers or civil officers, or

(b) necessitate the acquisition of land at some future time for the extension of the cantonment.

House not to be appropriated for Military or Civil Officer if it is occupied with sanction as a hospital bank, hotel, shop or school, or by a railway administration or is otherwise appropriated by the Government.

CONDITION XIII.—No notice shall be issued under Condition VIII or Condition X if the house—

(a) is occupied, with the sanction required by Condition XII, as a hospital, bank, hotel, shop or school, and has been so occupied continuously during the three years immediately preceding the time when the occasion for issuing the notice arises, or

(b) is occupied, with the sanction aforesaid, by a railway administration, or

(c) is appropriated by the Local Government, with the concurrence of the Officer Commanding the Division, or by the Governor-General in Council, for use as a public office or for any other purpose.

Rent offered to be stated in notice to Lessee

CONDITION XIV.—Every notice to the Lessee issued under Condition VIII, Condition IX or Condition X, shall state the amount of monthly rent which the proposed tenant officers to pay for the house.

Time to be allowed for giving possession of house

CONDITION XV.—(1) If the house is unoccupied, any notice issued under Condition VIII or Condition X may require the Lessee to give possession of the same to the proposed tenant within four days from the service of the notice

(2) If the house is occupied, no such notice as aforesaid shall require its vacation in less than thirty days from the service of the notice

Terms of tenancy applicable to military and civil officers.

CONDITION XVI.—(1) Subject to the terms of any agreement in writing between the Lessee and a military officer or a civil officer, and to the terms of this condition, every lease of the house to such an officer shall be deemed to be a lease from month to month, terminable—

(a) without notice, in the case of the departure of the officer from the cantonment on duty or under medical certificate, or in the case of a committee of arbitration deciding that the house has become unfit for occupation, or

(b) by one month's notice in writing to the Lessee in any other case.

(2) A notice under clause (1) of this condition must be signed by or on behalf of the officer concerned; and the Cantonment Magistrate shall, if the officer so desires, cause it to be served on the Lessee free of charge.

(3) When a military officer or a civil officer has, in pursuance of clause (1) of this condition, given up his occupation of the house without notice, and has occupied the house during a portion only of the calendar month in which his occupation ceased, he shall be liable to pay as rent for that portion a sum bearing the same proportion to the monthly rent as the said portion bears to the whole month:

Provided that the sum shall not, in any case, be less than one-fourth of the monthly rent.

Sub-lease voidable at option of Lessee.

CONDITION XVII.—If any tenant of the house, being a military officer or a civil officer, sublets the same without the consent of the Lessee, the sub-lease shall be voidable at the option of the Lessee.

Right of Lessee to require reference to arbitration on question of rent.

CONDITION XVIII.—(1) If the Lessee considers that any rent offered by a proposed tenant and stated in a notice in accordance with Condition XIV is insufficient, he may, within a period of fifteen days from the service of such notice, require that the matter be referred by the Commanding Officer of the cantonment to a committee of arbitration.

(2) If the Lessee does not make such a requisition within the said period, he shall be deemed to have accepted the rent so offered.

(3) After such acceptance or the decision of a committee of arbitration, the amount of such rent shall not be called in question by either party except in the circumstances mentioned in clause (a) of Condition XXI.

Right of Lessee to require reference to arbitration on question of repairs.

CONDITION XIX.—(1) If the Lessee fails to execute any repairs to the house which any tenant, being a military or civil officer, may consider necessary, the Cantonment authority may at the request of the tenant, and if it is satisfied that such repairs or any of them are necessary, by notice, in writing, require the Lessee to execute such repairs or such of them as it may consider necessary, within a period, not less than fifteen days, to be specified in the notice.

(2) If the Lessee objects to comply with any notice issued under clause (1) of this condition, he may, within fifteen days from the service of the notice, require that the matter be referred by the Commanding Officer of the cantonment to a committee of arbitration.

Power of tenant to apply for reference to arbitration on question whether house has become unfit for occupation.

CONDITION XX.—If any tenant of the house, being a military or civil officer, considers that his lease should be terminable without notice in consequence of the house having become unfit for occupation, he may apply to the Commanding Officer of the cantonment to refer the matter to a committee of arbitration.

Power of either Lessee or tenant to apply for reference to arbitration on other questions.

CONDITION XXI.—If the Lessee and any tenant of the house, being a military or civil officer, disagree—

(a) as to any change in the rent of the house which is proposed in consequence of dilapidations or additions to buildings or for any other similar reason, or

(b) on any matter relating to rent or repairs, other than a matter referred to in clause (a) of this Condition or in Condition XVIII, Condition XIX or Condition XX,

either the Lessee or the tenant may apply to the Commanding Officer of the cantonment to refer the matter to a committee of arbitration.

Constitution of committee of arbitration, its decision to be binding on Lessee and his tenant.

CONDITION XXII.—Whenever any matter is referred to a committee of arbitration in pursuance of Condition XVIII, Condition XIX, Condition XX or Condition XXI, the Committee shall be constituted as provided in Chapter XX of the Cantonment Code, 1911, and the Lessee and his tenant shall be bound by the decision of the Committee.

Right of tenant to execute repairs and deduct cost from rent.

CONDITION XXIII.—If the Lessee fails to comply with any notice issued under clause (1) of Condition XIX, and has not, within fifteen days from the service of such notice, required that the matter be referred to a committee of arbitration, or

if any committee of arbitration constituted under Chapter XX of the Cantonment Code, 1911, decides that repairs are necessary, and the extent to which they are necessary, and the Lessee fails to execute such repairs within a period to be specified in a notice issued by the Cantonment authority in that behalf,

the tenant of the house may himself cause the repairs specified in the notice to be executed at rates not exceeding those paid in the cantonment by the Military Works Department or the Public Works Department, and may deduct the cost thereof from the rent, or otherwise recover it from the Lessee.

Procedure of breach of Condition I or Condition II.

CONDITION XXIV.—(1) If the Lessee does not commence or complete, as required by Condition I, the buildings to be erected on the land, the Cantonment authority may, by notice in writing, require him to remove all or any buildings or materials which he may have erected or collected thereon, and, if he fails to comply with such notice, the cantonment authority may, after giving him six hours' further notice in writing, cause such removal to be effected and recover the cost from him, and may also cancel the lease.

(2) If the Lessee erects any building or makes any alteration or addition otherwise than as allowed by or under Condition II, the Cantonment authority may, by notice in writing, require him to remove the building or to alter the same to its satisfaction; and, if he fails to comply with such notice, the Cantonment authority may, after giving him six hours' further notice in writing, cause such removal or alteration to be effected and recover the cost from him.

* The words in brackets to be omitted if the land rent free.

Forfeiture for breach of any other condition.

CONDITION XXV.—(1) So long as the Lessee shall *[duly pay the said rent of rupees and] observe the conditions hereinbefore specified and on his part to be observed, he may, subject to Condition XXVII, hold the land for ever without interruption by the Secretary of State.

† The words in brackets to be omitted if the land rent-free.

(2) If the Lessee shall †[fail to pay the said rent of rupees , for twenty-one days after the same shall have become due or shall], in the event of the said buildings being destroyed or injured, by earthquake, fire, cyclone or other act of God, fail to commence rebuilding the same as provided in Condition III hereof within six months of such destruction or injury, and to reinstate the same fit for use as provided in the said Condition III hereof, and within such period as therein provided, or shall break any of the conditions hereinbefore specified, other than Condition I or Condition II, and on his part to be observed, the Local Government may, after giving one month's notice in writing, resume the land or any portion thereof, and may, on such resumption, declare all or any part of the right and interest of the Lessee in the buildings erected on the land to be forfeited.

Claims to compensation barred.

CONDITION XXVI.—The Lessee shall not be entitled to compensation for any loss incurred by reason of anything done in pursuance of Condition XXIV or Condition XXV, clause (2).

Right of the Government to resume the land on payment of compensation for buildings.

CONDITION XXVII.—The Local Government may resume the land or any portion thereof at any time after giving one month's notice in writing, and on payment of compensation for such buildings standing on the land or portion thereof as shall have been erected under proper authority. If there shall be any dispute as to the amount of such

compensation, the same shall be referred to a committee of arbitration, which shall be constituted as provided in Chapter XX of the Cantonment Code, 1911, and the Lessee shall be bound by the decision of the committee of arbitration.

SCHEDULE VI.—Lease Form B, for the words "Form B" the words "Form C" shall be substituted, and in the heading after the word "lease" the words "for a term of years" shall be substituted.

In paragraph 1, after the word "occupy" the words "and enjoy" shall be omitted.

In Condition III of the Annexure, the words "of ruin" shall be omitted.

Lease Form C, for the words "Form C" the words "Form D" shall be substituted, and in the heading for the words "and B" the words "B and C" shall be substituted.

In Condition III of the Annexure, the words "of ruin" shall be omitted.

In Condition XII (1) of the Annexure, and the marginal note thereto, before the word "bank," the word "hospital" shall be inserted.

In Condition XIII (*a*) of the Annexure and the marginal note thereto, before the word "bank," the word "hospital" shall be inserted.

No. 1365M.—The 10th November 1911.—The following draft of rules, which, in exercise of the power conferred by section 290 of the Bengal Municipal Act, 1884 (Ben. Act III of 1884), the Lieutenant-Governor in Council proposes to make, and subject to which the Commissioners of the South Suburban Municipality may allow communication-pipes to be laid down from the service-pipes of the Commissioners for the purpose of leading water to premises for domestic purposes only, are published for the information of persons likely to be affected thereby.

II. The draft rules will be taken into consideration on the 15th December 1911, and any objection or suggestion which may be received by the undersigned before that date will be duly considered.

Draft Rules

1. So long as the Commissioners deem it practicable and consistent with the maintenance of an efficient water-supply, they may allow any owner or occupier of a masonry building paying a water-rate imposed under the provisions of Part VII of the Bengal Municipal Act, 1884, on the annual value of such building when such annual value is not *less than Rs. 100*, to lay down communication-pipes from the service-pipes of the Commissioners for the purpose of leading water to such building for domestic purposes only, subject to the following rules and conditions.

2. The owner or occupier of any masonry building requiring water to be laid on to such building for domestic purposes, or requiring any addition or alteration to an existing water-supply, must apply for the same on a printed form to be supplied free of cost at the Municipal office

3. *A fee of Rs. 100* must be paid to the Commissioners by such owner or occupier for each building connection before any work is commenced; such fee to be in addition to all other costs and charges imposed under these rules.

4 Each building must have a separate connection, and extensions from the communication-pipe of one building to another shall not be permitted.

5. The owner or occupier of the building in respect of which the connection is required must pay the entire cost of the connection, including the supply and fixing of the fittings referred to in rule 7, and must also pay the cost of such alterations in, or repairs to, roads, drains, sewers, gas or water-mains or pipes, and the cost of such other works as may be necessitated by, or result from, the work of making such connection.

6 (1) The work required may, at the option of the Commissioners, either be carried out by the Commissioners themselves at the expense of the owner or occupier of the building in respect of which the work is required, or may be carried out by a person or firm employed by such owner or occupier and approved by the Commissioners.

(2) The work must be done under the supervision of an officer appointed by the Commissioners in this behalf, and no connection must be made with the municipal water-main except at such time as may be appointed, and in such position as may be selected, by an authorised Municipal officer.

7. A building connection shall comprise the following parts or fittings :—

(a) a brass or gun-metal ferrule inserted in the main supply-pipe;
(b) a galvanised iron communication-pipe from the ferrule to the meter;
(c) a stop-cock and its surface box;
(d) a meter;
(e) service pipes from the stop-cock to the taps; and
(f) taps;

8. (1) All the fittings referred to in rule 7 shall be exact duplicates of standard samples kept in the office of the Commissioners, and approved by them in meeting.

(2) All fittings shall be inspected and tested and stamped by an officer of the municipality before being fixed.

(3) If any owner or occupier shall desire to adopt any fitting of a pattern different from the standard patterns, he must present such fitting for the approval of the Chairman, and any fittings so presented may, if considered satisfactory by the Chairman, be stamped, and samples thereof may be purchased and placed among the standard fittings.

9. The size of the ferrule referred to in clause (a) of rule 7 shall be decided by the Commissioners, but its diameter shall not differ from that of the communication-pipe referred to in clause (b) of that rule by more than ¼ inch.

10. (1) The diameter of the communication-pipe shall be determined with regard to the average pressure in the main supply-pipe at the point nearest the building for which a connection is required, and to the quantity of water to be supplied.

(2) The diameter of the communication-pipe shall be such that it will be capable of delivering the estimated daily supply in six hours

(3) The building connection, when fitted in position, must be capable of standing a pressure of 20 feet, and no water shall be supplied until this test has been applied by the Commissioners.

11. (1) On every communication-pipe a brass or gun-metal stop-cock having the same waterway as such pipe shall be placed as near as practicable to the point where that pipe enters the building to be supplied.

(2) The stop-cock shall be built in a brick chamber provided with a cast iron surface cover-box so designed that it can be locked, and the key of this box shall remain under the control of the Chairman.

(3) The stop-cock shall be capable of adjustment so that the supply to the building may be regulated thereby.

12. (1) The meter shall be placed as near to the stop-cock as possible and in a position where it can be conveniently examined.

(2) The meter must be fixed in a brick chamber covered over with a cast-iron surface-box of approved pattern.

(3) Subject to the provisions of rule 13, no meter must be touched or interfered with in any way except with the permission of the Chairman.

13. The Commissioners shall depute an authorized person to read every meter not less than once a quarter, and shall give notice to the occupier at least 24 hours before the reading is recorded.

14. (1) Every owner or occupier of any building in respect of which a connection has been made under these rules shall be entitled to a supply of 3,000 gallons of water per quarter for each rupee paid by him quarterly as water-rate, in respect of such building.

(2) For all water in excess of the 3,000 gallons allowed under sub-rule (1) such owner or occupier shall be charged quarterly as follows:—

	Annas per 1,000 gallons. Rs.	A.
(a) For any excess quantity of water not exceeding 1,500 gallons ...	0	5
(b) For any excess quantity of water exceeding 1,500 gallons, but not exceeding 3,000 gallons	0	8
(c) For any excess quantity of water exceeding 3,000 gallons, but not exceeding 6,000 gallons	0	12
(d) For any excess quantity of water exceeding 6,000 gallons ...	1	0

15. If the owner or occupier of any building which is supplied with water under these rules shall refuse or neglect to pay any of the fees or charges imposed in accordance with these rules for a space of fourteen days after he has been served with a notice of demand for the same, the Commissioners may, at any time after the expiration of that period, and without further notice, disconnect any pipe forming part of the connection made in respect of such building, and may recover the cost of disconnecting such pipe from such owner or occupier:

Provided that the disconnection of such pipe shall not relieve any person from any liabilities which he may have incurred under these rules.

16. (1) Every tap shall be of the same size as the pipe to which it is attached and shall be of brass and of the pattern known as screw-down. Every tap shall be at least three feet above the road level.

(2) The number of taps in a building shall be fixed in accordance with the annual valuation of such building as follows:—

	Annual valuation of building.					Number of taps.

LAND SALE NOTICE.

Advertisement of Sale.

NOTICE is hereby given that the proprietary right of Government, as specified in the conditions of sale below, to the undermentioned estates situate in the district of Jessore will be put up to sale at the Jhenidah Subdivisional Office on the 5th December 1911, corresponding with 19th Agrahayan 1318.

The purchasers will be subject to the following conditions of sale :—

Conditions of Sale.

1st.—The estate to be sold to the highest bidder above the upset price, which will be fixed by the Collector at the time of sale. The purchaser of this estate will be considered as the proprietor of the estate, and the entire proprietary right of Government in such estate will be transferred to him subject to the revenue fixed in perpetuity.

2nd.—The conditions regarding the payment of a land-revenue fixed in perpetuity are not applicable to estates in temporarily-settled districts in which the land revenue should be fixed for the term of the current settlement and be subject to periodical revisions on expiry of each settlement. In the case of an estate situated in permanently-settled area and yielding an annual rental of less than Re. 1, there should be no condition regarding payment of land revenue.

3rd.—The sale to be subject to existing leases and to the rights conferred by the settlement proceedings, and by the laws in force; and purchasers to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the Revenue authorities.

4th.—If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid down at once.

5th.—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or, if that day be a close holiday, then by the noon of the first succeeding office day, the sale is to be cancelled (the sum deposited being forfeited to Government), and the estate to be again put up to sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of original sale.

RESOLUTION.

READ—

The Embankment and Drainage Reports for the year 1910-11.

The expenditure incurred on works and repairs (exclusive of book charges for establishment and tools and plant, during the year amounted to Rs. 8,61,080 as against an average of Rs. 9,16,256 for the four previous years.

2. The total length of embankments of all classes maintained by Government in this Province is 2,161 miles 1,443 feet, and these protect an area of ,658,700 acres. There was an increase of 5 miles 465 feet in the length

of the Orissa Embankments due to the construction of retired lines and to mistakes in previous measurements. The Gupta bund in the Monghyr district (length 19 miles 3,015 feet) was taken over for maintonance by Government as a public embankment by the Superintending Engineer, Gandak Circle, on the 30th November 1909. The question of abandoning the Turki Embankment in the Muzaffarpur district was under consideration. There were no changes in the South-Western and Northern Circles. These embankments are generally effective as against ordinary high floods, but in the South-Western and Orissa Circles a few are liable to be overtopped during exceptionally high floods.

3. *Floods.*—There were no high floods in any of the rivers in the South-Western Circle and little or no damage was done to the embankments. In the Orissa Circle the floods in the Mahanadi and its branches were rather higher than usual, but in the other rivers only slightly above the average. No serious damage was done to any of the embankments. A bad slip occurred in the right bank of the Taldanda Canal in the 4th and 5th miles, but by taking immediate action the bank was saved. In the Gandak Circle the floods were higher than usual in all the rivers, causing some damage to the embankments. In the Northern Circle there was a high flood in the Panar river during July 1910, but no damage resulted.

4. *Breaches.*—In the South-Western Circle a breach occurred in the 6th mile of the Cossye Bifurcation Right Embankment No. 2. There were no other breaches in any of the Schedule D or Takavi Embankments in that Circle. In the Orissa and Gandak Circles there were 1 and 3 breaches, respectively, but none in the Northern Circle.

5. *Surveys and investigations.*—The following works were surveyed or investigated during the year :—

Orissa Circle.—Longitudinal sections of the Kunkhai right and left embankments, Daya left embankment, and Kalinagar Hasia, Goomgarh and Jellamutha Schedule D embankments were taken during the year.

South-Western Circle :—

(*a*) Surveys were made and gauges fixed in connection with the drainage scheme of the Sabang and Moyna parganas.

(*b*) A survey was made of the tract of country lying west of Kola and Dainan with a view to providing a sluice at Kola for drainage and irrigation.

(*c*) The survey of all the Schedule D embankments in the Cossye Division was still in progress, also the surveys for the drainage of the Hara basin.

Gandak Circle.—An investigation was made in connection with the scheme for improving the water supply in the Bya Nullah and for draining the surplus flood water from the Samuthi and Bya rivers through a proposed sluice in the 3rd mile of the Tirhut embankment.

6. *Original Works.*—The outlay under this head during the year was Rs. 93,617, which was chiefly expended on the following works :—

Orissa Circle.—Works in connection with raising the crest of the Kushbhadra right and left embankments and remodelling the spurs and groynes on the left bank of the Katjuri at Bogla. The raising of the crest of the sea embankment No. 7B in the Balasore Division was about two-thirds completed.

Six embankment sluices were completed during the year, and seventeen others were in progress.

South-Western Circle.—The reconstruction of the Inspection bungalow at Ghatal, which collapsed during the floods of 1909-10, was in progress during the year. The construction of the Public Works Department subdivisional office and quarters at Diamond Harbour was also in progress.

No original works were done during the year in the Gandak and Northern Circles.

7. *Ordinary repairs.*—The expenditure during the year was Rs 5,13,170 as against Rs. 3,98,923 in the year 1909-10. The excess was chiefly due to the construction of retired lines.

8. *Retired lines.*—During the year the amount spent on retired lines was Rs. 1,45,188 as against an average of Rs. 64,856 for the previous four years. This excess is chiefly due to heavy expenditure in the South-Western and Gandak Circles. No retired lines were constructed in the Northern Circle.

9. *Works undertaken under the provisions of the Bengal Drainage Act VI of 1880.*—The Dankuni, Howrah, Rajapur and Burrajolla Drainage Works, in charge of the Executive Engineer, Northern Drainage and Embankment Division, were maintained in good order during the year at a cost of Rs. 18,882 as compared with an average of Rs. 16,064 for the five preceding years.

10 *Works undertaken under the provisions of the Bengal Sanitary Drainage Act VIII of 1895.*—The only work which has as yet been carried on under this Act is the Magra Hât Drainage Scheme in the 24-Parganas district, the object being to drain the swamps in an area of 290 square miles around Magra Hât within the embankments of the 24-Parganas. This work is estimated to cost Rs. 21,20,966 and the expenditure up to date amounts to Rs. 18,40,050, of which Rs. 1,65,547 were incurred during the year. The work is nearly completed.

11. *Drainage works carried out under the provisions of the Bengal Embankment Act II of 1882.*—In the Orissa Circle some minor works were in progress in connection with the Argowal Drainage Project, which had been practically completed during the previous year. In the South-Western Circle a sluice in the Government Embankment at Chitraganj under the Budge Budge Municipality was constructed at a total cost of Rs. 8,283. The work of extension of the Panchannogram Embankment was in progress during the year, nearly two-thirds of the earthwork being done. Work in connection with the three-vented sluice at Alumpur in the 15th mile of the Hooghly Left Embankment was taken in hand. A large number of sluices in the Schedule D Embankments are maintained under the provisions of this Act, at the cost of the estates benefited.

12. *Drainage works carried out at the cost of Government, but not under the provisions of any Act.*—Rs. 33,599 was spent during the year on the main drain of the proposed Bagjolla Drainage Scheme, which is being constructed for the efficient drainage of certain municipalities in the 24-Parganas district near Calcutta. The construction of a masonry sluice and a retired line of embankment for the drainage of the Government Estate Tona in the district of the 24-Parganas was commenced during the year.

13. *Maintenance and repairs.*—The Bullee Bhil drainage works in the 24-Parganas district, the Balliaghye main and branch drains and the 22 Khas Tahsil Khals in the Midnapore district, were maintained by this Department.

ORDER.—Ordered that a copy of the Resolution be published in the Supplement to the *Calcutta Gazette*, and that a copy thereof and of the appendices be submitted to the Government of India, Public Works Department, for information.

Ordered, also, that copies of the Resolution and of its Appendices be forwarded to the Revenue and Financial Departments of this Government, the Secretary to the Board of Revenue, Lower Provinces, the Commissioners of the Presidency, Burdwan, Patna, Tirhut, Bhagalpur, Chota-Nagpur and Orissa Divisions, the Director-General of Commercial Intelligence, the Superintending Engineers, Orissa, South-Western, Sone, Gandak and Northern Circles, and the Accountant-General, Bengal, for information.

By order of the Lieutenant-Governor in Council,

C. A. WHITE,

Offg. Secretary to the Government of Bengal.

RESOLUTION ON THE ADMINISTRATION REPORT OF THE COMMISSIONERS FOR THE PORT OF CALCUTTA FOR THE YEAR 1910-11.

No. 2646 Marine.

Government of Bengal.

MARINE DEPARTMENT.

Dated Calcutta, the 13th November 1911.

RESOLUTION.

Administration Report of the Commissioners for the Port of Calcutta for 1910-11.

READ—

The Administration Report of the Commissioners for the Port of Calcutta for 1910-11.

Revenue receipts and expenditure.—The revenue of the Trust amounted to Rs. 1,28,26,171 as against Rs. 1,18,36,518 in 1909-10, showing an increase of Rs. 9,89,653. The average income of the Trust during the previous three years was Rs. 1,16,03,430.

The earnings from all sections of the Trust, with the exception of the Budge-Budge Petroleum Depôt, show a satisfactory improvement.

The expenditure amounted to Rs. 1,28,23,770 as against Rs. 1,19,97,364 in 1909-10. The increase was mainly due to additional interest and sinking fund charges on capital raised, including the first instalment of Rs. 2 lakhs towards the repayment of the Kidderpore Dock loan. It was due also to higher labour charges owing to greater tonnage handled and to increase of establishment charges to meet the normal growth and the provision of staff required for new warehouses and vessels. There was a small surplus of income over expenditure at the close of the year.

2. The following were the most important works in progress or completed during the year:—

Construction of the "heavy lift" yard at the north end of the jetties, equipped with a 30-ton travelling cantilever crane for handling heavy machinery, girders, &c.

The rearrangement and extension of the running lines and sidings on the eastern side of the Docks and at Kantapukur to provide better facilities for receiving, marshalling and despatching wagons.

Scheme of improvements on the north of the Howrah Bridge.

The construction of a large landing stage at Outram Ghat for the embarkation and disembarkation of passengers by ocean-going steamers.

The scheme for remodelling and extending the Budge-Budge Petroleum Depôt.

Construction of landing stages at the ferry-service stations on both sides of the river.

Extension of Dock No. 2.

Construction of the new depôt for the Army Remount Depôt; reclamation of low-lying lands for the Dock Improvement Scheme.

3. *Capital account.*—The liabilities on Capital account of the Trust at the close of the year after allowing for the amount (Rs. 1,09,34,289) at credit of the Sinking Funds were Rs. 8,43,36,876. Against this, the assets of the

Trust were valued at Rs. 10,67,02,448. These assets do not, however, represent the exact position, as nothing has been included in respect of the value of the Strand bank and Howrah foreshore lands, and the value of lands has been assessed in the block account, at cost price only, though these lands have considerably increased in value since their first acquisition.

4. *Sinking, depreciation and fire insurance funds.*—The net balances at the credit of these funds at the close of the year were Rs. 1,09,34,289, Rs. 5,73,295 and Rs. 7,76,862, respectively.

5. The subjoined table shows, in detail, the receipts and charges of the Revenue account for the year 1910-11, compared with similar figures for the previous year.

(*a*) *Jetties.*—The tonnage of imports, excluding the receipts from the Moyapore Magazine, was 851,383 tons as against 838,566 in 1909-10 and 718,952 in 1908-09. The total earnings show an increase of Rs. 24,912 over those of the previous year. There was an increase of Rs. 19,816 in expenditure, owing mainly to a larger sum being debited to the jetties than in the previous year, on account of dredging expenses.

Traffic at the jetties.—Two hundred and eighty-five vessels, with an aggregate tonnage of 967,828, were accommodated at the jetties during the year, as against 297 vessels with an aggregate tonnage of 1,019,609 in 1909-10. Three of these vessels landed and embarked passengers, and one shipped cattle.

(*b*) *Sale tea warehouse.*—There was an increase of Rs. 16,541 in the income of the sale tea warehouse over that of the previous year. The number of chests of tea sold showed an increase of 35,972.

(c) *Petroleum wharf.*—The total receipts under this head show a decrease of Rs. 10,562 when compared with the receipts of the previous year. The decrease was due to the smaller importation of oil in tins on which stevedoring and handling charges are recovered. There was, however, a small increase in the number of vessels which discharged oil at Budge-Budge, and the quantity of oil imported also showed an increase of 948,522 gallons.

The expenditure was less by Rs. 1,20,505 than that incurred in 1909-10. The decrease was in respect of labour charges which declined owing to smaller importation of oil in tins.

(d) *Rentable lands and buildings.*—The revenue from lands and buildings was Rs. 1,77,481 more than that of the previous year. Of this increase, Rs. 1,36,736 was derived from lands and Rs. 40,745 from buildings.

The increase in land-revenue was largely due to the recent acquisitions in the neighbourhood of the docks, and the steady development of the Commissioners' property.

(e) *Port.*—The income under this head, which includes hire of moorings, Harbour Masters' fees and charges for transporting and hauling in and out of moorings, rose from Rs. 5,12,171 in 1909-10 to Rs. 5,27,578 during the year under review. The expenditure decreased from Rs. 5,24,125 to Rs. 5,02,856 owing to a smaller expenditure on repairs and renewals of buoys and moorings.

(f) *Port approaches.*—The port dues, which are the main source of revenue, show an advance of Rs. 29,856 over the dues collected in the previous year, the increase being due to a larger number of vessels having visited the port. The expenditure also shows a reduction of Rs. 28,094 compared with that of 1909-10.

The following statement shows the progress in the operations of the Survey Branch of the port and the port approaches Department:—

	1885	1900.	1910-11.
Miles sounded	1,295	5,864	8,235
River plans, charts and notices	20	606	1,205
Number of buoys (Calcutta to Diamond Harbour) ...	7	30	48
River marks	57	115	255

(g) *Railway.*—The income from the railway during the year shows an increase of Rs. 79,109 over that of 1909-10. This is mainly due to the increased earnings from the terminal, on rail-borne traffic to and from the docks, resulting from the heavier exports of coal and produce and from a greater quantity of imported sugar being sent up country. The receipts from hire of wagons, however, practically disappeared during the year. The expenditure shows an increase of Rs. 33,643. This is wholly due to the additional staff maintained by the Eastern Bengal State Railway at the stations on the jetties—Cossipore section—which they work for the Commissioners.

(h) *Wet docks.*—The revenue derived from the wet docks increased from Rs. 27,78,993 in 1909-10 to Rs. 29,90,370 in 1910-11. There was a large increase in the shipment of coal, wheat and seeds The total imports were less owing to there being no imports of rice from Burma but the imports of sugar from Java, showed a further substantial increase. The expenditure showed a corresponding increase; labour charges increased by two lakhs owing to the greater tonnage of goods handled and dredging charges, cost of establishment, maintenance and repairs were also higher than those of the previous year.

(i) *Graving docks.*—The receipts and charges approximated those of the year before. The Commissioners have decided to reduce the rates of charges for dry docking in order that greater use may be made of the dry docks. It is estimated that an increase of 38 per cent. in the number of ships using these docks will counterbalance the effect of the reduction in rates.

The total receipts of the docks, including dry docks, dock section of railway, dock lands and buildings, amounted to Rs. 46,64,240, and against this the expenditure was Rs. 34,91,959. The labour charges showed an increase of more than Rs. 2 lakhs, due to the greater tonnage of goods handled, and to the dredging expenses which increased by Rs. 75,000. The cost of establishment increased by Rs. 25,000, and maintenance and repairs by Rs. 15,000. There was, however, a saving of Rs. 20,000 under Electric and hydraulic working.

(*j*) *Ferry service.*—The income from this source increased from Rs. 1,43,129 in 1909-10 to Rs. 2,34,402 in 1910-11. Nearly eight million passengers were carried. The opening of the ferry service appears to have met a long-felt public want, and the results have been so encouraging that the Commissioners purchased four new steamers for a suburban service, which was opened in May 1910. It has been decided still further to extend the service, and tenders have been invited for two more steamers.

(*k*) *River dues.*—The revenue from river dues showed an increase of Rs. 1,03,241, the increase being due to a larger number of vessels having entered the port during the year.

6. The Commissioners established a provident fund for the benefit of their employés. No contribution will be made to the fund from the revenues of the Trust, but the Commissioners guarantee the payment of interest at 4 per cent. on the amounts subscribed by the members.

7. The thanks of the Lieutenant-Governor in Council are due to the Commissioners for their efficient administration of the Trust, and His Honour desires to place on record his appreciation of the excellent work done by Sir F. G. Dumayne, the Vice-Chairman.

By order of the Lieutenant-Governor in Council,

Offg. Secretary to the Government of Bengal.

REPORT ON THE STATE OF THE SALT MARKET FOR THE SECOND QUARTER OF THE YEAR 1911-12.

No. 5917B., dated Calcutta, the 8th November 1911.

From—W. A. MARR, ESQ., I.C.S., Secretary to the Board of Revenue, L. P., Misc. Revenue Department,

To—The Secretary to the Government of Bengal, Financial Department.

Member in charge:
THE HON'BLE MR. D. J. MACPHERSON, C.I.E., I.C.S.

I AM directed to submit the following report on the state of the salt market for the second quarter of the year 1911-12, comprising the months of July, August and September 1911.

2. The quantity of salt of every description cleared during the quarter amounted to 2,886,778 maunds (including 1,193,599 maunds issued under the credit system), as compared with 3,075,795 maunds (including 993,683 maunds issued under the credit system) in the previous quarter, and 2,731,984 maunds (including 724,467 maunds issued under the credit system) in the corresponding quarter of the previous year. The net amount of duty levied was Rs. 14,25,489 (excluding Rs. 10,03,989 adjusted under the credit system), as against Rs. 18,56,262 (excluding Rs. 7,96,191 adjusted under the credit system) in the previous quarter, and Rs. 18,13,532 (excluding Rs. 1,27,797 adjusted under the credit system) in the corresponding quarter of the previous year.

3. The subjoined Table I shows in detail the importations into the port of Calcutta and the total clearances of sea-imported salt during the quarter, as compared with the figures of the corresponding quarters of the two previous years:—

* Inclusive of 1,193,599 maunds of salt issued under the credit system. Besides this quantity, 11,800 maunds of salt issued under the credit system to inland bonded warehouses in the Province of Eastern Bengal and Assam.

Compared with the corresponding quarter of the previous year and the same quarter of 1909-10, importations were greater by 31·9 per cent. and 70·06 per cent., respectively, and clearances were greater by 5·8 and 13·09 per cent. As compared with the corresponding period of the previous year, the increased imports from Port Said, Salif, Hamburg and Bremen and Spain and the decreased imports from Massowah are specially noticeable.

4. Table II shows the quantity of sea-imported salt remaining in the warehouses at the close of the quarter, as compared with the preceding four quarters:—

5. The figures showing the despatches of salt from Calcutta by different routes during the quarter under report will be published as usual in the *Calcutta Gazette* by the Director-General of Commercial Intelligence when they are available.

6. The quantity of salt despatched during the quarter by the East Indian Railway to stations beyond Buxar amounted to 2,650 maunds, as against 2,207 maunds in the previous quarter and 442 maunds in the corresponding quarter of the previous year.

7. The quantity of saltpêtre salt excised in the refineries of Bengal during the quarter amounted to 3,491 maunds (inclusive of 320 maunds of *sitta*), as compared with 7,426 maunds (inclusive of 20 maunds of *sitta*) in the previous quarter, and 5,061 maunds (inclusive of 455 maunds of *sitta*) in the corresponding quarter of the previous year.

8. The shipments of Liverpool salt during the quarter for the port of Calcutta according to the published market reports amounted to 54,500 tons. No vessel is at present on the sea bound for Calcutta with salt from Hamburg.

9. Table III shows the average wholesale prices* per 100 maunds of Liverpool and other descriptions of salt during each fortnight of the quarter:—

MONTHLY WEATHER AND CROP REPORT OF BENGAL FOR THE MONTH OF OCTOBER 1911.

Character of the season.—Rainfall was general throughout the Province during the month under report. The fall was above the normal in all the districts of Bihar and Chota Nagpur (Hazaribagh excepted) and in Birbhum and Sambalpur. It was below the average in the rest of the Province. The statement showing the rainfall in different districts is appended.

II. *Progress of agricultural operation.*—Harvesting of *bhadoi* crops was completed. Preparation of lands for *rabi* crops and sowings commenced during the month.

III. *State of standing crops.*—The standing crops were generally doing well. The rainfall in October did much good to the winter rice crop, prospects of which are good in most districts. More rain was wanted in Cuttack and the 24-Parganas.

IV. *Prospects and probable outturn of harvests.*—The outturn of the *bhadoi* harvest has been fair in most districts. Prospects of the winter rice crop are generally good.

V. *Damage to crops.*—There was no serious damage during the month under report by any natural calamity. Floods did some damage to the standing crops in parts of Murshidabad and Hooghly. Injury by insects was reported from Midnapore and Balasore.

VI. *Condition of agricultural stock.*—The condition of cattle was on the whole good. Cases of cattle-disease were reported from Midnapore, Howrah, Murshidabad, Jessore, Monghyr, Bhagalpur, Purnea, Puri, Angul, Sambalpur and from all the districts of the Patna, Tirhut and Chota Nagpur Divisions except Saran and Singhbhum.

VII. *Failure of pasturage and fodder.*—Fodder was insufficient in parts of Nadia and Midnapore and water was reported to be scarce in parts of the latter district.

VIII. *Prices of food-grains.*—During the second fortnight under review the price of rice rose in eight and fell in 14 districts. It varied from 7½ seers a rupee in Darjeeling to 15⅝ seers in Darbhanga.

IX. *Condition of agricultural people.*—The condition of agricultural people was, on the whole, satisfactory.

SUMMARY OF THE RAINFALL OBSERVATION DURING THE MONTH OF OCTOBER 1911.

During the month under report the rainfall was above the average in Bihar and Chota Nagpur (Hazaribagh excepted) and in Birbhum and Sambalpur. It was below the average in the rest of the Province.

In South-West Bengal the rainfall recorded amounted to 3·32 inches, in Bihar 4·40 inches, in Orissa 3·84 inches and in Chota Nagpur 2·50 inches.

Expressed in percentage figures, in South-West Bengal the fall was 82 per cent., in Bihar 162 per cent., in Orissa 61 per cent, and in Chota Nagpur 100 per cent. of the normal. The total rainfall from January to October was 86 per cent. in South-West Bengal, 104 per cent. in Bihar, 92 per cent. in Orissa and 87 per cent. in Chota Nagpur.

Calcutta,
The 13th November 1911.

W. B. Heycock,
Director of Agriculture, Bengal.

The following table compares the rainfall in the four divisions during the month of October 1911 with the normal fall, the actual being given as a percentage of the normal. The table also shows the actual falls for each of the previous months of the year expressed in the same way, and the last column of the table shows the total rainfall of the past ten months of the year 1911:—

For officers entitled to wear 3rd class uniform—2 cords twisted.

For officers entitled to wear 5th class uniform—2 „ straight.

Buttons on cuffs.—For Lieutenant-Governors and Ordinary Members of the Council of the Governor-General—4 buttons.

For officers entitled to wear 3rd class uniform—3 buttons.

„ „ „ „ „ 5th „ „ —2 buttons.

Trousers.—White cotton drill over-alls with black leather foot straps.

Buttons.—Lieutenant-Governors and Ordinary Members of the Council of the Governor-General will wear gilt mounted buttons with the Royal Arms, with supporters. The buttons to be worn with the other two classes of uniform should be gilt mounted bearing the Royal Arms without supporters, surmounted by the Imperial Crown.

Helmet, boots, spurs, forage cap, sword and sword belt.—As for undress. Belt to be worn under the coat.

NOTE.—This uniform will be worn in substitution either for the full dress or undress uniform during such periods of the year as the Local Government may prescribe. Local Governments are authorised to declare that officers need not provide themselves with it unless an occasion arises when they will require it. When the uniform is worn as full dress, medals and decorations will be worn. When it is worn as undress, ribbons only will be worn. No separate Mess dress is prescribed for the hot weather.

Municipal and Local.

NOTIFICATIONS.

Darjeeling.

No. 1405M.—The 18th November 1911.—Whereas the Commissioners of the Darjeeling Municipality have ordered that a survey be made of the lands situated in that Municipality, and the provisions of the Calcutta Survey Act, 1887 (Ben. Act I of 1887), consequently apply to that Municipality by virtue of section 223A of the Bengal Municipal Act, 1884 (Ben. Act III of 1884);

And whereas it is expedient that a Superintendent of Survey should be appointed under the said Calcutta Survey Act, 1887, for the purposes of the survey:

Now therefore the Lieutenant-Governor in Council is pleased, in exercise of the power conferred by section 3 of the Calcutta Survey Act, 1887, to appoint Lieutenant-Colonel R. T. Crichton, C.I.E., Director of Surveys, Bengal, to be the Superintendent of the said Survey.

Puri.

No. 1417M.—The 20th November 1911.—In exercise of the power conferred by clause (*a*) of section 59 of the Bengal Municipal Act, 1884 (Ben. Act III of 1884), the Lieutenant-Governor in Council is pleased to approve the resolution passed by the Commissioners of the Puri Municipality, in the district of Puri, under section 27 of that Act, electing Mr. J. Clark, I.C.S., to be Chairman of that Municipality, *vice* Mr. W. H. Nelson, I.C.S., resigned

Calcutta.

No. 1419M.—The 20th November 1911.—The following draft of rules which the Lieutenant-Governor in Council proposes to make under section 86 of the Calcutta Improvement Act, 1911 (Bengal Act V of 1911), for carrying out the purposes of section 82 of that Act, is published for the information of persons likely to be affected thereby.

2. The draft will be taken into consideration on the 22nd December 1911, and any objection or suggestion received by the undersigned before that date will be duly considered.

Draft rules.

1. The increased duty imposed by section 82 of the Calcutta Improvement Act, 1911, on instruments of sale, gift and usufructuary mortgage, respectively, affecting immoveable property situated in the Calcutta Municipality, shall be paid and recovered in the same way and under the same procedure as the ordinary duty imposed by the Indian Stamp Act, 1899, on such instruments.

2. Whenever the said increased duty amounts to a sum which is a multiple of two annas plus a fraction of two annas, the said fraction shall not be collected, since stamps for use under the Indian Stamp Act, 1899, are not issued for any sum less than two annas.

3. (*1*) Whenever any instrument referred to in rule 1 is presented to any registering officer in Bengal for registration, he must see whether the particulars referred to in section 27 of the Indian Stamp Act, 1899, are set forth separately in the instrument in respect of—

(*a*) property situated in the Calcutta Municipality, and
(*b*) property situated outside the Calcutta Municipality,

respectively, as is required by section 82 (*2*) of the Calcutta Improvement Act, 1911.

(*2*) If the said particulars be not so separately set forth in any such instrument, the said officer must impound it and forward it to the Collector, calling his attention to section 64 of the said Indian Stamp Act, as amended by section 82 (*3*) of the said Calcutta Improvement Act.

4. (*1*) Every registering officer in Bengal who registers any instrument referred to in rule 1 shall keep an account of the duty paid in respect of each such instrument, showing separately the duty imposed by the Indian Stamp Act, 1899, and the increased duty imposed by the Calcutta Improvement Act, 1911.

(*2*) The said accounts shall be consolidated quarterly under the orders of the Inspector-General of Registration, and each quarterly consolidated account shall be sent by him to the Accountant-General, Bengal, within two months after the close of the quarter.

5. If in any case it be impossible to recover the full duty due on any instrument referred to in rule 1, then no part of the duty realized on such instrument shall be treated, in the said accounts, as duty imposed by section 82 of the Calcutta Improvement Act, 1911, unless the sum realized exceeds the duty imposed by the Indian Stamp Act, 1899.

6. The Accountant-General of Bengal shall, within three months after the close of each quarter, pay to the Board of Trustees constituted under the Calcutta Improvement Act, 1911, so much of the duty shown in the said consolidated account as represents the increase imposed by section 82 of that Act, after making such verification of the said account as he may consider necessary.

No. 2078San.—The 20th November 1911.—Mr. G. B. Williams, Sanitary Engineer and Secretary to the Sanitary Board, Bengal, has been allowed privilege leave for four days under Government of India, Public Works Department Circular No. VIII, dated the 1st December 1904, and has subsequently been granted by His Majesty's Secretary of State for India extraordinary leave without pay up to the 22nd October 1911, in extension of the leave sanctioned to him in Notification No. 1184San., dated the 11th July 1911.

THE INDIAN LAW REPORTS.

Published in FOUR SERIES, viz.

CALCUTTA, MADRAS, BOMBAY AND ALLAHABAD.

THE Indian Law Reports, published under the authority of the Governor General in Council, are printed in monthly Parts, which are issued, as soon as possible after the first of each month, at Calcutta, Madras, Bombay and Allahabad respectively.

The Reports comprise four Series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court.

The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depôt; and the Madras, Bombay and Allahabad Series are distributed direct from Madras, Bombay and Allahabad, respectively.

Persons desiring to subscribe for or purchase the Reports should apply to—

the Officer in charge, Bengal Secretariat Book Depôt, Calcutta,

or

the Superintendent, Government Press, Madras, or

the Superintendent, Government Central Press, Bombay, or

the Curator of Government Books, United Provinces of Agra and Oudh, Allahabad.

C. J. STEVENSON-MOORE,
Chief Secy. to the Govt. of Bengal.

NOTIFICATION.

No. 4945A.—The 27th November 1911.—The following rule is substituted for rule 18 of the Rules for the Departmental Examination of Assistant Magistrates and others, dated the 28th May 1895:—

Rule 18.—In Accounts there will be two standards of examination. The text-books will be the same in both, namely, those detailed in Appendix III. The examination will be with the aid of books as indicated in that appendix. The questions will be set by the Accountant-General, in communication with the Central Examination Committee. They will be such as to test the practical acquaintance of the candidates with the principles and provisions of the Civil Account Code and the rules prescribed. There will be a single paper both for the lower and the higher standard. A candidate, who has secured the prescribed pass marks for the higher standard, will be held to have passed both in the lower and the higher standard. If, however, he fails to secure the pass marks prescribed for the higher standard but obtains the minimum required for passing in the lower standard, he shall be declared to have passed the lower standard.

Every Assistant Magistrate, Deputy Magistrate, or Sub-Deputy Collector shall undergo a training in treasury work, and shall for that purpose be placed in charge of a district treasury, under the general supervision of the Deputy Collector ordinarily in charge, for a period of not less than six weeks continuously. He will not be held to have passed the examination in Accounts by either standard, until the Collector of the district, to which he is attached, shall have furnished a certificate that he has, under the above provisions, duly attended to, and satisfactorily discharged, the duties of treasury officer for the prescribed period of six weeks, within one year prior to the date on which he appeared for examination in Accounts. If a candidate has passed by the lower standard only, a second certificate will be required before he can be considered to have passed by the higher standard, unless, at the time at which he presents himself for examination by the higher standard, less than a year has elapsed since the candidate was last in charge of a treasury. The Collector will see that this certificate is forwarded to the Central Examination Committee at each Departmental Examination.

C. J. STEVENSON-MOORE,
Chief Secy. to the Govt. of Bengal.

NOTIFICATION.

No. 4952A.—The 27th November 1911.—The following rule is substituted for rule 22 of the Rules for the Departmental Examination of Assistant Magistrates and others, dated the 28th May 1895:—

Rule 22.—An officer of the Indian Civil Service is permitted to present himself for examination by both the higher and lower standards at the same time. If he passes in either of the papers, he will be held to qualify for the lower standard, but passing marks should be obtained in both sets of papers to qualify for the higher standard. In Accounts, however, in which there will be only a single paper, he shall be declared as passed either by the lower standard or by both standards according to the marks obtained by him, as specified in Appendix IV. No other officer shall be permitted to take up any of the subjects, excepting Accounts, by the higher standard examination until he shall have completely passed in such subject by the lower standard.

C. J. STEVENSON-MOORE,
Chief Secy. to the Govt. of Bengal.

NOTIFICATION.

No. 4953A.—The 27th November 1911.—The following rule is substituted for rule 31 of the Rules for the Departmental Examination of Assistant Magistrates and others, dated the 28th May 1895.

Rule 31.—There will be two standards of examination in Law, Accounts and Languages—the lower and the higher standard. The same papers in the Languages will be set for Police officers as for the officers to whom the rules in section II apply. For the lower standard in Law, questions shall be set from the Bengal Police Manual, Chapters VI to XIV, XIX, XXVI, XXXI, XXXII and XXXIII and the Acts noted below:—

(1) The Indian Penal Code, XLV of 1860,
(2) The Code of Criminal Procedure, V of 1898,
(3) The Police Act, V of 1861,
(4) The Village Chaukidari Act, VI (B.C.) of 1870,
And all amending Acts.

The use of books will be allowed in answering these questions. Only unannotated Codes or Acts issued by authority and the Bengal Police Manual may be used.

For the higher standard in Law, there will be two papers, one without books and one with books. These papers will be set from the Acts or portions of Acts shown in Appendix XIV.

Only unannotated editions of Codes and Acts issued by authority and the Bengal Police Manual will be allowed in answering the higher standard paper with books.

Probationary Assistant Superintendents of Police will be required to appear for the lower standard at the first half-yearly examination held after their arrival at the school. At subsequent examinations, they will be permitted to present themselves for examination by both standards at the same time.

The marks to be assigned to the examination in Law and Accounts, the proportion required for passing by the different standards and the time allowed for each paper are set forth in Appendix IV. The same information as regards the examination in Languages will be found in Appendix V.

The text-books in Accounts will be the same in both the lower and higher standards namely, those detailed in Appendix XV, and the examination will be with the aid of books

as indicated in that Appendix. The questions will be set by the Inspector-General of Police in communication with the Central Examination Committee. They will be such as to test the practical acquaintance of the candidates with the principles and provisions of the Civil Account Code and the other books prescribed. There will be a single paper both for the lower and higher standards. A candidate, who has secured the prescribed pass marks for the higher standard, will be held to have passed both in the lower and higher standards even at the first examination. If, however, he fails to secure the pass marks prescribed for the higher standard but obtains the minimum required for passing in the lower standard, he shall be declared to have passed by the lower standard.

Deputy Superintendents of Police appointed direct will be liable to pass the same departmental examination and be subject to the same rules as Assistant Superintendents of Police.

Officiating Deputy Superintendents of Police will be liable to pass in Accounts under the penalty of reverting and they will be required to present themselves for the first examination in Accounts after six months' acting in that rank.

Superintendent, Calcutta Surveys.

CALCUTTA, *the 23rd November 1911.*

GENERAL DEPARTMENT.

NOTIFICATIONS.

No. 4409.—The 23rd November 1911.—The following revised Table of Fees, which has been prepared by the Lieutenant-Governor in Council in pursuance of section 78 of the Indian Registration Act, 1908 (XVI of 1908), in supersession of all previous notifications on the subject, and has been approved by the Governor General in Council, is hereby published for general information in accordance with the provisions of section 79 of the same Act.

II. The revised Table of Fees shall come into force on the 2nd January 1912.

Table of Fees under the Indian Registration Act, 1908 (XVI of 1908).

1.—Ordinary Fees.

A. The fees payable for the registration of the documents hereinafter described shall be calculated on the following *ad valorem* scale according to the value of the right, title, and interest affected, when such value is expressed in the document:—

	Rs.	A.
When the value does not exceed Rs. 50 ...	0	8
When the value does not exceed Rs. 100 ...	0	12
When the value exceeds Rs. 100 but does not exceed Rs. 250	1	0
When the value exceeds Rs. 250 but does not exceed Rs. 500	1	8
When the value exceeds Rs. 500 but does not exceed Rs. 1,000	2	0
For every additional Rs. 1,000 or part thereof	1	0

When the value of the right, title and interest affected is not expressed in the document, a fee of Rs. 10 shall be payable.

Description of Documents.

Conveyances and bills of sale, deeds of gift or dower, settlements, deeds of partition, leases, deeds of mortgage or instruments of further charge, bonds, assignments of any interest secured by a bond or mortgage deed, policies of insurance, bills of exchange and promissory notes and generally all other documents of the nature of those hereinbefore mentioned: provided as follows:—

(*i*) In cases where any consideration is expressed, the consideration and, in case of leases and other periodical payments the amount payable for one year in addition to any fine or premium, and in case of bonds and mortgages, the amount to be secured shall be taken to be the value of the right, title or interest affected.

(*ii*) If a lease given to any raiyat, and the kabuliyat or counterpart of such lease executed by such raiyat, be presented, for registration *at the same time*, the fee payable for the registration of the lease shall be half of what would have been payable if the lease alone were presented, and the fee payable for the registration of the counterpart shall be equal to that for the registration of the lease.

(*iii*) The fee on any instrument comprising or relating to several distinct matters shall be the aggregate of the fees with which separate instruments, each comprising or relating to one of such matters, would be chargeable.

(*iv*) An instrument so framed as to come within two or more descriptions of the documents enumerated, shall, when the fees chargeable thereunder are different, be charged with the highest of such fees.

(*v*) The fee to be paid on the registration of partition deeds should be calculated on the value of the share or shares on which stamp duty is payable under Article 45 in Schedule I of the Indian Stamp Act, 1899. II of 1899.

(*vi*) No fee shall be payable for the registration of bonds executed by non-gazetted or menial officers of Government for the due performance of their duties, or of bonds or mortgage deeds executed by private parties as security for the due performance of their duties by such officers.

(vi) When a document which has been executed by only some of the parties to it, is presented for registration, the other parties or any of them may attend and execute the document and admit their execution without the payment of any further fee, so long as a certificate of registration has not been endorsed thereon and duly signed, sealed and dated under section 60 of the Indian Registration Act, 1908; but if the registration of the document has been completed, it must be presented afresh for registration, and a second fee shall be payable.

B. The fee for the registration of a separate instrument acknowledging the receipt or payment of any sum of money, whether consideration on account of any deed of sale or mortgage, or rent on account of any lease, or other value expressed in any document, shall be calculated, according to the amount received, on the scale fixed under Article A:

Provided that, if any instrument referring to the same transaction has already been registered, the fee shall not exceed Rs. 2.

C. The fee for the registration of a will or authority to adopt, presented open, shall be Rs 4.

D. The fee for the registration of an agreement for personal service shall be 8 annas only.

E. The fee for the registration of any document not mentioned or described in any of the foregoing Articles, shall be Re. 1.

F. The fee to be paid for searching the registers shall be —

	As.
(a) For the first year in the index registers of which search is made	8
For every other year	4
(b) For each Register Book 1, 3 or 4 inspected	8

Provided as follows:—

(i) No fee under Article F shall exceed the sum of Rs. 10.

(ii) Every application for the grant of a certified copy of a document, except at the time of the registration of the document, must be accompanied by the fee payable for tracing the entry relating to such document in the index register, according to the aforesaid rates.

G. For making or granting copies of reasons, entries or documents, before, on, or after registration, a fee shall ordinarily be charged at the rate of one anna for every hundred words in the vernacular character, and two annas for every hundred words in the English character.

When an applicant requires such copies to be furnished on the day of application, an extra fee of one rupee (or, if the copies exceed four pages of 300 words, of four annas for each page) shall be charged on all copies so furnished.

II.—Extra or additional fees.

H. For the registration by any Registrar (other than the Registrar of Calcutta) of any document under section 30, sub-section (1), of the Indian Registration Act, 1908, an extra fee equal to the ordinary fee, or Rs. 5, whichever is less, shall be charged.

I. For the registration by the Registrar of Calcutta of any document relating to property, when no portion of such property is situated within his district, a fee of Rs. 10 shall be charged.

J. The fee for the attendance, under section 31 of the same Act, of an officer at a private residence for registration or acceptance of any one document, will, or authority, shall be Rs. 10.

In addition to such fee, travelling allowance shall be paid to the registering officer at the rate of four annas a mile for the actual distance to be travelled, provided that the place to be visited is more than one mile from the registration office.

K. Before the issue of a commission, or before the registering officer or Magistrate personally proceeds to any dwelling house or jail to obtain evidence as to the voluntary nature of the execution of a power-of-attorney under section 33, sub-section (3), of the Indian Registration Act, 1908, and before the issue of a commission, or before the registering officer personally proceeds to any dwelling-house or jail for the examination of any

person under section 38, sub-section (2), of that Act, the following fee shall be paid on account of every person exempted from appearance:—

	Rs.
(a) For a person exempted on account of bodily infirmity, so as to make it impossible for him without risk to appear, or exempted because confined in jail	5
(b) For a person exempted on account of sickness of any other kind, or exempted by law from personal appearance in Court	10

In addition to such fee, travelling allowance shall be paid to the registering officer or Magistrate or any person to whom the commission is issued, at the rate of four annas a mile for the actual distance to be travelled, provided that the place to be visited is more than one mile from the registration office.

Notes referring to Articles H, I, J, and K.

(i) When two or more copies of a document executed by the same parties are presented for registration at the same time, an ordinary fee shall be payable for each copy; but any extra or additional fee which is payable under Article H, I, J, or K shall be calculated as for one document only, no matter how many copies of that document may be presented.

(ii) The extra fee under Article H shall not be payable when an instrument is registered by a Registrar, acting as Sub-Registrar, or in consequence of the Sub-Registrar, by whom it should be registered under section 28 of the Indian Registration Act, 1908, being a party interested in the transaction to which such instrument relates.

(iii) Where two or more persons who execute the same document reside together, only one fee under Article J for the attendance of a registering officer under section 31 of the same Act, or one fee under Article K for a commission or the attendance of a registering officer under section 33 or 38 of that Act, as the case may be, shall be charged so far as those persons are concerned.

L. The fees payable for authenticating or attesting the execution of a power of-attorney shall be as follows:—

	Rs.
(a) For a special power	1
(b) For a general ,, ...	2

M. For every copy and memorandum of a document to be forwarded to another office under sections 64 to 67 of the same Act, there shall be paid an extra fee equivalent to that paid under Article A, B or E:

Provided that the fee for a copy shall not exceed Rs. 10, and that the fee for a memorandum shall not exceed Re. 1.

N. Besides the fees payable under Articles A, B, C, D and E of this table, there shall be paid, for the registration of every document of such length as to occupy more than two pages of the register, an extra copying fee at the rate of four annas for every page or part thereof in excess of the first two pages.

Mode of calculation.

Assuming three hundred words to the page, this fee may be calculated by counting the number of words in the document, or if no such calculation is made by the parties, the registering officer will estimate the number of pages likely to be thus charged for, but the fee shall in every case be payable on presentation, and in case of miscalculation the document shall not be returned until any deficiency in the fee levied is made good.

Example.—A conveyance is presented for registration containing 1,350 words. If the party certify to this fact, the registering officer would at once proceed to charge a fee for three pages (1,350 − 600 = 750), *i.e.*, 12 annas. If the number of words is not known, the registering officer would perhaps charge for two extra pages, or eight annas only, and the deficiency of four annas would have to be made good before the document could be returned.

O. When a document remains unclaimed for more than one month after completion of registration, a fee of four annas shall be charged for every month or part of a month beyond the first month after completion of registration.

P. When a document remains unclaimed for more than one month after refusal of registration, a fee of four annas shall be charged for every month or part of a month beyond the first month after refusal of registration. The amount of fee shall not, however, exceed Rs. 5 in any case.

Note referring to Articles O and P.

A Registrar is empowered to remit, in whole or in part, the fees chargeable under Articles O and P in any case in which it appears to him that their exaction would be clearly productive of injustice or hardship.

Q. The fee to be paid on the deposit or withdrawal of any sealed cover containing a will shall be Rs. 2.

R. The fee to be paid on the opening of a sealed cover containing a will shall be Rs. 2, in addition to the fee for copying the contents according to the scale laid down in this table for the granting of certified copies.

FINANCIAL DEPARTMENT.

NOTIFICATION.

No. 4122Mis.—The 24th November 1911.—In supersession of the rules which were published with Government Notification No. 1606T.—F., dated the 30th September 1904, as amended by Notification No. 2436Mis., dated the 4th May 1905, the following rules for the regulation of appointments in the Clerical Service of the Secretariat of the Government of Bengal and certain other Government offices are published for general information.

H. WHEELER,
Secy. to the Govt. of Bengal.

Rules for the Regulation of Appointments in the Clerical Service of the Secretariat of the Government of Bengal.

1. The clerical Service of the Secretariat of the Government of Bengal is divided into two divisions—the Upper Division and the Lower Division.

UPPER DIVISION.

2. The Upper Division of each department is divided into six grades, thus:—

		Rs.
I	Grade	400
II	"	300
III	"	250
IV	"	200
V	"	150
VI	"	125

There are local allowances of Rs. 100 attached to certain of the posts of Head Assistants.

3. Vacancies which occur in the Upper Division of each department will be filled in succession by the following methods:—

(a) Selection of suitable candidates from the yearly nominations made by the Commissioners of Divisions and others for the Provincial Executive Service, the Police Service or the Subordinate Civil Service. The indispensable qualification for an appointment in the Upper Division under this rule will be that the candidate must have passed the B.A. Examination or its equivalent, and preference will be given to those who have passed with Honours.

(*b*) Selection of suitable Europeans or Eurasians. The educational attainments required of such candidates will be the Intermediate Examination, the High School Pass Examination, the Senior Cambridge Local Examination, the Cambridge Senior School Certificate Examination or a certificate that the candidate has passed the final examination of the advanced Commercial Classes. In this case preference will be given to graduates.

(*c*) Promotion from the Lower Division.

No clerk in the Lower Division, however, has, as a matter of right, any claim to promotion in the Upper Division, which will be given strictly according to merit.

Note.—Up to and including 1915, every alternative vacancy will be filled by method (*c*), the other vacancies being filled alternately by methods (*a*) and (*b*).

4. On the 1st April of each year, each department shall send a memorandum to the Financial Department showing the number of permanent vacancies expected in the Upper Division during the ensuing 12 months, and shall state by which of the methods referred to in rule 3 (*a*), (*b*) and (*c*), respectively, these are to be filled In the case of selection under rule 3 (*a*) the department concerned shall also state whether it is the turn of a Muhammadan to get the appointment or not (*vide* rule 21).

5. Upon receipt of the estimates, the Financial Department shall decide the total number of officers who may suitably be appointed to the Upper Division, bearing in mind the number of vacancies likely to occur during the year and the number of probationers already waiting to be confirmed.

6. The selection of candidates to be nominated under rule 3 (*a*) shall be made by the Secretaries at a meeting.

7. For the purpose of the selection of candidates under rule 3 (*b*), the Director of Public Instruction shall be asked to submit, in consultation with the authorities of European colleges and schools, the names of two or three candidates for each vacancy who possess the qualifications prescribed. From among these, a selection will be made by the Secretaries at a meeting.

8 Vacancies to be filled under rule 3 (*c*) by promotion from the Lower to the Upper Division shall be dealt with by each department concerned without reference to the Financial Department, provided that the permissible number of such promotions as settled under rule 4 is not exceeded.

9. Candidates selected under rules 3(*a*) and 3 (*b*) will be on probation for one year, during which they will be given a subsistence allowance of Rs. 75 per month, which will be enhanced to Rs. 100 after one year's approved service. Candidates selected under rule 3 (*c*) will be on probation for one year, during which they may be given the full pay of the lowest grade or any less allowance which may appear to the department concerned to be suitable.

LOWER DIVISION.

10. Clerks in the Lower Division of the departments of the Secretariat are graded as follows:—

		Rs.
I	Grade	100
II	,, ...	80
III	,, ...	70
IV	,, ...	60

11. The vacancies which occur in the Lower Division of the departments of the Secretariat will be filled up by means of a competitive examination. In special cases, as laid down in rules 20 and 21, appointments may be made by nomination.

12. On the 1st April in every year, each department shall send a memorandum to the Financial Department showing the number of permanent vacancies which are expected in the Lower Divisions of the various offices during the ensuing year. This estimate shall take into account the number of vacancies likely to occur owing to promotions to the Upper Division. The Department concerned will also state how many (if any) of the vacancies are to be given to Muhammadans under rule 21.

13. These estimates will be examined by the Financial Department, which shall decide the number of vacancies available for competition. This will be notified in the *Calcutta Gazette* on or before the 30th April.

14. The examination will be held in the first week of July of each year. The arrangements for the examination will be made by the Board of Examiners, Fort William, who will be assisted by paid examiners, and will act in communication with the Financial Secretary to the Government of Bengal.

15. Only candidates who have passed the Intermediate or any higher examination of an Indian University, or the final examination of the advanced Commercial Classes, will be admitted to the examination. In the case of European and Eurasian candidates, only such persons as have passed the Intermediate Examination of an Indian University, the High School pass Examination, the Senior Cambridge Local Examination, the Cambridge Senior School Certificate Examination or the final examination of the advanced Commercial

Classes will be admitted to the examination. Every candidate must submit, before the 15th June, a written application for permission to appear at the examination.

16. The application under the last rule shall be in the form given in the margin, and must be accompanied by a treasury receipt for the sum of Rs. 10. This sum the candidate is required to pay into the treasury nearest his place of residence by way of examination fee. With the application must also be forwarded—

FORM.

To

The Secretary to the Board of Examiners,

Fort William.

Sir,

I request permission to present myself at the ensuing examination of the candidates for appointment in the clerical service of the Secretariat to the Government of Bengal.

2. A treasury receipt for the fee of Rs. 10 is forwarded herewith.

I am, etc.

(i) The candidates' certificate of the Intermediate or any higher University Examination or the final examination of the advanced Commercial Classes, and in the case of Europeans and Eurasians, the certificate of the Intermediate Examination of an Indian University, the High School pass, the senior Cambridge Local Examination, the Cambridge Senior School Certificate Examination or of the final examination of the advanced Commercial Classes, Calcutta.

(ii) Evidence that the candidate, at the date of making the application, is not less than 18 and not more than 24 years of age. The date of the candidate's birth must be stated.

(iii) In case the candidate has been educated at a school in which students' good conduct registers are kept, and in case a year has not elapsed since he left school, an extract from the register relating to the candidate for the last year of his attendance at school, certified by the Head Master. In other cases a certificate that the candidate is of good moral character is required from the head of the institution in which he has last been educated, or from some respectable householder to whom he is well known in private life, and who is himself known to a District or Subdivisional Magistrate, or to the head of some Government office, this last fact being certified by the countersignature of the officer in question.

(iv) If the candidate is employed under Government, a certificate by the head of the office or department to the effect that in his opinion there is no objection to the candidate appearing at the ensuing clerkship examination.

(v) A statement whether the candidate has appeared at any previous clerkship examination, and, if so, in what year

17. There will be a preliminary test in dictation and handwriting, and a *viva voce* examination in English and general knowledge which the candidate must satisfy. The examination in these subjects will not be competitive, but marks will be assigned for the purpose of testing efficiency. Papers of candidates will be examined as soon as possible after the examination, and the examiners will require any candidate, who fails to obtain two-thirds of the marks in each subject or to pass the *viva voce* examination, to withdraw from further examination. The remaining subjects will be—.

	Marks.
(1) English, including commercial correspondence, letter drafting and précis writing (two papers). The syllabus will be that of the Government Commercial classes and the marking will be stringent ...	100
(2) Mathematics, including Arithmetic, Algebra and Geometry up to the Calcutta University Intermediate standard	100
(3) Geography and History (English and Indian), Commercial Classes syllabus	100
(4) Typewriting	75
Optional subject—Shorthand (Pitman's) speed test 100 words	75

No candidate will be credited with marks in any subject in which he fails to get one-fourth of the full marks.

18. As soon as practicable after the examination, the Board of Examiners will report the result to the Financial Secretary to the Government of Bengal. The report will contain the names of all the candidates in order of merit, the exact dates of their births and the number of marks obtained by each candidate in each subject. The candidates will then be offered, in order of merit, their choice of the various vacancies, and they will be appointed accordingly, subject to any arrangement which the Financial Department may find necessary in consultation with the department concerned, with special reference to rule 21. Any vacancy occurring after the examination and before the first day of the following April will be offered through the Financial Department to the remaining candidates in the list in the same way. Vacancies occurring after the 1st April in any year will be reserved for competition at the examination in the ensuing July.

19. Each selected candidate will be placed on probation for 12 months. His allowance during this period will be Rs. 35 per month.

GENERAL.

20. The head of an office will retain the power of appointing men of special ability or aptitude to any post in the office when such a post cannot be filled in the ordinary way.

21. The head of an office will also reserve the power of appointing suitable Muhammadans to either the Upper Division or the Lower Division. In the case of the Upper Division of the Secretariat, every fourth appointment in each office made under rule 3 shall ordinarily be given to a Muhammadan, provided he possesses the educational qualifications required by rule 3 (*a*). In the Lower Division of the departments of the Secretariat every fourth appointment in each office shall ordinarily be given to a Muhammadan who possesses the educational qualifications required by rule 15, and furnishes the evidence required by rule 16. In such a case the candidate shall be selected after advertisement of the appointment, provided that there is no suitable Muhammadan candidate in the competitive examination to whom the post can be offered.

22. If at any time during the period of probation, or at its close, the probationer's work is not considered satisfactory by the head of the office in which he is employed, he may be discharged and will have no claim to either gratuity or compensation. If, however, he was admitted from another office he may be reverted to his former appointment, or if this is not practicable, transferred to another appointment on the same pay. To provide for such cases, arrangements should be made by which promotion in the place of the transferred clerks should be sub. *pro tem.* until the latter have been confirmed.

23. Every probationer, before appointment, will be required to produce a statement showing to whom he is related or connected in the office in which he desires to serve. He must state the precise relationship or connection and certify that his statement, so far as he knows, is correct and complete. If any wilful inaccuracy is subsequently detected in this declaration, the person making it will be liable to be discharged from Government service.

24. Promotion is regulated by seniority and merit, but in the higher grades in each division more importance will be attached to merit.

25. No probationer will be confirmed unless and until he has made himself proficient in typewriting.

26. Every appointment is made subject to the production of a medical certificate from the Presidency Surgeon, who is entrusted with the duty of examining candidates for appointment in the particular office to which the probationer has been appointed.

27. Rules 11 to 18 will apply *mutatis mutandis* to the following offices:—

Inspector-General of Prisons.
Inspector-General of Police.
Director of Public Instruction.
Director of Land Records.
Director of Agriculture.
Inspector-General of Registration.
Inspector-General of Civil Hospitals.
Superintending Engineer, South-Western Circle.
Superintending Engineer, Central Circle.
Superintendent of Emigration and Protector of Emigrants.
Collector of Customs.
Collector of Income-tax.
Commissioner of Excise and Salt.
Sanitary Commissioner.

28. Copies of these rules may be obtained on application at the office of the Financial Secretary to the Government of Bengal.

DECLARATION.

No. 3141J.—The 24th November 1911.—Whereas certain land was acquired by the Bengal Government, under the provisions of Act I of 1894 and Act XVIII of 1885, for a public purpose, viz, for such portion of the Pathardih link of the Bengal-Nagpur Railway as lies between mile 123·32 and mile 123·10 and is edged with pink on the plan L A M A No 64, and whereas coal mines are situate under the said land, and whereas the Empire Coal Company, Limited, have given notice to the Government of Bengal, in accordance with the provisions of Act XVIII of 1885, that the said Company intend to work the seam known as Nos. 13 and 14 in one seam and the seam known as No. 14A, and whereas the mines have been inspected by the officer appointed by the Bengal Government for the purpose under section 5 (1) of Act XVIII of 1885, and whereas it appears to the Bengal Government that the working out of the coal of the mines underlying the said land is likely to cause damage to the surface of the said land and to the works constructed thereon, and whereas the said Empire Coal Company, Limited, have agreed not to work and get minerals underlying the land acquired for their siding, or underlying the land acquired for the branch or other lines with which the siding is connected or underlying the land of the branch or branches connecting the said siding with the main line, in such a manner as to injure or to endanger the safety of the undertaking or any part thereof, nor to claim any compensation for any restricted working:

Manbhum.

Now, therefore, the Lieutenant-Governor of Bengal in Council is pleased to declare, under section 5, sub-section (2), clause (b) of the abovementioned Act, XVIII of 1885, that the working shall be carried on by the said Empire Coal Company, Limited, in the manner and subject to the restrictions below specified, viz —

1. No gallery shall be driven nor shall any coal be extracted where the distance from the natural surface to the top of the gallery, if driven, is less than 50 feet.
2. Where the distance from the natural surface to the top of the gallery, if driven, is 50 feet or more, then

   (a) *in Nos. 13 and 14 seam*—The workings shall be laid out in planes, there being a vertical distance of 32 feet between the planes centre to centre as shown on the plan and section L A M A No. 64 (2). A main level gallery not exceeding 20 feet in height by 10 feet in width shall be driven in each plane. All other galleries in the plane

shall not exceed 12 feet in height by 10 feet in width and shall not be less than 55 feet apart centre to centre from each other or from the main level gallery, forming pillars not less than 45 feet square to be left unworked for the support of the acquired land. Except where the main level galleries are driven, the vertical height of the barriers between the planes shall not be less than 20 feet;

(b) *in No. 14A seam.*—Galleries may be driven not exceeding 8 feet in height by 12 feet in width and not less than 55 feet apart centre to centre forming pillars not less than 43 feet square to be left unworked for the support of the acquired land.

These restrictions in both seams shall apply until the distance from the natural surface of the ground to the top of the gallery, if driven, is 400 feet, when, on application by the Empire Coal Company, Limited, being made, new restrictions may be imposed.

3. Manholes not exceeding 6 feet high, 3 feet wide, and 4 feet deep, may be made where required by any rules made under the Indian Mines Act, 1901.

4. Any inrush of water, quicksand or soft material shall be reported to the Chief Inspector of Mines without delay.

5. These restrictions apply to Nos 13 and 14 seam and to No. 14A seam only and to the area edged with pink on the plan L A M A No. 64, and the Empire Coal Company, Limited, shall give notice, under section 4 of the Land Acquisition (Mines) Act, 1885, of their intention to work any other seam under the above area, or to work coal under any other area of acquired land.

And that in all the above cases no further excavation shall be made in any of the galleries which already have been driven, the actual heights and widths of which have been carefully recorded on the plan marked L A M A No. 64 signed by the Chief Inspector of Mines.

The plan referred to may be seen in the office of the Chief Inspector of Mines in India by the parties concerned.

AT THE COURT AT BALMORAL.

The 3rd day of October 1911.

PRESENT:

THE KING'S MOST EXCELLENT MAJESTY IN COUNCIL.

WHEREAS by Sub-section (1) of Section 238 of "The Merchant Shipping Act, 1894," it is provided that, where it appears to His Majesty that due facilities are, or will be, given by the Government of any foreign country for recovering and apprehending seamen who desert from British Merchant ships in that country, His Majesty may, by Order in Council stating that such facilities are or will be given, declare that that section shall apply in the case of such foreign country, subject to any limitations, conditions and qualifications contained in the Order:

And whereas by an Order in Council dated the 9th October 1903, His late Majesty, by and with the advice of His Privy Council, was pleased to order and declare that seamen not being slaves (and not being British subjects) who, within His Majesty's Dominions, desert from ships belonging to subjects of His Majesty the Emperor of Japan should be liable to be apprehended and carried on board their respective ships:

And whereas it is desirable to repeal the said Order in Council of the 9th day of October 1903:

And whereas it appears to His Majesty that due facilities are given by the Government of Japan for recovering and apprehending seamen who desert from British Merchant ships in that country:

NOW, THEREFORE, His Majesty by virtue of the power vested in Him by the hereinbefore recited Sub-section (1) of Section 238 of "The Merchant Shipping Act, 1894," and by and with the advice of His Privy Council, is pleased to order and declare, and it is hereby ordered and declared, that from and after the publication hereof in the London Gazette the said Section 238 of "The Merchant Shipping Act, 1894," shall apply in the case of Japan, subject to the condition and qualification following, that is to say, that the application for assistance by the competent Consular Officer of Japan shall be accompanied by an assurance that all expenses connected therewith shall be repaid and that this Order shall not apply to subjects of His Majesty.

And His Majesty by virtue of the powers vested in Him by the provisions of Section 738 of "The Merchant Shipping Act, 1894," and by and with the advice of His Privy Council, is further pleased to order and declare that upon and after the publication hereof in the London Gazette the Order in Council made on the 9th day of October 1903, shall be revoked and the same is hereby revoked accordingly.

J. C. LEDLIE.

The 28th November 1911.

No. 124 Marine.—In exercise of the powers conferred upon him by section 36 of the Indian Steamships Act, 1884, the Lieutenant-Governor in Council proposes to add the following foot-note to rule 34 of the rules relating to the grant of certificates of competency to Engineers of sea-going steamships, published under the notification of this Department, No. 118 Marine, dated the 21st December 1909. It will be taken into consideration on the expiry of one month from the date of their publication in the Gazette, and the Lieutenant-Governor in Council will be pleased to consider any suggestions or observations that may be made by any person concerning it within that period:—

Foot-note to rule 34.—This rule will not apply to service on the Steam Pilot Vessels at the Sandheads. Service on the regular watch on board such vessels for the period the vessels are on the station, or when going to, or returning from, the same shall be accepted as equivalent to two-thirds of the time performed in foreign-going trading vessels, as in the case of steam yachts.

2. Babu Satyendra Nath Das Gupta, Sub-Inspector of Schools, *vice* Maulvi Hamidar Rahman.

H. J. McINTOSH, *Commissioner of Chota Nagpur.*

COMMR.'S OFFICE, RANCHI, *the 20th November 1911.*

NOTIFICATION.

IT is hereby notified for general information that, in exercise of the power vested in him by section 13 , clause 2, of the Bengal Local Self-Government Act, III (B. C.) of 1885, as amended by Act V (B. C.) of 1905, the Commissioner of the Tirhut Division has confirmed the following bye-laws framed by the District Board of Saran under sections 139 and 140 of the Act.

BYE-LAWS OF THE SARAN DISTRICT BOARD.

Definitions.

1. In these bye-laws, unless there is anything repugnant in the subject or context,—

Definitions.

(1) the word "cattle" has the same meaning as in the Cattle-trespass Act, 1871;

(2) "reserved tank or well" means a tank or well which the District Board has set apart under section 90 of the Bengal Local Self-Government Act of 1885, by public notice, for the supply of water for drinking and for culinary purposes, and includes any reservoir, or part of any river, *khal* or other channel, so set apart; and a notice-board on the edge of a reserved tank or well, containing the words "reserved tank" or "reserved well," or words to that effect, shall be deemed to be sufficient notice for the purpose of this definition; and

(3) the "slopes" of a reserved tank or well include all places from which water can flow directly into such tank or well; and

(4) "road" means a road vested in, or under the control and administration of, the District Board or a Local Board; and includes—

(*a*) a village road;

(*b*) the slope, berm, borrow-pits and side-drains of a road; and

(*c*) all land vested in, or under the control and administration of, the District Board or a Local Board, and attached to a road

Roads, Drains, Bridges, Canals and Embankments.

Encroachment or obstruction on a road.

2. (*1*) No person shall encroach on any part of a road by cultivating crops thereon.

(*2*) No person shall, on any road, by means of any building, fence, pit, embankment or ditch or any other obstruction, or by means of any cut, drain or water-course intended for the purpose of drainage or irrigation, or by exposing thereon any goods for sale or by placing thereon any substance or material,—

(*a*) without the permission of the Chairman or Vice-Chairman of the District Board or a Local Board, or the District Engineer, make or cause any encroachment, or

(*b*) obstruct traffic, or

(*c*) cause any inconvenience to passengers, or

(*d*) hinder or impede the flow of water.

Sale, collecting or gathering of articles in vicinity of road.

3. No person shall expose or place any article for sale in any bazar or market in the vicinity of any road, or collect or gather any articles in the vicinity of a road, so as to interfere with the traffic of the road.

Cutting of plants, trees or hedges obstructing road or drain.

4. Any person in possession of, or having control over, any plants, trees or hedges which obstruct, overhang or overshadow any road, or any public drain or sluice, or any drain which is connected with a public drain, shall, if so required by notice in writing, signed by the Chairman or Vice-Chairman of the District Board or a Local Board, or by District Engineer, cut down, prune or trim such plants, trees or hedges, within the period, and in the manner, prescribed in such notice.

Damage to bridges, culverts, or causeways on road.

5. (*1*) No person shall destroy or damage, or cause to be destroyed or damaged, any bridge, culvert or causeway built on or across any road.

(*2*) No person shall erect any fence or other object on, or before or close to the opening of, any such bridge, culvert or causeway, for the purpose of fishing or for any other purpose, so as to impede the free flow of water thereunder, or so as to cause damage thereto.

(*3*) No person shall cast nets for fishing purposes from any parapet of any such bridge or culvert.

6. No person shall—

Damage to fences, posts, soil, turf or grass on road.

(a) destroy or damage, or cause to be destroyed or damaged, any fence or post erected on any road; or

(b) dig, scrape, uproot or remove any soil, turf or grass from any part of a road.

Channel across road.

7. (1) No person shall cut a channel, or convey water by a channel, across a road, except with the permission of the Chairman or Vice-Chairman of the District Board or a Local Board, or the District Engineer, and in such manner as he may prescribe.

(2) Any person who has been permitted by the Chairman or Vice-Chairman of the District Board or a Local Board, or by the District Engineer, to cut a channel across a road, shall, at the time prescribed by him, cover or refill the channel so as to restore the road to its former condition.

(3) Any person who has a prescriptive right to keep a channel open for carrying water across a road shall keep the channel in proper order, so as to prevent danger or inconvenience to the public.

Obstruction of waterway adjoining road.

8. No person shall obstruct any waterway adjoining a road so as to injure or tend to injure the road or otherwise to render the road impassable.

Excavations on or near road.

9. (1) No person shall make any excavation on any road, or any hole, pit, tank or well within fifteen feet of any road, without the permission of the Chairman or Vice-Chairman of the District Board or a Local Board or the District Engineer.

(2) Every person by whom, or by whose direction, any hole, pit, tank or well has been excavated within fifteen feet of a road shall be bound to take such order therewith as will prevent damage to, or erosion of, the road.

Protection of excavations on or near road.

10. The owner or occupier of any tank, well, or other excavation on or near the side of any road shall be bound to fence in or duly protect such excavation in such manner as may be directed by notice signed by the Chairman or Vice-Chairman of the District Board or a Local Board.

Use of roads, bridges, culverts or canals while closed to traffic.

11. No person shall pass over, or drive any animal or vehicle over any road, bridge, culvert or canal, so as to injure the same, while it is under construction or repair or is affected by flood or is otherwise rendered unfit for traffic and is closed to traffic under the orders of the Chairman of the District Board or a Local Board, or (in emergent cases, pending application to such Chairman) by the District Engineer.

Discharge of rainfall from roof to road.

12. No person shall, without the permission of the Chairman or Vice-Chairman of the District Board or a Local Board, or the District Engineer, allow the rainfall from the roof of any building owned or occupied by him to be discharged upon any road by means of a spout or other thing intended for the conveyance of water.

Flow of filth on to road.

13. No person shall allow the water of any privy or any matter offensive or deleterious to health to flow on any road.

Removal of trees or erections falling on to road.

14. Any person owning or possessing a tree or a house, wall or other erection which has fallen, or part of which has fallen, on to a road, shall, if so required by notice in writing signed by the Chairman or Vice-Chairman of the District Board or a Local Board, or by the District Engineer, remove such tree, house, wall, erection or part, within the period prescribed in such notice.

Curing hides on or near road.

15. No person shall cure hides on any road; nor shall any person cure hides near any road, unless the place of curing is invisible from such road.

Slaughter of animals, cleaning of carcasses, etc., on or near road.

16. No person shall slaughter any animal, or clean any carcasses, or collect bones, on or near any road.

Placing or burning of bodies on road.

17. No person shall place or burn any corpse or the dead body of any animal on or near any road.

Steeping offensive matter in roadside drain, pit or excavation.

18. No person shall steep any jute, hemp, bamboos, hides or other offensive matter in any drain, borrow-pit or excavation at the side of any road.

Flying kite on road.

19. No person shall fly a kite on or over any road.

Rule of the road.

20. (1) Any person driving a vehicle along a road, and meeting another vehicle, shall keep on the left or near side of the road, so as to allow sufficient room for the other vehicle to pass.

(2) No person driving a vehicle along a road and overtaking another vehicle shall attempt to pass the latter vehicle otherwise than on the right or off side of the road.

Freedom of roads.

21. No person shall prevent any other person from passing along a road, or shall otherwise interrupt the free use of a road.

Care of animals on road.

22. (1) No person in charge of, or having control over, any animal used for riding or draught shall allow such animal to stand or wander on any road without a rider or driver.

(2) No person in charge of, or having control over, any cattle shall allow such cattle to stray or lie on any road so as to cause inconvenience or danger to any person travelling on the road.

(3) No person shall tether any cattle on, or within reach of, a road, or stall cattle or allow cattle to graze on a road.

Elephants and camels on road to have bell.

23. Every person owning, riding, driving or in charge of any elephant or camel proceeding on a road must see that such elephant or camel is provided with a bell, and with a light also if such animal is proceeding on a road after nightfall.

Taking elephants over road, embankment, bridge or culvert.

24. No person driving or in charge of an elephant shall—

(a) cause material injury to a road, or to an embankment vested in the District Board or a Local Board, by taking the elephant over the same; or

(b) take the elephant over a bridge or culvert vested in the District Board, or a Local Board, unless the same be constructed of arched masonry.

Removal of elephants or camels from road to admit passage of horses.

25. Every driver of an elephant or camel shall, on being so required by the rider or driver of a horse, remove such elephant or camel with reasonable promptitude to a sufficient distance from the road, to allow such horse to pass safely along the road.

Care of vehicles on road.

26. (1) No person shall drive or have in his charge on any road more than one vehicle at a time.

(2) No person in charge of, or having control over, any vehicle shall allow it to stand unattended on any road.

(3) No person shall leave a vehicle standing on a road for any longer time than is necessary for loading or unloading it.

(4) No person shall drive upon a road any vehicle laden with bamboos, planks or other materials of a similar character which exceed twelve feet in length and project beyond the vehicle, unless the vehicle be accompanied also by another person.

(5) All owners or drivers of vehicles loaded with bricks or other materials shall be responsible for their being so secured that the contents thereof may not fall down on any road.

(6) If any vehicle breaks down on a road, the driver shall remove it to the edge of the road without delay, and shall, within a reasonable time, remove from the road all materials (if any) which have fallen from the vehicle, and shall place the vehicle in such a position that it will not obstruct traffic.

(7) No person shall lead or drive any vehicle up or down the slopes of any road, except at crossings fixed by the District Board.

Carrying bamboos or *bullahs* on cart on road.

27. No person shall carry bamboos or *bullahs* on a cart on any road in such a manner as to scrape the road, or to cause injury or annoyance, or risk of injury, to travellers thereon.

Width of tyres.

28. No bullock cart shall travel on any road, unless the iron tyres of the wheels, or (in the case of carts not having iron tyres) the wooden rims of the wheels, are two inches or more in width:

Provided that this by-law shall not apply to carts, owned by residents of other districts which do not ordinarily ply within the Saran district but merely pass through that district.

Separate tracks for cart traffic and carriage traffic.

29. Where separate tracks on roads have been set apart for carts and carriages, respectively, no cart shall be permitted to pass over the portion reserved for carriages unless the tracks set apart for carts are impassable.

Transport of heavy machinery over bridge.

30. No person shall transport heavy machinery over a timber bridge so as to injure the bridge.

Lighting of vehicles on road.

31. Every carriage drawn by a horse or horses, every waggon drawn by any other animals or propelled by motive power, and every motor car shall carry two conspicuous lights, one on either side,

and every two-wheeled cart, and every bicycle, tricycle and multicycle shall carry one conspicuous light,

when travelling on a road between dusk and dawn, except on clear moonlight nights.

Care of children on roads.

32. No parent, or other person for the time being in charge, of any child under five years of age shall allow such child to stray on any road so as to cause obstruction or risk of obstruction to traffic.

Nuisances on roads.

33. No person shall commit a nuisance on any road.

Trees.

Damage to trees.

34. No person shall destroy or damage, or cause to be destroyed or damaged,—

(*a*) any tree planted by, or under the charge of, the District Board or any Local Board; or

(*b*) any gabion or other defensive enclosure erected for the protection of any such tree.

Tapping or taking fruit from trees on road.

35. No person shall tap any date or palm tree, or remove fruit from any tree, planted by, or under the control of, the District Board or any Local Board, without a lease or written permission previously obtained from the Chairman of the District Board or Local Board.

Fires.

Lighting of fires.

36. No person shall light a fire in any unenclosed place within ten yards of any wooden bridge vested in the District Board, or within fifty yards of any inspection or dák bungalow vested in the District Board or a Local Board.

Water-supply reserved for drinking and culinary purposes.

Taking of water.

37. No person shall take water from a reserved tank or well, except for drinking or culinary purposes, save with the express permission of the District Board or a Local Board.

Bathing or washing.

38. No person shall—

(*a*) bathe or wash any portion of his own body or the body of any other person; or

(*b*) wash clothes; or

(*c*) wash any cattle or other animal; or

(*d*) allow any of his ducks, geese or other birds to enter the water

in any reserved tank or well, or upon any of the banks, slopes, or sides of any reserved tank or well.

Fouling of water

39. No person shall—

(*a*) commit any nuisance in, or on the banks or slopes, or sides of, any reserved tank or well, or

(*b*) throw any filthy substance thereinto, or

(*c*) in any way pollute the water thereof, or

(*d*) allow the water of any sink, sewer, cess-pool or privy, or any offensive matter belonging to him or being on his land, to flow thereinto.

Explanation.—Steeping jute or bamboos in a reserved tank amounts to an offence against this bye-law.

Removal of earth or grass from sides or slopes.

40. No person shall cut sods or grass or remove earth or grass from, or otherwise damage, the sides or slopes of any reserved tank, without the express permission of the District Board or a Local Board.

Overhanging trees or vegetation.

41. No person shall allow any trees, bamboos or other vegetation growing on land in his occupation to overhang any reserved tank or well so as to foul the water thereof, or shall fail to cut and remove the same after reasonable notice in that behalf from the District Board or a Local Board.

Cultivation on banks, sides or slopes of reserved tank or well.

42. No person shall cultivate the banks, sides or slopes of a reserved tank or well, except in such manner as may be approved by the District Board or a Local Board or a Union Committee.

Building on banks, sides or slopes of reserved tank or well.

43. No person shall erect any hut or house upon the banks, sides or slopes of a reserved tank or well without the permission of the District Board or a Local Board or a Union Committee.

Dams, stakes and fishing apparatus.

44. No person shall construct dams, fix stakes, or place fishing nets or apparatus across, or in any reserved tank or well, or in any part of a river, *khal* or other channel set apart under section 90 of the Bengal Local Self-Government Act of 1885 for the supply of water for drinking and culinary purposes.

Fishing.

45. No person shall catch or attempt to catch fish in a reserved tank or well without the permission of the District Board or a Local Board or a Union Committee.

Penalties.

46. (*1*) A breach of any of the bye-laws mentioned in column 1 of the following table shall be punished with fine, which may extend to the sum mentioned opposite thereto in column 2 of that table:—

Bye-law.	Maximum fine.
1	2
12, 19, 26 (6), 27, 32, 33	Five rupees.

SENATE HOUSE, *the 28th November 1911.*

CALCUTTA UNIVERSITY.

NOTICE.

IN exercise of the powers conferred by section 7 (1) of the Indian Universities Act, 1904 (VIII of 1904), His Excellency the Chancellor of the Calcutta University is pleased to direct that two Ordinary Fellows shall be elected this year by the Registered Graduates of the Calcutta University from among themselves.

The election will take place at the Senate House, College Square, on Saturday, the 3rd of February, 1912.

No person, unless his name has been entered in the Register of Graduates and unless he has paid his fee for the year, will be qualified to nominate, to vote or to stand as a candidate for election.

Every candidate for election must be nominated by a Registered Graduate and no person will be allowed to nominate more than one candidate. The nomination of a candidate shall be made in writing in the following form, which will be signed by the person making the nomination:—

FORM OF NOMINATION.

I, _____, Registered

Graduate No._____, do hereby nominate_____

_____, Registered Graduate No._____, as a candidate for election as an Ordinary Fellow of the Calcutta University subject to the approval of His Excellency the Chancellor.

The following is a brief statement of the special qualifications of my nominee:—

_____

_____

_____

The January 1912. *Signature*_____

The nomination paper should be, on the face of it, addressed to the Registrar, Calcutta University, and must reach his office on or before the 12th of January, 1912, before 5 P.M. A printed list of the nominees (with the name of the first proposer in each case) and statements of their qualifications will be forwarded to the Registered Graduates on the 16th of January, 1912.

On the 18th January, 1912, a voting paper containing the names of the candidates nominated and their first proposers will be forwarded by the Registrar by registered post to each of the Registered Graduates. The Voting paper must be filled up and signed in the presence of the Registrar at the Senate House, College Square, on the 3rd of February, 1912, between the hours of 10 A.M. and 3 P.M., but graduates who will not be able to appear in person before the Registrar, may fill up and sign their voting papers in the presence of a Magistrate, a Judge, a Subordinate Judge or a Munsiff (excluding Village Munsiffs). In the absence of a Magisterial or Judicial Officer of the rank aforesaid in a Native State, the signature must be acknowledged before the Chief Minister or the Chief Magisterial Officer of the State. Voting papers may also be filled up and signed before the Registrar, any day (other than a Sunday or holiday) between the 19th of January and 2nd of February, 1912, between 4 and 5 P.M. The officer before whom such acknowledgment is made or the Registrar, as the case may be, shall countersign the voting paper, as having been signed before him by the person whose signature it bears. A voter exercising the functions of a Magisterial or Judicial Officer of the rank aforesaid will not be competent to countersign his own voting paper. All voting papers duly signed and countersigned as aforesaid must reach the Registrar not later than 3 P.M. on Saturday, the 3rd of February, 1912, after which no voting paper will be accepted. Graduates who are not known to the officer in whose presence they intend to fill up and sign their voting papers must bring with them their Diplomas or other satisfactory proof of identity.

Each voter shall have only one vote for each vacancy which is to be filled up and can give only one vote to any one candidate.

APPENDIX XXIII

Advertisement of Sale.

NOTICE is hereby given that the undermentioned plots of land, no longer required by Government, situated along the Banka ghat siding of the East Indian Railway, in the district of Patna, will be put up to sale at 12 o'clock on Monday, 8th January 1912, corresponding with the 4th Magh 1319 Fasli, at the Patna Collector's office.

The purchasers of the several plots of land will be subject to the following conditions:—

1st.—The purchasers will have no power to make any excavations on the land nearer than 15 feet from the railway fencing, or to plough the land nearer than 3 feet from the same.

2nd.—If the amount of purchase-money does not exceed Rs. 100, the whole amount must be paid down at once.

3rd.—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount must be immediately deposited. If the balance be not paid by noon of the 15th day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale shall be cancelled, the sum deposited being forfeited to Government, and the lot again put up for sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of original sale.

4th.—The plots of land will be sold revenue-free to the highest bidders.

5th.—The purchasers shall be put in possession on receipt by the Collector the orders of the Board confirming the sale.

THE INDIAN LAW REPORTS.

Published in FOUR SERIES, viz.

CALCUTTA, MADRAS, BOMBAY AND ALLAHABAD.

THE Indian Law Reports, published under the authority of the Governor General in Council, are printed in monthly Parts, which are issued, as soon as possible after the first of each month, at Calcutta, Madras, Bombay and Allahabad respectively.

The Reports comprise four Series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court.

The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depôt: and the Madras, Bombay and Allahabad Series are distributed direct from Madras, Bombay and Allahabad, respectively.

Persons desiring to subscribe for or purchase the Reports should apply to—

the Officer in charge, Bengal Secretariat Book Depôt, Calcutta,
or
the Superintendent, Government Press, Madras, or
the Superintendent, Government Central Press, Bombay, or
the Curator of Government Books, United Provinces of Agra and Oudh, Allahabad.

RESOLUTION REVIEWING THE REPORTS ON THE WORKING OF MUNICIPALITIES IN BENGAL (EXCEPT CALCUTTA) DURING THE YEAR 1910-11.

MUNICIPAL DEPARTMENT—MUNICIPAL.

Calcutta, the 22nd November 1911.

RESOLUTION No. 1454M.

READ—

The Reports from the Commissioners of Divisions on the working of Municipalities in Bengal (except Calcutta) during the year 1910-11.

There was no change in the number of municipalities in existence during the year, which continued to be 130, but the population within municipal limits rose from 2,386,939 to 2,561,409. The statistics in the Burdwan and Patna Divisions are of the census of 1901; elsewhere of that of 1911. It is noticeable, however, that according to the recent enumeration, the municipalities in the Patna and Tirhut Divisions showed a net decrease in the number of their inhabitants, which is attributed to the prevalence of plague.

2. *Results of elections held during the year.*—General elections of Commissioners were held in ten municipalities, as against 53 in the previous year. The percentage of attendance of voters was fair, possibly owing to the fact that in seven instances the elections occurred in the Presidency Division. It is disappointing that the towns of Sitamarhi and Chaibassa evinced little interest in the newly-bestowed privilege of the right to choose their own representatives. Serious malpractices were reported in the case of one ward in Maniktala.

3. *Number of meetings and attendance of Commissioners.*—The total number of meetings held was 2,067, and only the municipalities of Ramjibanpore (7 and South Dum Dum (9) showed a noticeable shortage from the minimum standard of one meeting per mensem. The average percentage of attendance at each meeting was on the whole fairly satisfactory, but Ranaghat (35 per cent.), Jangipur (38), Sassaram (38), Bhagalpur (37) and Purulia (35) can scarcely pride themselves upon the degree of interest evinced by their members in their proceedings.

4. *Number of rate-payers.*—The total number of rate-payers rose from 420,364 to 425,701, but the proportion of the population assessed is still remarkably low in the instances noted in the margin, and the District Officers concerned are requested to satisfy themselves that there are good reasons for the apparent failure to distribute equitably the burden of taxation.

Name of municipality.	Percentage of rate-payers to population.
Raniganj	9·8
Garden Reach ...	8·5
Titagarh	3·4
Garulia	5·2
Bhatpara	5·9
Deoghar	7·8
Sahebganj	8·5

5. *Assessment and taxation.*—There was little change in the methods of taxation in force, the number of municipalities which adopt the tax on persons continuing to be somewhat in excess of those in which the system of assessment by holdings is in force. A latrine-rate was levied in 99 municipalities, a water-rate in 14 and a lighting-rate in 4. The average incidence of taxation for the whole province was Re. 1-7-9 as compared with Re. 1-8-10 during 1909-10, and the variations between different divisions are analogous to those which formed the subject of comment in connection with the reports of the preceding year. The decrease in the provincial figure is more apparent than real, and is more than accounted for by the fact that the population upon which the calculation is based (except in the Burdwan and Patna Divisions other than the district of Howrah) is that of the census of 1911. The figures, however, accentuate the lightness of taxation in the Presidency Division. Since the close of the year attention has been drawn to the discreditable failure of the Patna Municipality to introduce the latrine tax throughout the town, although this was sanctioned so long ago as July 1891, and no further time should be lost in complying with the orders passed.

6. *Revision of assessment.*—The assessment was revised in 89 municipalities, with noticeably satisfactory results in the following instances :—

	Increase of revenue.
	Rs.
Garden Reach	44,618
Maniktala	26,596
Ranchi	10,883
Muzaffarpur	8,911
Patna	6,988
Cuttack	5,971
Howrah	4,787
Bhatpara	3,855
Chapra	3,735
Purulia	3,183
Gaya	2,683
Nadia	2,591

In only one case (that of the Taki Municipality) the assessment was found to be inadequate and inequitable, but in spite of the remarks in previous Resolutions the Arrah Municipality again postponed the revision of its assess-

ment pending the completion of the drainage scheme, and the Lieutenant-Governor in Council must now insist that the matter shall be dealt with at once, since a further postponement cannot be tolerated. The Local Government has already liberally assisted the town in various matters, and unless the municipality proceeds forthwith to help itself these grants will be withdrawn.

7. *Collections.*—The percentage of the total collections on current demand was 95·8, in comparison with 97·4 in the previous year. This unsatisfactory result was common to all divisions except Patna and Tirhut, the largest falling off being returned by the Presidency (5·8) and Orissa (5·3). Of individual municipalities those showing the best results were Debhatta (133·7), Buxar (115·4), Jamalpur (115·2), Chandrakona (110·2), and Tikari (107·3), but only 19 municipalities, as against 20 in the preceding year, were able to show collections of cent. per cent. and over. The percentage of total remissions on current demand (3·0) remained practically the same as in the previous year, but the provincial figure was greatly exceeded in the Monghyr (13·58), Revolganj (13·5), South Suburban (12·7) and Debhatta (11·8) Municipalities. The aggregate outstanding balances rose from Rs. 1,86,675 to Rs. 2,38,521, the increase being shared by all the divisions except those of Tirhut and Burdwan. Excluding the Garden Reach Municipality (the short collection in which was due to a dispute with the Port Commissioners touching certain items), the largest outstanding balances were returned by the towns of Burdwan (Rs. 29,222), Patna (Rs. 11,943) and Maniktala (Rs. 11,668). No less than 12* out of 130 municipalities in the province showed outstanding balances of Rs. 5,000 or more, while in Burdwan the outstanding balance was as much as 27 per cent of the current demand. The municipalities of Burdwan, Hooghly, Serampore, Arrah, Darbhanga and Balasore were unfavourably mentioned in this respect last year also, but apparently without result, and the Lieutenant-Governor in Council especially regrets to see the town of Darbhanga apparently relapsing into the state of confusion in its collections from which it was rescued with difficulty some years ago. With municipal revenues made up, as they are, of a multitude of petty items, it cannot be too strongly insisted upon that the only hope of efficient collections is promptitude in realising what can be paid and the writing off forthwith of what is irrecoverable; the accumulation of heavy arrears upon the books impedes the administration at every turn, and it is well worthwhile to employ a temporary special staff if the accounts can thereby be brought up to date. It is hoped that the matter will receive the special attention of all concerned, since the deterioration exhibited by the present reports is to be regretted and is not sufficiently explained by such reasons as have been adduced.

*Burdwan.	Patna.
Hooghly-Chinsura.	Arrah.
Serampore.	Darbhanga.
Cossipore-Chitpore.	Bhagalpur.
Maniktala.	Balasore.
Garden Reach.	Puri.

8. *Income and expenditure.*—The total receipts of the municipalities in the province, including the opening balances, amounted to Rs. 87,66,333 as compared with Rs. 80,82,914 in 1909-10. The increase occurred chiefly under the following heads:—

	Increase Rs.
Opening balance...	2,82,578
Municipal rates and taxes	1,18,912
Revenue derived from municipal property and powers	20,386
Sources other than taxation—Loans and advances ...	2,16,092

The total disbursements amounted to Rs. 67,61,717, as against Rs. 62,16,1.3 in the preceding year. The increase was mainly due to one of Rs. 4,80,100 under advances (other than permanent advances), which was due chiefly to the deposit of the surplus balance of the Howrah Municipality with the Bank of Bengal; excluding "Extraordinary and Debt," the total expenditure declined by Rs. 1,83,291.

9. *Closing balances.*—The closing balances rose from Rs. 18,66,721 in 1909-10 to Rs. 20,01,616 at the close of the year under review. As observed last year, the bulk of this increase represents the unspent balances of loans and contributions received by different municipalities from Government. The

largest balances were held by Monghyr (Rs. 2,25,618), Puri (Rs. 2,01,239) and Howrah (Rs. 1,71,360).

10. *Income (Rs. 69,03,744).*—The total income of the year, excluding that under the heads of "Opening balance" and "Extraordinary and Debt," amounted to Rs. 55,62,397, showing an increase of Rs. 1,84,749 over the figures of the preceding year. Details of the main items of revenue are given below.

11. *Tax on houses and lands (Rs. 15,33,473).*—The bulk of the increase (Rs. 51,098) under this head was contributed by the municipalities of Maniktala (Rs. 8,337), Jamalpur (Rs. 6,520,) Monghyr (Rs 6,406), Muzaffarpur Rs. (5,341) and Ranchi (Rs. 3,786).

12. *Tolls on roads and ferries (Rs. 96,661).*—The income from this source continues to decline, and fell by Rs. 1,811, in continuation of decreases of Rs. 1,109 in 1909-10 and Rs. 3,526 in 1908-09. The matter appears to call for attention, since recent years have been favourable, and there should have been no difficulty in realising good rents. Marked fluctuations occurred in the Municipalities of Muzaffarpur, Monghyr, Bhagalpur and Cuttack. In Muzaffarpur an increase of Rs. 2,295 was due to settlements at higher rates, compared with a loss of Rs. 4,935 in the previous year. In Monghyr the decrease of Rs. 4,834 was mainly due to the settlement of the Rajghat ferry at a reduced annual rental for a period of five years, in compensation for which Government sanctioned a special grant of Rs. 5,000 for five years. The failure on the part of the farmers of the Bhagalpur station ferry to pay a sum of Rs. 5,750 accounts for the decrease in that town. The increase of Rs. 2,599 in Cuttack was due to the realisation of arrears.

13. *Water-rate (Rs. 4,17,972).*—As in the previous year, this rate was levied in 14 municipalities, and the total receipts showed an increase of Rs. 4,348. The most noticeable improvement occurred in Maniktala, where the revision of assessment brought in an increase of Rs. 5,839. The improvement of the supply in the South Suburban Municipality was in process, and was liberally assisted by Government; with its completion it is hoped that the difficulties previously experienced in realising the rate will cease. Model rules for adoption, where house connections are given, have been framed by Government, and their use should tend to improve the income from this source and at the same time prevent waste, but the tendency to grant such concessions too lavishly should be guarded against.

14. *Lighting rate Rs. (1,47,333).*—The small falling off of Rs. 1,770 under this head calls for no remarks.

15. *Conservancy, including scavenging and latrine rates (Rs. 8,93,948).*—The total income under this head showed an increase of Rs. 47,169, and was shared by all divisions, noticeably Patna (Rs. 12,295) and Tirhut (Rs. 11,981). The receipts from the sale of night-soil and disposal of refuse and street sweepings fell from Rs. 7,089 in the previous year to Rs. 6,397, and only 30 municipalities returned figures under this head, although the revenue should be capable of expansion with proper management. The income received from this source is shown in column 35(*a*) of form No. II, but in the case of the Cuttack Municipality the receipts have again been partially merged in the figures under "Conservancy," although attention was invited to the irregularity in paragraph 15 of the Resolution of the previous year.

16. *Income from the tax on persons according to their circumstances and property and the tax on profession and trades (Rs. 3,78,366+66,420=4,44,786).*—Under the former head the receipts rose by Rs. 11,203, the increase being common to all divisions, except Orissa and Chota Nagpur. Under the latter the receipts fell slightly by Rs. 1,327.

17. *Receipts under the Hackney Carriage Act (Rs. 12,214).*—Fifty-six municipalities, as compared with 60 in the previous year, derived an income under this head, the aggregate amount showing an improvement of Rs. 1,115 over the revenue of the previous year. The four municipalities against which receipts were shown in the preceding year, as compared with nothing during the year under review, were Kotrung, Satkhira, Hajipur and Darjeeling, but no explanation of the omission has been furnished, and the point should receive the attention of the local officers concerned.

18. *Prevention of cruelty to animals.*—The fines realised under Act I (B.C.) of 1869 or Act XI of 1890 (aggregating Rs 8,300) were credited to the municipalities concerned, except in Howrah and Darjeeling, where they were made over to the local branch of the Society for the Prevention of Cruelty to Animals.

19. *Grants from Provincial and Local Funds and contributions from private individuals (Rs. 10,28,748).*—The net receipts under this head fell from Rs. 10,36,444 in 1909-10 to Rs. 10,28,748. The most noticeable grants made by Government during the year were to the municipalities of Hooghly-Chinsura (Rs. 70,000 for water-supply), Darjeeling (Rs. 30,000 for drainage), Serampore (Rs. 20,000 for water-supply), Ranaghat (Rs. 19,000 for drainage), Berhampore (Rs. 16,000 for drainage), and Puri (Rs. 15,000 for drainage). Among private donors the following are deserving of special mention: the Maharajadhiraj Bahadur of Burdwan contributed Rs. 80,000 towards the construction of a new hospital building at Burdwan, in addition to lands and buildings; Raja Jogendra Narain Ray Bahadur, of Lalgola, made a donation of Rs. 1,20,000 towards the improvement of the Berhampore Hospital; Raja Kristo Das Law and his brothers subscribed Rs. 80,200 towards the water-supply scheme of the Hooghly-Chinsura Municipality, and in aid of a similar project at Serampore the Hon'ble Rai Kisori Lal Goswami Bahadur and his family contributed Rs. 40,000, as well as lands for the drainage of the Bhatpara Municipality to the value of Rs. 10,000. Towards the latter scheme Messrs. Duncan Brothers, Jardine Skinner & Co., and Ernsthausen, Limited, gave an aggregate of Rs. 20,267. The Hon'ble Maharaja Manindra Chandra Nandi, of Cossimbazar, made a grant of Rs 15,000 to the Berhampore Municipality towards its drainage scheme, and Rs. 8,000 towards the liquidation of its debts. Rai Mahabir Prasad Shah Bahadur made a donation of Rs. 20,000 for the construction of a town hall and municipal office at Chapra in memory of his late Majesty the King-Emperor Edward VII, while a sum of Rs. 17,500 was contributed by Babus Mahamya Prasad and Bindeswari Prasad, of Darbhanga, for the erection of a memorial town hall at Muzaffarpur.

20. *Expenditure—Office and collection establishment (Rs. 3,66,428).*—The total expenditure under this head showed a decline of Rs. 2,686. The percentage calculated on the total ordinary expenditure was highest (23·3) in the newly-created municipality of Madhupur, Lohardaga and Debhatta following with 22·7 and 21·9 respectively. The expenditure in the Dhulian Municipality, which showed the high percentage of 39·7 in the previous year, was reduced to 18·5, but since the provincial percentage is 7·6 only, it is not easy to appreciate the necessity for such wide departures from it in isolated instances, and local officers are requested to enquire into the reason at the time of inspection.

21. *Prevention of fire (Rs. 48,557).*—Twenty-two municipalities showed expenditure under this head, that incurred by Howrah (Rs. 17,694), Cossipore-Chitpur (Rs. 22,631), Maniktala (Rs. 2,245 and Garden Reach (Rs. 3,742) representing the amount contributed towards the maintenance of the Metropolitan Fire Brigade. In comparison with the expenditure of the previous year there was an increase of Rs. 9,956

22. *Lighting (Rs. 2,92,346).*—Excluding the municipality of Madhupur, where the expenditure under this head was incurred for the first time during the year under report, and those of Ghatal and Raghunathpur, in respect of which the figures were the same as in the previous year, the expenditure rose in 81 municipalities and fell in 35, resulting in a net falling off of Rs. 19,313. Eleven municipalities, namely those of Bansberia, North Dum Dum, North Barrackpore, Gobardanga, Taki, Birnagar, Chakdah, Dhulian, Debhatta, Daudnagar and Jagdispur, did not incur any outlay at all on this important branch of administration, and the attention of the local officers concerned is invited to the omission. In Cossipore-Chitpur the large decrease of Rs. 9,180 was due to the extension of the system of gas lighting, while in Darjeeling the heavy decline of Rs. 27,178 was due to the fact that the expenditure during the previous year was swollen by the large amount spent on the purchase of a new hydro-electric plant.

23. *Water-supply* (*Rs. 3,75,875*).—The expenditure under capital outlay declined by Rs. 1,28,275, and that under "Establishment, repairs, etc.," by Rs. 13,883. The outlay under this head was very small in the Tirhut (Rs. 5,091), Orissa (Rs. 9,316) and Chota Nagpur (Rs. 5,592) divisions, and generally the reports do not indicate with sufficient clearness the towns in which the existing supply is radically defective, and the measures which are being taken to remedy this need. Various accounts are given of work done, which is no doubt advantageous, but a perusal of the paragraphs in question almost leaves the impression that the existing wants are for the most part already met, and it is certainly doubtful whether this can truthfully be said of the Province as a whole. In future years attention should be directed more especially to those municipalities in which the state of the water-supply still calls for grave complaint, and the local authorities should be urged to undertake its improvement gradually and systematically, even if only to the extent of one new well a year. At the same time the maintenance of existing sources, and particularly the regular cleansing of them, should be insisted upon.

The most important schemes in progress during the year were those at Hooghly-Chinsura, Serampore, Monghyr and Kurseong, and it is hoped that better progress will be made during the current year with the projects under discussion in connection with Khulna, Jessore, Satkhira, Deoghar and Puri. The last mentioned work especially has experienced great difficulties both in its technical design and in the provision of funds.

24. *Drainage* (*Rs 4,51,828*).—The total capital outlay declined from Rs. 4,14,437 to Rs. 3,22,890, while the expenditure on account of the establishment, repairs, etc., rose from Rs. 1,24,938 to Rs. 1,28,938. Under the former head the municipalities of Howrah, Bhatpara and Arrah incurred the largest expenditure, namely, of Rs. 85,274, Rs. 68,65[illegible] and Rs. 51,765, respectively. In the Burdwan Division various important schemes were hanging fire for different reasons, and the Local Government would be glad to see better progress made with those at Burdwan (under revision), Kalna, Katwa, Suri, Hooghly-Chinsura and Serampore (all delayed for financial reasons) and Asansol under preparation). The statement made by the Commissioner that the Hooghly-Chinsura project is blocked by the decision of Government to permit no commencement of it until the whole can be financed is not correct; a reference to the orders issued will show that the municipality was directed to decide which portion of the work it could take up first within its available resources, and then to move the Sanitary Board to approve of the detailed plans to that extent. The Commissioner's attention is invited to the matter, and he is requested to see that action is taken on the lines indicated. In the Presidency Division schemes were completed at Khulna, Baraset, and Basirhat, while work in the following localities should be expedited—Baranagar, Garulia, Budge-Budge, Baruipur, Bhatpara and Berhampore. A beginning will shortly be made at Ranaghat and Kushtia, while the completion of the Bagjola khal, at Government expense, should now be followed as soon as possible by the linking to it of the various adjoining municipalities. In the Patna Division the Arrah project was finished and important works at Gaya are now in hand. In Tirhut it is hoped that some advance will be made at Muzaffarpur, Motihari and Bettiah. In the Bhagalpur Division, the most important works in progress are at Monghyr, Darjeeling and Kurseong, but pending proposals at Kishenganj, Sahebganj and Deoghur should be expedited. In Orissa the Puri project was still incomplete and should not be further delayed, while in Chota Nagpur the works at Hazaribagh and Daltonganj demand attention. On the whole a programme of busy activity is in course of execution throughout the Province, but the causes of delay in these matters are legion, and it is only by the unremitting enthusiasm of the local authorities that progress can be achieved.

25. *Conservancy, including road-cleaning and road-watering and latrines* (*Rs. 14,31,105*).—The expenditure under this head declined in all divisions except Bhagalpur, Tirhut and Chota Nagpur, the increase of Rs. 34,976 in the division first named contributing mainly to a net increase of Rs 303 over the figures of the previous year. The reports of the local officers appear to show that the work of conservancy was generally efficiently performed, but as in the case of water-supply, when no material departure from the general methods of

work is effected from year to year, it is desirable to bring to prominent notice the municipalities in which defects exist, rather than those which are proceeding upon the ordinary lines. The towns of Berhampore and Khulna are singled out as still leaving room for improvement in this respect, but the Lieutenant-Governor in Council would hesitate to believe that there are no other places in which a higher standard of administration may be desirable.

26. *Hospitals and dispensaries (Rs. 6,25,160).*—The expenditure fell in Tirhut, Bhagalpur and Orissa, but rose in the remaining divisions, resulting in a net increase of Rs. 6,998. This result was conspicuous in Burdwan (Rs. 39,405) owing to the payment of Rs. 40,000 as the municipal contribution towards the construction of the new Fraser Hospital. The fluctuations under this head mainly depend upon the amount spent on buildings and repairs from year to year A new female ward was constructed at Katwa, a pauper shed at Vishnupur, and new dispensary buildings at Khulna and Patna (Bankipore). A new surgical ward attached to the Darbhanga Hospital was under construction, a "contagious ward" was added to the dispensary at Kishanganj, and a new operation-room was constructed in Purulia. The Arrah Dispensary was made over to the District Board, but the municipality will continue to pay an annual contribution of Rs. 3,200 to it.

27. *Plague and other epidemic disease charges (Rs. 40,664).*—The expenditure under this head shows a slight decrease of Rs. 1,05[illegible], and was incurred by 59 municipalities. The severity of the disease during the year was less than usual, but its recrudescence with great severity in Chapra town, which had been immune for three years, was remarkable. The attempt to popularise inoculation in consequence met with no success.

28. *Public Works (Rs 8,15,485)*—The expenditure under this head showed an increase of Rs. 58,424 over the figures of the previous year. The expenditure on "Establishment" declined from Rs. 96,822 to Rs. 94,458, while that on buildings, roads and stores rose from Rs 91,973, Rs. 5,63,083 and Rs. 5,183 to Rs. 1,19,468, Rs. 5,83,087 and Rs. 18,472 respectively. In twenty-five municipalities in the province the percentage borne by the outlay on public works on the total ordinary expenditure was 25 per cent. or more, while it varied from 51·5 in the municipality of Birnagar to 1·3 in Chatra. *Primâ facie* the percentage was unduly small in Kalna (2·2), Kurseong (2·8), Monghyr (4·2), Jhalda (4·4), Suri (4·6), Revelgunj (4·6) and Midnapore (4·9), and attention is invited to the point. The municipalities in which special deficiencies were reported in the state of their roads are Midnapore, Halishahar, those of the district of Nadia generally, Berhampore and Patna.

29. *Public instruction (Rs. 1,60,873).*—The total expenditure rose by Rs. 3,306 as compared with the previous year, the increase being common to all the divisions except Burdwan and Bhagalpur The ratio of expenditure on primary education to total ordinary income varied from 8·4 in Ramjibanpore to ·006 in Howrah, while 40 municipalities spent on primary education less than 3·2 per cent. of their ordinary income. The orders prescribing this percentage as a rigid standard were withdrawn early in the year, but it is hoped that this will not result in the neglect of this important subject, and the attention of the Director of Public Instruction will be invited to the matter.

30. *Loans.*—Forty municipalities were in debt at the close of the year, and their total indebtedness, after deducting Rs. 22,164, being the balance of the sinking fund investments of the Burdwan Municipality on account of loans raised in the open market, amounted to Rs. 40,60,546, as compared with Rs. 39,97,210 in 1909-10. The largest outstanding liabilities were those of Howrah (Rs. 21,58,869), Darjeeling (Rs. 6,07,808), Bhagalpur (Rs. 3,04,526) and Patna (Rs. 2,18,969). Eight municipalities received loans during the year, namely, Bankura (Rs. 11,000 for drainage), Howrah (Rs. 75,000 for drainage), South Barrackpore (Rs. 1,600 for general improvements), Bhatpara (Rs. 30,000 for drainage), Jessore Rs. 30,000 for water-works), Purnea (Rs. 15,000 for improvement of roads), Darjeeling (Rs. 50,000 for sewerage) and Kurseong (Rs. 35,000 for water-supply).

31. On the 31st March 1911, 78 municipalities, as against 82 in the previous year, had outstanding liabilities on account of unpaid bills and unfinished works amounting to Rs. 1,02,304, which represented 3·5 per cent.

of their current demand. It is satisfactory to note that the number of municipalities in which the liabilities exceeded the closing balance fell from 10 to 5, namely, Baduria, Debhatta, Jajpur, Balasore and Chaibassa. The excess was most marked in Balasore, which had liabilities amounting to Rs. 5,599, against a closing balance of Rs. 509. This result is a legacy from recent mismanagement, the effects of which are only gradually being rectified.

32. *Audit of accounts and embezzlements.*—Embezzlements occurred in the municipalities of Maniktala, Halishahar, Rajpur, Gaya, Monghyr and Sahebganj. Convictions were secured in respect of the defalcations in the Halisahar and Sahebganj Municipalities while in Gaya a trial was in progress. The accounts of the Maniktala municipality had fallen into most discreditable confusion, and the Municipality was instructed by the District Magistrate to prosecute its cashier. The record of the year is far from satisfactory.

33. Viewing the municipal administration of the year as a whole, it appears that in the Burdwan Division the two worst managed towns are Burdwan and Midnapore, though better results might have been expected, looking to the state of education in them. Of the Midnapore Municipality in particular, it is said that it has failed to perform its duties efficiently in almost every branch of its work. Uttarpara and Kotrung suffer noticeably from the existence of party feeling, and in the Presidency Division a similar remark is made as regards Taki, Baduria and North Dum Dum. The remarks in this latter division as to the results achieved are generally favourable, though affairs in Maniktala were mismanaged. The District Magistrate of the 24-Parganas characterises the standard of work in the mill and suburban municipalities as, on the whole, remarkably good. The Commissioner comments upon the persistent tendency to raise establishment charges unduly, some Rs. 4,000 having been so added during the year. In the Patna Division, looking to the attitude of the Patna Municipality with reference to the imposition of a latrine-tax and its apathy as regards the proposed flushing scheme of which the town was only asked to find about one-fifth of the cost and has hitherto failed to do so, the commendation of the local officers can scarcely be endorsed. The Commissioner emphasises the crying need of a flushing scheme at Arrah, and the attention of the Sanitary Engineer will be called to his remarks. The Commissioner of Bhagalpur condemns the administration of the Bhagalpur and Madhupur Municipalities, and the administration by the former of their water-works has been noticeably dilatory and unsatisfactory, in spite of liberal assistance given by Government. In the latter it was found necessary to appoint the Subdivisional Officer to be Chairman in order to put an end to quarrels. In Chota Nagpur the management of the municipal offices at Purulia and Chaibassa was lax. Elsewhere the general comments made for the most part recognise the maintenance of a fair standard of efficiency.

34. As stated last year the municipalities of Burdwan, Howrah, Cossipore-Chitpur and Maniktala were allowed a free hand in the preparation of their budgets, and as regards the two latter the Commissioner states that the discretion was not abused. No remarks are offered in the remaining two instances, although the point is one which is deserving of special comment and should be dealt with in future years.

35. The acknowledgments of Government are due to the following gentlemen, whose names have been mentioned by Divisional Commissioners, for the good work done by them:—

BURDWAN DIVISION.

Babu Dol Gobinda Chattarji, Vice-Chairman, Asansol Municipality.
" Jogendra Nath Mukharji, Chairman, Ramjibanpore Municipality.
" Gokul Nath Sen, Vice-Chairman, Hooghly-Chinsura Municipality.

36. The Bengal Municipal Act (Act III of 1884) has now been in force for rather over a quarter of a century, and some statistics showing the development of municipal government within that period may not be without interest. The total number of municipalities in the Province as now constituted, has risen from 102 in 1885-86, with a population of 2,226,900, to 130 containing 2,561,409 inhabitants. The proportion of rate-payers (16·6 per cent. during the year under review) has remained remarkably constant. The elective system is now in force in 98 municipalities, in comparison with 83 in 1885-86. The total municipal income (exclusive of the opening balance and receipts under "Extraordinary and Debt") has increased from Rs. 21,33,971 in 1885-86 to Rs. 55,62,397, this result being largely due to enhanced grants and contributions given in recent years. The revenue under rates and taxes has grown from Rs. 16,79,816 to Rs. 38,25,816, but is now only 68 per cent. of the total income, in comparison with 78 per cent. in the earlier year; grants and contributions have sprung from a modest Rs. 29,132 or, 1·4 per cent. of gross income, to Rs. 10,28,748, or 18·5 per cent. It is, perhaps, not always recognised that municipal resources are aided to this large extent. The receipts from municipal property and powers other than taxation now amount to Rs. 4,92,778 as against Rs. 1,12,467, but realisations under special Acts have made slower progress (from Rs. 69,889 to Rs. 98,372). The total expenditure (excluding "Extraordinary and Debt" and expenditure from loan funds) is now Rs. 47,85,394, in comparison with Rs. 22,00,509 in 1885-86, and the expansion

under various main heads will most easily be appreciated from the following figures:—

	1885-86.		1910-11.	
	Amount.	Percentage of total.	Amount.	Percentage of total.
	Rs.		Rs.	
Establishment	2,53,161	11·5	3,66,294	7·6
Lighting	1,21,105	5·5	2,92,346	6·1
Water-supply	63,080	2·8	3,75,875	7·8
Drainage	50,046	2·2	4,51,828	9·5
Conservancy	5,78,553	26·2	14,31,108	30·0
Medical	1,47,141	6·6	6,65,824	13·9
Public Works	4,90,461	22·2	8,15,485	17·0
Education	78,567	3·5	1,60,373	3·4

The heads which have shown the largest proportionate development are Water-supply, Drainage and Medical, and as was pointed out in Resolution No. 1352 San., dated the 22nd July 1911, dealing with the report of the Sanitary Commissioner for the year 1910, 19 municipalities now possess water-works which serve rather over half a million people, and which cost approximately Rs 48 lakhs, while 20 towns have been provided with improved drainage works at an outlay of some Rs. 16¼ lakhs. Much still remains to be done in these directions, but looking to the fact that it is mainly recently that the pace has been quickened under the stimulus of liberal grants-in-aid, an appreciable progress can be chronicled.

The thanks of the Lieutenant-Governor in Council are due to all the gentlemen, official and non-official, who have given their services to the work of municipal administration during the year.

By order of the Lieutenant-Governor in Council,

H. WHEELER,

Secretary to the Government of Bengal.

RESOLUTION REVIEWING THE REPORTS ON THE WORKING OF DISTRICT BOARDS IN BENGAL DURING THE YEAR 1910-11.

MUNICIPAL DEPARTMENT—LOCAL SELF-GOVT.

Calcutta, the 22nd November 1911.

RESOLUTION—No. 1452L.S.-G.

READ—

The Reports from the Commissioners of Divisions on the working of District Boards in Bengal during the year 1910-11.

THERE was no change in the number of District and Local Boards in existence during the year, but as the result of the orders directing an examination of existing unions with the view of eliminating the failures and constituting further committees, new unions were formed at Nawada and Jahanabad in the district of Gaya, and at Kasba in the district of Purnea, with effect from the 1st April 1911, while four unions in Balasore were abolished and that at Bhadrak reconstituted.

2. *District Boards.—Number of meetings and attendance of members.*—District Boards held 452 meetings in all during the year, as compared with 397 in that preceding, of which 21 were adjourned or proved abortive for want of a quorum, as against 12 in 1909-10. All the District Boards, with the exception of that at Sambalpur, met at least once a month. The request that the Sambalpur Board will meet at least once a month has been made on more than one occasion, but apparently without result, and the Commissioner is again requested to insist upon compliance with the wishes of Government.

The average percentage of attendance of official members throughout the Province was 65, and of non-officials 53, but in the district of Patna the officials, and in those of Murshidabad, Champaran, Muzaffarpur, Sambalpur and Manbhum the non-officials, were noticeably irregular in their presence at meetings, and attempts should be made to effect an improvement.

Steps were taken to increase the non-official representation in the District Boards in the Tirhut Division, by raising the membership of the Champaran, Muzaffarpur and Darbhanga District Boards by 4, 7 and 1, respectively, the additional vacancies thus created being given to non-official Indians.

3. *Local Boards.—Number of meetings and attendance of members.*—During the year 856 meetings were held by Local Boards, of which 56 failed for want of quorum, while 33 Local Boards failed to meet at least once a month. No explanation has been given of the reason of the omission of the Northern and Southern Zamindari Local Boards in Sambalpur to hold more than two and three meetings, respectively, although the attention of the Commissioner of the Orissa Division was drawn to the facts in last year's Resolution; the submission of a special report is now requested. The Dhanbaid Local Board in Manbhum met only twice during the year, but the Commissioner of the Chota Nagpur Division has issued instructions to remedy this defect in future. The Local Boards of Meherpur and Bargarh held only four and three meetings, respectively, and the respective Commissioners are requested to enforce a keener attention to business in these instances. There are other cases noticeable of irregularity in this respect, particularly in the Presidency Division, and the whole subject of the relations between the District and their subordinate Local Boards is at present occupying the attention of Government in connection with the report of the Royal Commission on Decentralization. Orders will shortly issue which will, it is hoped, enhance the status of the latter bodies, and by giving them more responsible functions to perform ensure a greater degree of public spirit on the part of their members.

As in the case of District Boards, the percentage of official attendance (59) was perceptibly better than that of non-officials (49), but at Burdwan, Satkhira, Arrah, Cuttack and Balasore the officials absented themselves in too large a proportion, and the same may be said of the non-officials at Suri, Midnapore, Aurangabad, Arrah, Sitamarhi, Puri, Bargarh, the Northern and Southern Zamindaries Sambalpur) and Dhanbaid.

The membership of the Siwan, Gopalganj, Hajipur, Sitamarhi and Samastipur Local Boards was raised to 10 in each case, and the extra places so created were filled by non-official Indians, except in Gopalganj, where no such suitable candidates were available.

4. *Elections.*—General elections were held only in the districts of Hooghly, the 24-Parganas and Khulna. The elections failed in the Hooghly thana as no candidate was nominated in time, and in two thanas of the Arambagh subdivision for lack of voters. In Khulna the elections failed in six thanas for want of the requisite number of voters and eligible candidates. The question of extending the elective system to Local Boards in the districts of Bihar is under consideration, but the failure of voters to realise their responsibilities in places where the system is now in force, and which are presumably more advanced, is not encouraging.

5. *Union Committees.*—The number (52) of union committees nominally remained unchanged, but since eight unions possessed no income they practically ceased to exist. The aggregate income of these bodies (excluding the opening balance) amounted to Rs. 21,436 in comparison with Rs. 20,762 in 1909-10, while the expenditure rose from Rs. 18,683 to Rs. 20,217. The contributions from District Boards (Rs. 18,166) practically constituted the sole source of income of these bodies, and if they are ever to be of any value at all, it is essential that these grants should be increased, the committees being encouraged, in recognition of this concession, to utilize their powers of taxation, although this need not be made an absolute condition. If Rs. 1,000 be considered as a reasonable income, for the expenditure of which it is worth while constituting a special authority, only two unions satisfied that qualification, while only 17 others possessed incomes in excess of Rs 500. The Lieutenant-Governor in Council trusts that the latter sum will be regarded as a minimum by all District Boards, and that the existing grants may be enhanced (where necessary) at least to that amount. It is not admitted that the resources of District Boards will not permit of such action; the largest number of unions in one district (Khulna) is eight only, and there the condition is complied with; Burdwan, which stands second on the list, distributed Rs. 800 only to four unions, and so on in other cases. The income derived from each union from Road Cess should be ascertained and the existing grant compared with it. It is absolutely useless to urge the extension of the system of village committees unless resources are placed at their disposal sufficient to permit of their executing some works of utility, and at first they must necessarily rely mainly upon the District Boards. At present the working of unions is condemned from year to year, whereas, as a matter of fact, they have had little or no work to perform, and the experiment is of such importance, if village government in Bengal is ever to become a reality, that the Lieutenant-Governor in Council trusts that it will no longer continue to be handicapped by the financial difficulties which have so far impeded it.

6. *Financial results.*—The year opened with a gross credit balance of Rs. 23,99,699, and the total receipts of District Boards from all sources amounted to Rs. 78,09,239. The total amount available for expenditure was thus Rs. 1,02,08,938, of which Rs. 76,58,355 was spent during the year, leaving a closing balance of Rs. 25,50,583. The income and expenditure under the main heads of account during the past two years are compared below:—

7. *Income—Provincial rates (Rs. 37,84,032).*—The income realized under this head showed an increase of Rs. 1,74,240 in comparison with the previous year, which, in its turn, had exhibited an enhancement of income by Rs. 1,21,378. This result was common to all divisions. The largest increase (Rs. 64,888) occurred in the Tirhut Division. The improvement is generally ascribed to the collection of arrears, and in a few instances, to the revision of assessments. In Ranchi the Maharaja of Chota Nagpur was a heavy defaulter, and greater punctuality in payment should have been insisted upon.

8 *Police (Pounds) (Rs 3,26,712).*—The total number of pounds maintained increased from 2,857 to 2,900, while the income under this head fell in fourteen districts and rose in the remainder, resulting in a net decrease of Rs. 10,013 The largest falling off (Rs. 3,508) occurred in Nadia, and is attributed to lack of competition. In Muzaffarpur four pounds of which no settlement was effected during the last three years were closed. The system of triennial settlement will be tried in the current year in Birbhum, Bankura and Jessore In the Bhagalpur Division the opinion is expressed that better results are secured by annual sales, but there is little to show that this opinion is well founded, while on the other hand there is the success achieved in the Tirhut Division by the adoption of a longer term. The Commissioner of Chota Nagpur draws attention to the unsatisfactory character of the men with whom settlements are now not infrequently effected, and everything which will attract a more substantial class of lessee, with a more permanent interest in their pounds, is advantageous.

9. *Ferries (Rs. 3,66,093).*—The receipts from ferries rose in 20 districts and fell in 8, resulting in a net increase of Rs. 24,861. The largest enhancement (Rs. 9,086), which was secured in Darbhanga, was due to the introduction of settlements for three years accompanied by the deposit of three months' rent in advance. In fact the system of settling ferries for a longer term than one year appears to be much more generally in force than in respect of pounds, and in the 24-Parganas *ghâts* are settled for five years at a time.

There are now five bridges in the Province on which toll bars have been established—one in the Presidency Division and four in Tirhut—and the system appears to be working smoothly.

10. *Loans (Rs. 3,51,152).*—The District Board of the 24-Parganas received Rs. 1,71,152 as the last instalment of the loan for the Magra Hât Drainage Scheme, *plus* a further sum of Rs. 75,000, which had previously been surrendered. The Jessore District Board took a loan of Rs. 15,000 for the construction of bridges, and that of Darbhanga borrowed Rs. 90,000 for the repair of roads and bridges which had been extensively damaged by the floods of August 1910.

11. *Expenditure.—Administration (Rs. 2,15,044).*—The aggregate expenditure under this head increased by Rs. 1,509. The cost of "Office establishments" showed a decrease of Rs. 5,662, whereas that under "Contingencies"

rose by Rs. 7,168. It is to be hoped that the latter result was due to temporary causes only.

12. *Education* (*Rs 12,01,885*).—The total expenditure under this head exceeded that of the previous year by Rs. 2,382, the increase being shared by all divisions except Bhagalpur and Orissa. In the former the decrease was due to the transfer of the technical school from the charge of the Bhagalpur District Board to that of the Education Department; in the latter to various minor fluctuations. The maintenance and management of middle and primary schools were responsible for the expenditure of Rs 85,436 and of Rs. 1,87,364, as compared with Rs. 90,409 and Rs. 1,95,911, respectively, in the preceding year. The number of middle schools maintained by District Boards fell from 137 in the previous year to 134 during 1910-11, while the number of primary schools (102) remained stationary. Expenditure under the head "Grants-in-aid" exhibited an increase of Rs. 33,731 over that of 1909-10, which was accounted for by an increase in attendance of 23,173 boys and 3,269 girls. A complaint is made in Gaya of too frequent transfers among the inspecting staff, while the Commissioner of Orissa comments upon the tendency to convert middle vernacular into middle English schools without adequate provision for establishment, etc.

13. *Special schools.*—The number of special schools directly managed by District Boards was seven, in comparison with six in the preceding year, the management of the technical school at Midnapore having been taken over by the District Board. The total number of aided industrial schools (16) was two less than in the previous year. There was a noticeable increase of 243 in the number of "Other schools" aided by the Boards, but the explanation of this fluctuation cannot be gathered from the reports. The peripatetic weaving staff maintained by the Darbhanga District Board failed to arouse any interest among the people, in spite of an extended trial, and was reduced to one weaver stationed at Darbhanga; apparently the experiment might a well be discontinued entirely.

14. *Medical* (*Rs. 14,32,207*).—The total expenditure under this heads exhibited an increase of Rs. 14,561 over that of the previous year, which was shared by all divisions, except Bhagalpur and Patna. In the former the decrease was slight, being caused by smaller plague expenditure in Monghyr. In the Patna Division the District Board of Shahabad was responsible for a decline of Rs. 7,739, which was chiefly due to reduced expenditure upon surgical instruments (since the Arrah dispensary was fully equipped in the preceding year), and also to the discontinuance of the District Board's contribution towards the maintenance of the lady doctor at Dumraon, the local Raj undertaking to defray the whole cost. In Patna and Gaya less expenditure was incurred in connection with plague operations.

The total number of dispensaries maintained by District Boards (168) remained unchanged, subject to minor fluctuations in individual districts, but there was an increase of three in the number (141) of those in receipt of grants-in-aid. There is still room for considerable expansion in this direction, before it can be said that the wants of districts have been fully met. A floating dispensary started by the Khulna District Board in conjunction with the Forest Department in the Sundarbans was not a success. The scheme of deputing medical officers to local markets for the distribution of medical aid was continued in Hooghly, Midnapore, Patna, Bhagalpur, Purnea and Palamau, and attention is once again directed to the desirability of extending this system. The expense involved is not great, and medical facilities are thus placed within reach of people to whom they are otherwise likely to be inaccessible. The District Boards of Gaya, Saran, Darbhanga, Muzaffarpur and Balasore distributed medicine through itinerant doctors during cholera epidemics. The Murshidabad District Board, which at present only aids various dispensaries, is considering the question of maintaining institutions of its own, and as pointed out in connection with the reports of the previous year, there would appear to be ample justification for this course, which, it is hoped, will not be further delayed.

The information supplied regarding the distribution of quinine is still, with one or two exceptions, exceedingly fragmentary, and it is impossible to compare the results throughout the Province. In future reports clear statements should be given of the comparative consumption during the year under review and that preceding it, together with similar information as to the number of vendors employed, classified under different heads, *e.g.*, post-offices, police, school masters, etc. So far as they go, the figures show no

The most noticeable falling off was in the share of the 24-Parganas District Board of the profits from the Baraset-Basirhat Light Railway, but the Pattipukur extension has since been completed and an improvement is anticipated. The scheme for the proposed light railway from Krishnagar to Jellinghee in Nadia is awaiting the orders of the Government of India, while the construction of a light railway from Jessore to Jhenidah, with a branch from Kaliganj to Kotechandpur, was sanctioned during the year and the work has been taken up since its close. The question of constructing a light railway between Khulna and Bagerhat, which was dropped some years ago, was re-opened, and the matter is pending the result of the survey that is being made. The Patna District Board agreed to a 5-mile extension of the Bakhtiarpur Light Railway from Silao to Rajgir, and also to the construction of a new line from Futwa to Islampur (26 miles). In Shahabad the construction of the Arrah-Sassaram Light Railway was completed and the line was opened for traffic, as also was the Dehri-Rohtas Light Railway. The construction of the Samastipur-Roserah line was commenced by the Bengal and North-Western Railway Company, while the question of a light railway from Monghyr to Gangta *viâ* Kharagpur is still under the consideration of the District Board.

23. *Closing balance* (*Rs. 25,50,583*).—The aggregate closing balances of the different District Boards (excluding deposits) amounted to Rs. 22,23,364, against Rs. 20,39,069 in the preceding year. Palamau is the only district in which the closing balance (Rs 1,056) fell short of the minimum balance of Rs. 5,000, but the working margin retained by the Nadia District Board, which last year was Rs. 39 only, has been increased to a more suitable sum. The largest closing balance was that of the District Board of the 24-Parganas (Rs. 4,06,839), but this included Rs. 3,30,790 being the unspent balance of the loan for the Magra Hât Drainage Scheme and the contribution received from Government towards the Nawi-Sunthi drainage project. In Burdwan the large closing balance (Rs. 3,00,723) was attributed to unexpected receipts from the cess on mines and to the non-completion of certain works. The District Boards of Midnapore, Manbhum, Muzaffarpur and Darbhanga all showed balances of over one lakh, and since one of the principal reasons adduced is the failure to spend the budget allotment for civil works, their administration is open to criticism. The matter is one of very great importance, and the following account of the action taken by the Saran District Board, as described by its Chairman, is reproduced:—

"The District Board can, I think, congratulate itself on the fact that the standing reproach against most of the Tirhut and Patna District Boards, of not utilizing the income properly and allowing absurdly high balances to accumulate at the end of the year, was removed during the year. It was found that this was due principally to the fact that the District Engineer was always unable to execute his civil works exactly as provided for in the budget, generally owing to the failure of the contractors to work up to their contract; sometimes also to the impossibility of obtaining contractors at all, and sometimes to inability to acquire the land required in time. Towards the end of the year, the District Engineer generally found himself with a certain sum of money in his hands, which he was unable to spend. The matter was put before the Board and resolutions passed that the money should be spent in such and such a manner, but usually by the time this was done it was too late for the District Engineer to procure contractors, make bricks, etc, and the money passed unexpended into the closing balance. To prevent this, the Saran District Board decided at a meeting held early in the year that they would authorize the District Engineer to exceed the budget estimate, and execute works to the value of half a lakh of rupees that were not included in the budget estimate. The works had all been previously sanctioned, and were carefully selected by the District Board from among the sanctioned works pending. The District Engineer was authorized, if he found it was impossible to execute the works provided for in the budget for one of the reasons mentioned above, to undertake works in this supplementary list instead. The result has proved eminently satisfactory, since the closing balance, which at the end of the preceding year was Rs. 1,43,031, was Rs. 24,846 only; and this could have been reduced further by the payment of outstanding cheques, if it had been possible to know exactly on the 31st March what the actual cash amount standing to the credit of the District Fund was. The result is, I think, very creditable to the District Engineer, since the expenditure on civil works has been brought almost exactly to the budget requirements."

So long as the supplementary list of works is framed by the District Board, the procedure would appear to be useful, although it counteracts, rather than remedies, the failure to adhere to the budget programme. Nevertheless it is preferable that the income of the Boards should be expended upon useful works, even if these are not precisely those contemplated in the budget, than

that it should be idle. However, as the Commissioner of the Tirhut Division points out, the procedure violates the existing account rules, and the submission of a special report as to its working is requested, after completion of the further enquiries which are being made. The question should receive the consideration of other Boards, and if it is found that the system can be adopted without material relaxation of the control exercised by the District Board, it may be expedient to amend the rules.

24. The following Vice-Chairmen of District Boards have been commended by the local officers for good work during the year:—

Babu Banwari Lal Hati, Burdwan; Maulvi Muhammad Shams-uz-zoha, Khan Bahadur, Birbhum; Babu Bama Charan Rai, Bankura; Babu Atal Behari Sinha, Midnapore; Babu Kshirode Krishna Biswas, Hooghly; Rai Mani Lal Banarji Bahadur, 24-Parganas; Rai Biswambhar Ray Bahadur, Nadia; Babu Amrita Sekhar Mukharji, Murshidabad; Rai Amrita Lal Raha Bahadur, Khulna; Rai Radhika Charan Dutta Bahadur, Jessore; the Hon'ble Maulvi Saiyid Zahiruddin, Patna; Mr. A Halim, Gaya; Maulvi Izhar Hussain, Shahabad; Savid Hasan Meerza, Saran; Babu Adwita Charan Bose, Darbhanga; Mr. Morrison, Bhagalpur; Babu Gakulananda Chaudhuri, Cuttack; Babu Radha Charan Das, Balasore; Babu Bidhu Bhusan Banarji, Puri; Babu Digendra Nath Mukharji, Hazaribagh; Mr. S. C. Dey, Palamau.

The work of the District Engineers mentioned below has also been favourably noticed:—

Babu Gopal Lal Banarji of Hooghly; Mr. Maynard of Gaya; Mr. Edwards of Shahabad; Mr. Barton of Darbhanga; Rai Nanda Gopal Banarji Bahadur of Manbhum; and Rai Atul Chandra Banarji Sahib of Palamau

The Lieutenant-Governor in Council has much pleasure in recognising the services of these gentlemen.

25. There are few new features in the administration of the year. In the Presidency Division, the Commissioner notices complaints of delay and inefficiency, but observes that while the District Fund is not always spent to the best advantage the work of the Boards goes on smoothly. In Patna the appreciable extension of the system of light railways was a feature of the year. In Tirhut damage caused by floods very seriously affected the financial condition of the District Boards of Darbhanga and Champaran, and the Commissioner brings specially to notice the valuable assistance rendered to the Boards by the Planting Community. The Commissioner of Bhagalpur comments on the lack of attention shown towards questions of water-supply and sanitation in rural areas.

26. The Bengal Local Self-Government Act (Act III of 1885) came into force in 1886-87, but the statistics, in approximately their present form, have been compiled from 1889-90 only. In making a brief retrospect of the progress achieved, it is most convenient, therefore, to refer to the latter year. The units of administration—District Boards in most districts and Local Boards in most subdivisions—have remained unchanged, but in 1896-97, 48 union committees were started, in comparison with 52 in existence during the year under review. The receipts from Road Cess still constitute the mainstay of the income of District Boards, and amounted to Rs. 37,84,032 during 1910-11, in comparison with Rs. 23,92,355 in 1889-90 The only other appreciable sources of revenue are pounds and ferries. The former now yield Rs. 3,26,712 and the latter Rs. 3,66,093, as against Rs. 2,35,614 and Rs. 1,52,722, respectively, in the earlier year. The possibilities of enhancing the income under these heads are obviously limited, but since 1905-06 the resources of District Boards have been materially augmented by the very substantial annual contribution from Provincial revenues, equivalent to one-fourth of the net proceeds from Road Cess. The growth of expenditure under the main heads is shown by the following figures:—

	1889-90.	1910-11.	Percentage of growth.
	Rs.	Rs.	
Administration	1,77,673	2,15,044	21·0
Education	6,39,588	12,01,885	87·9
Medical	32,265	4,32,207	1239·5
Veterinary	Nil	66,977	
Buildings ...	28,188	1,58,703	463·0
Communications	21,29,668	33,48,291	57·2
Water-supply	6,596	1,46,328	2118·4
Arboriculture ...	Nil	54,046	

Veterinary work and arboriculture, figure, as entirely new objects to which the funds of District Boards are now devoted. Otherwise there is markedly greater attention now paid to Medical and Water-supply, though under neither head can it yet be said that all requirements have been met. The bulk of the outlay of District Boards is incurred on communications. In the mileage of metalled roads there has not been a great expansion—2,978 miles in 1910-11 as compared with 2,468 in 1889-90; unmetalled roads do not seem to have been classified throughout upon the same basis; the mileage is given as 19,340 in 1889-90, as compared with 18,879 *plus* 14,920 miles of village roads in the year immediately under review.

The crying want of all District Boards is an enhanced revenue, and development of Local Boards and village unions must continue to be hampered until that can be secured. Within the limits of its present resources, the administration continues to progress steadily and without friction, and the Lieutenant-Governor in Council desires to acknowledge the assistance of all who have contributed to that result.

By order of the Lieutenant-Governor in Council,

H. WHEELER,

Secretary to the Government of Bengal.

REPORT ON THE ADMINISTRATION OF THE ZOOLOGICAL GARDEN, CALCUTTA, FOR THE YEAR 1910-11.

NOTIFICATION.

No. 6335P.—The 24th November 1911.—The following extracts from the Annual Administration Report of the Zoological Garden, Calcutta, for the year 1910-11, and Government letter No. 6335P., dated the 24th November 1911, acknowledging the receipt of the report, are published for general information.

C. J. STEVENSON-MOORE,
Chief Secretary to the Government of Bengal.

THE Honorary Committee have the honour to submit their report for the year ending 31st March 1911,

* * * * * *

2. STAFF AND ESTABLISHMENT.

Mr. Bijay Krishna Basu continued in charge of the Garden as Superintendent throughout the year, and Babu Somadev Ganguli as Assistant Superintendent.

* * * * * *

3. BUILDINGS.

The following were some of the new works undertaken during the year:—

* * * * * *

(b) The new Monkey House.—The collection of monkeys having gradually increased, a circular brickbuilt house for delicate monkeys with a spacious wire and iron enclosure was constructed. It is divided into 12 compartments, each with an earthen floor, so as to allow the animals to live in what are as nearly as possible natural surroundings. The outer enclosure allows the inmates plenty of open air and space for exercise. The inner enclosure is protected with a tiled verandah, and is provided with snug dormitories which afford good shelter from sun and rain. The whole house is admirably planned, and the animals enjoy the place very much and are in splendid health.

(c) The recreation enclosure to the Small Carnivora House.—With a view to giving the smaller carnivora an opportunity of taking open air exercise by turns, an open air recreation enclosure was built behind the existing building. The enclosure is divided into six compartments. The floor is covered with sand, and each cage is provided with a bath. Opportunity has been taken in this connexion to improve the ventilation of the house, and large ventilation holes with iron gratings have been added to the dens.

* * * * * *

(e) The Barasingha Enclosure.—A new commodious shelter-shed for the Bárasingha deer has been erected. The old wooden one, which was unsightly, was removed, and the space in front was raised and the drainage improved.

* * * * * *

4. FINANCE.

The financial condition of the Garden is very satisfactory, and there is a steady increase in the receipts from visitors which amounted to Rs. 42,018-12 as against Rs. 36,088-4 of the previous year, thus showing an increase of Rs. 5,930-8.

The following is a comparative statement of receipts from visitors:—

Year	Receipts. Rs.	A.
1908-09	35,929	12
1909-10	36,088	4
1910-11	42,018	12

The amounts of income and expenditure are summarised in Appendix A.

5. VISITORS.

It is gratifying to report that the total number of paying visitors during the year was 537.122, an increase of 37,494 over the figure of the previous year This clearly indicates the increasing popularity of the Garden.

Among other distinguished visitors, Their Excellencies the Viceroy and Lady Hardinge visited the Garden several times and His Royal and Imperial Highness the German Crown Prince also honoured it by a visit during his stay in Calcutta.

Comparative table of visitors during the last three years:—

Year.	Visitors
1908-09	471,305
1909-10	499,628
1910-11	537,122

In addition, a large number of children under four years of age and school children attended by their teachers were admitted free. On the day of the Fancy Fair about 10,000 people entered the Garden. Besides these 47,139 persons visited the Garden on the free days. A list of free days showing the number of visitors is shown in Appendix C.

6. GARDEN.

The Garden has been kept up in excellent condition throughout the year. The lawns and paths are in good order, and the show of flowers has been a special attraction to visitors. It is also a pleasure to report that the Garden was awarded 8 first, 2 second, and 2 third prizes in the Alipur Agri-Horticultural Society's Flower Show held on 17th and 18th February 1911.

CONCLUSION.

The thanks of the Committee are due to the ladies and gentlemen who have added to the collection of the garden by their donations, a list of which is given in Appendix D. Thanks are also due to those who kindly offered to present animals to the Garden, but whose offers could not be accepted, either because the particular species of animal was already sufficiently well represented or owing to the want of accommodation.

The Committee also desires to express its sincere thanks to the Officers Commanding the 27th Punjabis for allowing their band to play free on Sunday evenings.

GENERAL SUMMARY.—Rain fell in all the districts of Lower Bengal, Chota Nagpur and Orissa except Cuttack and in Gaya, Shahabad, the Sonthal Parganas, parts of Patna, Saran, Champaran, Muzaffarpur, Monghyr and Purnea. There was no rain in Darbhanga, Bhagalpur, Darjeeling and Cooch Behar. The fall was generally light except in Shahabad, Hazaribagh, Ranchi, Palamau and Singhbhum, where it varied from 1·40 to 2·50 inches. Sowing of *rabi* crops and harvesting of winter rice continue. Some damage has been done to winter paddy by the recent rainfall in Bankura and Palamau. The damage in Hazaribagh is reported to be considerable. Some damage is also apprehended in Hooghly and Manbhum. The price of common rice has risen in Burdwan, Nadia, Jessore, Shahabad, Bhagalpur, Sambalpur, and has fallen in Birbhum, Murshidabad, Gaya, Saran, Champaran, Monghyr, Darjeeling, the Sonthal Parganas and Hazaribagh. Cattle-disease is reported from Bankura, Midnapore, Patna, Champaran, Monghyr, Bhagalpur, Angul, Sambalpur, Hazaribagh, Ranchi and Palamau. The supply of fodder and water is sufficient in all districts of the Province.
